## ES-05 Executive Summary – 24 CRF 91.200(C), 91.220(B)

### 1. Introduction

**Overview.** The 2021 Annual Action Plan (Plan) is the second plan of the 2020-2024 Consolidated Plan (Con Plan). The City of Houston's (City) Housing and Community Department (HCDD) submits the Annual Action Plan to the U.S. Department of Housing and Urban Development (HUD), which serves as the application to received formula funding from HUD. This federal funding includes the Community Development Block Grant (CDBG), the HOME Investment Partnerships Grant (HOME), the Housing Opportunities for Persons with AIDS Grant (HOPWA), and Emergency Solutions Grants (ESG) that will be used to fund program to benefit income-eligible residents during City's Fiscal Year (FY) 2022/HCDD's Program Year (PY) 2021 (July 1, 2021 – June 30, 2022). In the Annual Action Plan, HCDD provides a concise summary of specific actions that will take place during the program year to address the priority needs and goals identified in the Consolidated Plan.

According to HUD, the primary objectives of the entitlement funds are to increase the availability/accessibility, affordability, and sustainability of decent housing, suitable living environments, and economic opportunity for low- and moderate-income Houstonians. As in the past several approved Con Plans, the 2020-2024 Con Plan funding priorities are divided into four categories designed to benefit low- and moderate-income Houstonians

- Affordable housing
- Supportive services
- Public improvements and infrastructure
- Economic development

The objectives of the 2020-2024 Con Plan are to

- Improve housing opportunities by creating and preserving decent, safe affordable rental and homeowner housing
- Expand sustainable homeownership opportunities for low- and moderate-income families
- Meet the needs of persons with HIV/AIDS and their families through the provision of housing, health, and support services
- Reduce homelessness by assisting individuals and families to stabilize in permanent housing after experiencing a housing crisis or homelessness by providing appropriate housing and supportive service solutions
- Enhance quality of life for residents by ensuring access to appropriate services
- Strengthen neighborhoods by investing in infrastructure, enforcement of safety codes, and public facilities that maximize impact by providing access to services
- Create and maintain healthy and safe environments and homes by removing health and safety hazards from homes
- Enhance the City's economic stability and prosperity by increasing opportunities for job readiness and investing in economic growth to increase the number of jobs or goods and services available
- Promote and ensure fair access to housing for all residents

Priorities and objectives from the 2020-2024 Con Plan align directly with HCDD's vision to create a city where everyone has a safe home they can afford in a community where they can thrive.

For each year of the Con Plan, the City is required to prepare an Annual Action Plan to inform residents and HUD of the City's intended actions during that particular year. At the end of each program year, the City must prepare a Consolidated Annual Performance and Evaluation Report (CAPER) to provide

information to HUD and residents about that year's accomplishments towards achieving the goals and objectives identified for that year.

## 2. Summarize the objectives and outcomes identified in the Plan

**Annual Objectives.** The Plan identifies programs and activities that will be used to meet HCDD's goals. As required by HUD, each activity is linked to one of three federal program objectives: 1) decent housing, 2) suitable living environment, or 3) economic development. Each objective is matched with one of three outcomes: 1) availability/accessibility, 2) affordability, or 3) sustainability. The annual activities that will enable HCDD to achieve these objectives and outcomes in PY 2021 are listed below.

### Decent Housing

Facilitate making decent housing more available, accessible, affordable, and sustainable for low- and moderate-income residents through

- Acquisition, rehabilitation, and new construction of multifamily properties
- Downpayment and closing cost assistance to increase low- and moderate-income persons' access to homeownership
- Single family home repair and development to preserve existing and expand new housing stock
- Lead-based paint testing and abatement activities
- Services to HIV/AIDS populations
- Homelessness prevention and rapid re-housing
- Rental assistance

### Suitable Living Environment

Make suitable living environments more available, accessible, affordable, and sustainable for low- and moderate-income residents through

- Building/rehabilitating neighborhood facilities
- Code enforcement
- Juvenile, youth, and childcare programs
- Supportive and transitional housing
- Support services for populations with special needs (e.g. elderly, persons with disabilities)
- Services for the homeless
- Health care education and services

### Economic Development/Opportunities

Increase access to economic opportunity for low- and moderate-income communities through

- Expansion of business products based on community need
- Business development services
- Job training and employment services for low- and moderate-income persons

## 3. Evaluation of past performance

**Past Performance.** During the last consolidated planning period, HCDD achieved many of the goals set for the period of July 1, 2015 to June 30, 2020. The following will review the goals and outcomes of the past five-year period through the close of the fifth year ending June 30, 2020.

