Re: Midtown Redevelopment Authority – Midtown Houston Roadway and Sidewalk Rehabilitation

Dear Congresswoman Fletcher,

I am pleased to support the Midtown Redevelopment Authority's Community Project Funding application for the Midtown Houston Roadway and Sidewalk Rehabilitation (Project).

This project will upgrade aging streets at various locations in Midtown to improve mobility and multimodal infrastructure. The proposed improvements will maintain all existing travel lanes, enhance pedestrian accessibility, and improve overall roadway conditions. Specifically, the project includes repairing damaged sidewalks, expanding undersized sidewalks to meet current ADA and City of Houston requirements, and milling and overlaying aging streets to improve pavement conditions.

Funding the Project advances the recommendations set forth in the Midtown Safety Action Plan, Midtown Mill and Overlay Priority Map, and Midtown Sidewalk Assessment Plan. Ultimately, these improvements will enhance safety, increase accessibility, and support mobility for all roadway users.

Please accept this letter as documentation of support for the Midtown Houston Roadway and Sidewalk Rehabilitation Project. This project is critical to the Midtown community's quality of life, aligns with recent planning efforts, and complements ongoing and planned investments by the Midtown Redevelopment Authority and the City of Houston.

Thank you for your support of this project and our community
