2. Areas of Greatest Need

Map Submission

The map (the "NSP Map") generated at the "HUD NSP3 Mapping Tool for Preparing Action Plan" website is attached hereto as Appendix A.

Data Sources Used to Determine Areas of Greatest Need

Describe the data sources used to determine the areas of greatest need.

Response:

The City of Houston used several data sources to determine the areas of greatest need included the mapping tool with census track foreclosure indicators and the flood plain map.

Determination of Areas of Greatest Need

Describe how the areas of greatest need were established.

Response:

Using the HUD mapping tool, the City of Houston (the "City") ensured that the areas of greatest need identified on the NSP Map had a minimum foreclosure score of 17 (State of Texas has an overall foreclosure score of 16) or above. The City overlaid the flood plain map to ensure that it will not fund projects in target areas that are located in the flood plain. The City identified areas whose homes may start decreasing in value due to high rates of foreclosures in the communities surrounding these areas. The City has determined that its areas of greatest need include most, if not all, of the areas with the highest percentages of homes financed by subprime mortgage related loans.

3. Definitions and Descriptions

Definitions

Term	Definition
Blighted Structure	A residential or commercial building that exhibits an extensive level of physical decline or decay.

Affordable Rents	HOME program rents will be used for projects funded by NSP3. These are updated annually by the U.S. Department of Housing and Urban Development. HOME Program rent limits are available at www.hud.gov .
------------------	---

Descriptions

Term	Definition
Long-Term Affordability	The City has adopted the HOME Program affordability standards to meet the continued affordability standards of the Neighborhood Stabilization Program ("NSP"). Utilizing these standards, the City will ensure that all NSP3-assisted housing remains affordable to individuals or families whose incomes do not exceed 120 percent of area median income. These standards require that rental and homeownership housing must remain affordable for 5 to 20 years, depending on the amount of NSP3 funds invested in the housing unit. Long-term affordability will be enforced through rental and deed restrictions, including resale/recapture provisions. The City shall ensure, to the maximum extent practicable and for the longest feasible term, that the redevelopment of abandoned and /or foreclosed upon residential properties remains affordable.
Housing Rehabilitation Standards	The City is currently developing its minimum property standards for multifamily new construction and rehabilitation projects.

4. Low-Income Targeting

Low-Income Set-Aside Amount

Enter the low-income set-aside percentage in the first field. The field for total funds set aside will populate based on the percentage entered in the first field and the total NSP3 grant.

Identify the estimated amount of funds appropriated or otherwise made available under the NSP3 to be used to provide housing for individuals or families whose incomes do not exceed 50 percent of area median income.

Response:

Total low-income set-aside percentage (must be no less than 25 percent): 25.00%

Total funds set aside for low-income individuals = \$ 847,258.75

Meeting Low-Income Target

Provide a summary that describes the manner in which the low-income targeting goals will be met.

Response:

The City of Houston will use legal agreements and income verification to insure that single family and/or multifamily projects developed with NSP3 funds meets these low-income housing targeting goals.

5. Acquisition and Relocation

Demolition or Conversion of LMI Units

Does the grantee intend to demolish or convert any low- and moderate-income dwelling units (i.e., ≤ 80% of area median income)?	Yes
---	-----

If yes, fill in the table below.

Question	Number of Units
The number of low- and moderate-income dwelling units—i.e., ≤ 80% of area median income—reasonably expected to be demolished or converted as a direct result of NSP-assisted activities.	40
The number of NSP affordable housing units made available to low-, moderate-, and middle-income households—i.e., ≤ 120% of area median income—reasonably expected to be produced by activity and income level as provided for in DRGR, by each NSP activity providing such housing (including a proposed time schedule for commencement and completion).	40
The number of dwelling units reasonably expected to be made available for households whose income does not exceed 50 percent of area median income.	10

6. Public Comment

Citizen Participation Plan

Briefly describe how the grantee followed its citizen participation plan regarding this proposed substantial amendment or abbreviated plan.

Response:

The City of Houston is currently planning two upcoming public hearings to inform the community of the details of the proposed NSP plan. A public notice was posted in the Houston Chronicle to receive comments from Saturday 2/12/2011 through Monday 2/28/2011. In addition, the public notice and the working draft of this application were posted to the HCDD website as of 2/11/2011.

Summary of Public Comments Received.

There will be a public hearing held on March 23rd to inform the public of the current plan and allow for public comments.