**Table 1 – 2015-2019 Consolidated Plan Goals and Accomplishments**

## 4. Summary of Citizen Participation Process and consultation process

In the development of the 2021 Annual Action Plan, the Housing and Community Development Department (HCDD) planned an extensive citizen participation and stakeholder consultation process.

HCDD worked with a number of City departments, the Houston Housing Authority, non-profit organizations, and other stakeholders to ensure that the planning process was both comprehensive and inclusive. HCDD solicited information from other City departments, the private sector, non-profits, neighborhood-based organizations, and residents regarding existing conditions and strategies for addressing current needs.

HCDD recognizes that Houston residents are the center of, and partners in, the development and execution of these Plans. Opportunities for resident input were provided throughout the planning process through

- Publications and Postings
- Public Hearings/Open Houses
- Online Forums
- Housing Advocates Collective Meeting

## 5. Summary of public comments

HCDD has a variety of ways that staff members engage with the community members, organizations, and advocates regarding housing and community development activities, including accepting community feedback for the Annual Action Plan. For the 2021 Annual Action Plan, HCDD held two virtual public hearings in the fall of 2020 and two virtual public hearings in the spring of 2021. In the spring of 2021 there was a 30-day public comment period for the Draft 2021 Annual Action Plan.

A summary of resident comments from the Fall and Spring Public Hearings, along with a summary of HCDD's responses, is in *Appendix 5* of this document titled *Public Hearing Summaries*. Several commenters made comments at the public hearings and spoke about concerns regarding the increase of supportive services and economic opportunities within their communities, reducing affordability periods for program participants to help build generational wealth, outcome metrics used for code enforcement, building better communication networks with residents, and providing assistance to preserve the historical Freedman's Town. HCDD did not receive any written comments during the 30-day comment period about the Draft 2021 Annual Action Plan, as stated in *Appendix 7: Written Comments*.

## 6. Summary of comments or views not accepted and the reasons for not accepting them

HCDD considered all comments and views and did not send any responses specifically rejecting comments received.

## 7. Summary

During the next year, HCDD will build upon past experience, monitor community needs, and improve on new strategies striving to meet the goals set in this Plan. HCDD will continue to focus on using data-driven approaches and utilize various resident and stakeholder participation techniques to validate the needs and priorities set in the Consolidated Plan. Over the past year, many Houstonians were impacted by the COVID-19 pandemic, and HCDD created new programs and enhanced others to assist residents and neighborhoods. During the 2021 Program Year, HCDD will continue to support Houstonians that were impacted by the pandemic. HCDD continues to make great strides in addressing the community's needs and the Consolidated Plan priorities through community involvement, evaluating past performance, and responding to past experience with improved efficiency.

## AP-10 Consultation – 91.100,91.200(B), 91.215(L)

### 1. Introduction

The City of Houston (City) recognizes that partnerships with public and private entities are vital to the provision of effective assistance to the Houston community. Each strategy prioritized by the City is only accomplished through effective collaborations with community partners. These partners provide the expertise needed to ensure quality service provision, housing development, and neighborhood revitalization efforts.

In preparation for the 2021 Annual Action Plan, HCDD performed outreach to both residents and other stakeholders. These stakeholders included people who work with low- and moderate-income persons, persons with special needs, persons of protected classes, and those who live in low- and moderate-income areas.

Coordination and consultation with public and private agencies is important to the City when developing the Annual Action Plan. HCDD will continue to work with a number of City departments, the Houston Housing Authority, major non-profit organizations, and other stakeholders, to ensure that the planning process is both comprehensive and inclusive. HCDD obtains information from stakeholders and residents regarding existing conditions and strategies for addressing current needs.

