RE: Gulfgate Redevelopment Authority – Sims Bayou Area Community Improvements Project Support

Dear Representative Green,

I am pleased to support the Sims Bayou Park Community Improvements Project.

The project involves the construction of a shared use path and trail, a community access/parking area, natural and native stormwater mitigation improvements, wayfinding, and neighborhood connectivity access elements. These enhancements will build upon the ongoing improvements along Sims Bayou while providing increased access to and within the area.

Additionally, this project sets a strong foundation for future developments and additions to Sims Bayou Park. By building upon the success of this initiative, we can continue to meet the evolving needs and preferences of community members while ensuring Sims Bayou Park remains a cherished space for generations to come.

Thank you very much for your partnership and collaboration in this very important project for our community.

Thank you for your consideration,