Appendix B
NSP3 Public Notice

PUBLIC NOTICE

The City of Houston's (City) Housing & Community Development (HCDD) proposes to amend its 2010-2014 Consolidated Plan and Action Plan to include funding that has been allocated to it under the Neighborhood Stabilization Program (NSP) enabled by the Dodd-Frank Wall Street Reform Act and Consumer Protection Act of 2010 (NSP3). The Department has determined that for NSP3, the states and local governments with the greatest need for neighborhood stabilization funding are those communities that have high numbers of foreclosed and/or vacant properties in the neighborhoods with the highest concentrations of foreclosures, delinquent loans, and subprime loans. The United States Department of Housing and Urban Development (HUD) has notified the City of Houston of its rights to submit an action plan under an application for \$3,389,035 in NSP3 funds.

Under NSP3 rules, these funds must be used to assist households that earn up to 120% of the Area Median Income for the Houston Metropolitan Statistical Area (MSA). It is further noted that 25% of the total allocation must be set aside to assist people who earn less than 50% of the Area Median Income for the Houston MSA.

HCDD, on behalf of the City proposes to budget the allocation to the following combination of eligible activities and in the amounts as follows:

Single Family Acquisition Rehabilitation	\$ 1,713,035
Multifamily Acquisition and Rehabilitation	\$ 1,000,000
Demolition	\$ 338,000
Administration	\$ 338,000
Total	\$ 3,389,035

The public is invited to comment on this proposed amendment to the 2010 Consolidated Plan and 2010 Annual Action Plan for a period of 15 days, from Saturday February 12, 2011 through Monday, February 28, 2011. Contact Deidre Rasheed (Deidre.Rasheed@HoustonTX.gov) or Peggy Colligan (Margaret.Colligan@HoustonTX.gov) for more details. You may also call (713) 868-8300.

Appendix C:
Summary of Public Comments

February 24, 2011

James Noteware, Director
City of Houston
Housing and Community Development Department
P.O. Box 1562
Houston, Texas 77251-1562

Dear Mr. Noteware:

The Corporation for Supportive Housing (CSH) is a national nonprofit organization and community development financial institution that helps communities create permanent housing with services to prevent and end homelessness. CSH opened its Texas hub in 2008 and recently expanded to offer more direct technical assistance in the Houston/Harris County area. CSH is pleased to submit these comments on the draft NSP3 action plan, and welcomes the opportunity to provide additional recommendations and guidance in support of the community PSH initiative.

As you know, CSH was engaged by the Coalition for the Homeless of Houston/Harris County to complete a financial model for a Permanent Supportive Housing (PSH) Initiative. Many agencies came to the table to develop the model, including the Houston Housing and Community Development Department and the Harris County Community Services Department.

The model outlines the financial resources necessary to bring 1,750 units of permanent supportive housing and an additional 2,000 affordable housing units on-line by 2016. A minimum of \$3.5 million in NSP3 funding provided in combination by Harris County and the City of Houston is a critical component of the financing strategy.

Therefore, in response to the recently published NSP3 draft action plan, the Corporation for Supportive Housing would like to recommend the following modifications:

- (1) Increase the amount of funding directed toward rental housing to \$2.2 million (represents a pro rata distribution of \$3.5 million)
- (2) Establish a 25% set aside for permanent supportive rental housing (defined as deeply subsidized rental units with attached supportive services targeted to homeless individuals and families), and create scoring or funding incentives for developers to include PSH units in NSP-funded affordable housing developments

NSP funding is uniquely positioned to support integrated development of PSH units utilizing the 25% set-aside for households at or below 50% AMFI. The creation of incentives for these projects to include supportive housing units will be a first step in prioritizing PSH development to end homelessness in the City of Houston.

Additionally, the inclusion of PSH in integrated developments, particularly within the context of neighborhood stabilization, can be an effective tool to ensure project sustainability through increased occupancy rates, more stable rental revenue streams, and the presence of service providers on-site. PSH units, as defined, have fixed rental subsidy, guaranteeing affordability and operating income.

PSH can be an effective tool to end long-term homelessness when properly supported and cultivated within a community. It is essential for government agencies to prioritize federal and state resources to support the proliferation of PSH throughout the community. Modification to the proposed action plan as described will effectively achieve this desired outcome.

Thank you for your public service. CSH values the resources of NSP and other programs that are made available by your dedicated work.