HCDD strives to coordinate with private industry, businesses, developers, and social service agencies for public services and economic development programs. For instance, in PY 2021, HCDD will continue to work with the Houston Business Development, Inc. (HBDI), the Houston Redevelopment Authority (HRA), and Community Development Financial Institutions (CDFIs) to enhance businesses that create or retain jobs and expand services offered in low- and moderate-income areas.

In PY 2021, HCDD plans to sustain this meaningful input in order to strengthen programming during the consolidated planning process. HCDD will

- Continue to reach out to and consult with organizations listed in the table titled “Agencies, groups, organizations who participated” in this section of the Plan
- Seek new opportunities for collaboration and consultation to find innovative approaches to addressing pressing community issues and fair housing impediments, including COVID-19 impacts
- Participate in the process and advance community strategies to end chronic homelessness in Houston
- Host Housing Advocates Collective meetings open to any nonprofit working in housing or disaster recovery to increase collaboration between the public and nonprofit sectors
- Host Lunch & Learns about HCDD programs and activities that benefit Houston residents where residents and stakeholders can learn more information, ask questions, and provide feedback about these initiatives.
- Host weekly Office Hours to assist residents with questions, updates, and complaints

### Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City of Houston strives to partner with public and private agencies to ensure funding priorities are in line with current community development goals. HCDD is involved in many community collaborations with an aim to enhance coordination between housing and service providers in order to better serve the community.

HCDD continues to lead a community-wide effort to create deeply subsidized affordable housing units that are linked to mainstream and social supports, including primary and behavioral health care and housing in partnership with the City’s Health Department, Harris County Community Services Department, Houston

Housing Authority, Harris County Housing Authority, Houston Housing Finance Corporation, and the Coalition for the Homeless of Houston/Harris County.

HCDD will continue to seek out opportunities to strategize with a variety of groups to address short-term and long-term community needs. In addition, HCDD staff will meet with community groups and agencies throughout the year to solicit input regarding HCDD programs and to plan future activities.

In addition, HCDD will continue stakeholder engagements such as those listed in the following table “Agencies, groups, organizations who participated.” HCDD will also host public and private housing providers with private and government service agencies at periodic meetings.

### Describe the coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

HCDD continues to work closely with the Continuum of Care (CoC) and the CoC Lead Agency, The Coalition for the Homeless of Houston/Harris County (Coalition). HCDD holds a voting seat on the CoC Steering Committee. The CoC has completed a new strategic plan in 2021, which outlined new goals such as strengthening crisis response addressing racial equity, but the plan also retains the CoC’s historical focus to end chronic and veteran homelessness, including family and youth homelessness. To achieve this goal, HCDD has been actively receiving HUD technical assistance through the OneCPD Initiative. HCDD and the Special Assistant and Deputy Special Assistant to the Mayor for Homeless Initiatives, two full-time dedicated staff positions charged with developing strategies in coordination with local partners to end chronic homelessness in Houston, have taken a lead role in the regional planning efforts.

HCDD and the Mayor’s Office continue to lead the collaborative effort to develop permanent supportive housing for the chronically homeless, continuing to provide supportive services and using the coordinated access system to systematically identify and prioritize the most vulnerable chronically homeless persons for placement into permanent supportive housing. By standardizing assessment processes, the City of Houston can work quicker and more efficiently to end homelessness by appropriately addressing the needs of person who is in need of assistance.

In addition to addressing chronic homelessness, HCDD has actively participated in planning efforts to standardize and target homelessness prevention and rapid re-housing services. This has included updating program standards and common system outcomes, in partnership with Harris and Fort Bend Counties, the City of Pasadena, as well as the Texas Department of Housing and Community Affairs.

### Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The five local jurisdictions that comprise the CoC, including the City of Houston, Harris County, Montgomery County, Fort Bend County, City of Pasadena, and the Coalition for the Homeless of Houston/Harris County (Coalition) continue to meet regarding implementation of ESG changes associated with the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act. These meetings are referred to as the ESG Funders Workgroup, a group within the CoC structure which ensures that all members of the CoC are targeting funding toward continuum-wide goals. This group assists in updating and maintaining standards for both the provision of assistance and performance. These continuum-wide performance measures are used to evaluate performance and determine resource allocations based on data from HMIS. Agencies receiving funding from HCDD must receive verification of participation in this system as a threshold requirement for funding. In the CAPER, HCDD will evaluate and include information from HMIS about the outcome of projects and activities assisted with ESG funds.

