Priority 5:

Incoming Calls:	4
Completed:	0
Dispatched:	0
Pending:	0
Cancelled:	4

% Answered Calls:	0.00%
--------------------------	--------------

Live Release:

BARC's live release percentage is calculated using the Asilomar Accords. This is the universally accepted method of reporting shelter intakes and outcomes. You can see more information and the complete report at: <http://www.houstontx.gov/barc/asilomaraccords>

Rescued Pets Movement=RPM, a nonprofit animal rescue group

BARC partners with over 150 nonprofit rescue groups. RPM is by far BARC's largest and most active rescue partner. BARC pays RPM \$75 for every animal they rescue. As BARC's first and only high volume rescue partner, RPM is an integral part of BARC's live release success.

Total Transfers- Does not include TNR and Community Cats

Animals Euthanized figure is adjusted to remove Owner Requested Euthanasia

Intake:

The total intake number represents a total of intakes of **dogs, cats, and other animal types**. This number may vary slightly from what is reported in Asilomar.

Over the Counter (OTC) = Animals turned in at BARC

Field = Animals that were picked-up by animal control officers

% Owner turn-in = Owned pets that were surrendered by residents, labeled EUTH REQ at intake.

% Other = Animals that were brought in by other means. For example, Confiscations, Houston Police, Evictions, or Emergency Evacuations

Spay/ Neuter Surgeries Performed:

Houston Partners data- This is collaborative effort between partners and the City of Houston to which provide an opportunity for residents to receive a low cost spay/neuter surgery, rabies vaccination, and microchip. Numbers reflect data collected at time of report from Chameleon database and partner invoicing. Invoicing data includes an average margin of 30 day delay. Microchips are administered by BARC or our Partners.

ACO Activity:

All calls for animal control support are queued using a priority matrix. Priority one calls are the most urgent while priority five calls are less critical.

"Dispatched" and "Pending" calls are in a queue waiting for a response. While the call may not have been completed at the time of this report, there is an expectation of a disposition; therefore, these categories are included in the answered calls calculation.

Cruelty Confiscations = The number of animals picked-up as part of a cruelty investigation
