

APPLY FOR CERTIFICATIONS

Vendors interested in working with the City of Houston and other entities can take advantage of two certifications. Section 3 Residents and Business Concerns are qualified low-income residents or businesses certified by the City's Housing and Community Development Department (HCDD) who receive employment, training, and networking opportunities. Disadvantaged businesses can also become certified as Minority- or Women-Owned Small Business Enterprises (MWSBEs) through the City's Office of Business Opportunity. CONNECT WITH US IN THE COMMUNITY

Are you interested in helping HCDD promote economic and employment opportunities?

Are you, or anyone in your community, interested in contract, employment, or training on City of Houston projects?

Are you already certified as a Section 3 resident or business concern, or as a Minority- and Women-Owned Small Business Enterprise?

If you answered yes to any of the above questions, we want to connect with you.

Our department hosts several events throughout the year to promote personal and professional development.

We are always looking to attend community events as vendors and to highlight the great work that certified businesses are doing in our community. If you are interested in connecting further with our team, please contact hcdcontractcompliance@houstontx.gov
