

# I SERVED OUR COUNTRY. CAN I BE YOUR NEIGHBOR?

## FACT:

A veteran receiving 100% disability earns **\$2,915** in monthly military benefits and can reasonably afford **\$875** a month for rent or mortgage. A market rate one-bedroom unit at **\$871** a month is their only option since they cannot afford the median monthly cost of **\$1,495** to own a home in Houston. Veterans fought for our freedoms — but the majority of homes in Houston are out of their reach.