The strategy developed in the Houston area for ESG homelessness prevention funds prioritizes people who are at-risk of homelessness and who have experienced homelessness in the past. The CoC has

developed a prioritization tool for homelessness prevention subrecipients of ESG funds. Families and persons in domestic violence situations are prioritized as those most at-risk of becoming homeless and in need of homelessness prevention assistance to achieve housing stability. The City of Houston, Harris County, Fort Bend County, and the Coalition for the Homeless of Houston/Harris County, coordinated ESG homelessness prevention and rapid re-housing strategies through the CoC.

ESG activity priorities will continue to be homeless prevention and rapid re-housing. Rapid re-housing activities will target those that: are first time homeless, have few recent episodes of homelessness, are part of a family that is homeless, and are fleeing/attempting to flee domestic violence.

HCDD plans to continue funding the Coalition in support of the operation and administration of HMIS. In addition, HCDD works with the Coalition and the CoC to ensure that policies and procedures are aligned with HUD requirements. As HCDD continues to develop its strategy for addressing funding priorities under the HEARTH Act, all work has been and continues to be done in coordination with the Coalition for the Homeless, the CoC - including its committees and workgroups, and other adjacent jurisdictions. Partners are actively working to align and braid resources across the jurisdictions in support of a single, standardized rapid re-housing and prevention model, with the ultimate goal of leveraging substantial private investment in the coming years to substantially increase the number of homeless families to be served.

## 2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

**Table 3 – Agencies, groups, organizations who participated**

Houston Housing Finance Corporation (HHFC)	Housing	Housing Strategy	HCDD regularly consults with HHFC on ways to efficiently deploy resources in the community. HHFC assists in implementing new multifamily development by providing bridge loans during the HCDD document preparation process. HHFC will continue to work with HCDD on new initiatives supporting economic development, including activities that address areas without full service grocery stores, also known as food deserts.

Agency/Group/ Organization	Agency/Group/ Organization Type	What section of the Plan was addressed by Consultation?	How was the agency/group/organization consulted? What are the anticipated outcomes of the consultation or areas for improved coordination?
Houston Land Bank	Other	Housing Strategy	HCDD consulted the HLB about affordable land acquisition as a component of the Single Family Home Development program. HCDD will continue to partner with HLB to obtain affordable land options.
TDHCA	Other government – Local	Housing Strategy Community Development Strategy Anti-Poverty Strategy	HCDD consulted with TDHCA about its allocation process for Tax Credits on new multifamily developments. HCDD plans to continue to consult with TDHCA to improve its process, as needed.
Way Home Funders	Regional organization Other: Partnership with Public/Private Organizations	Homelessness Strategy	To address homeless needs identified in the Consolidated Plan, HCDD has consulted with Funders Together, a public/private funding group that has participated in homeless planning efforts and has agreed to strategically invest resources to leverage public investment and help meet the CoC's goals.

### Identify any Agency Types not consulted and provide rationale for not consulting

HCDD contacted many organizations through various outreach techniques including meetings and e-mails to solicit input and participation in the planning process. HCDD believes that all critical agency types were consulted during the participation and consultation process and has not intentionally failed to consult with any particular agency.

### Other local/regional/state/federal planning efforts considered when preparing the Plan

**Table 4 – Other local / regional / federal planning efforts**

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Coalition for the Homeless of Houston / Harris County	The CoC's priorities and its Strategic Plan to End Homelessness directly correspond to HCDD's Strategic Plan goals related to homeless populations.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care's Priorities and Program Standards	Coalition for the Homeless of Houston / Harris County	The CoC's priorities and standards directly overlap with HCDD's Strategic Plan and are used by the City of Houston when developing standards for its ESG funding.
Livable Centers	Houston-Galveston Area Council	The Livable Centers Plans have been conducted in various areas of the City of Houston. Some areas overlap with HCDD's Areas for Community Reinvestment. The objectives of these Plans, including improving quality of life, overlap with HCDD's Strategic Plan's public facilities strategy.
Annual Plan	Houston Housing Authority	HHA's PHA plan provides details about agency operations and programs, including participants for the upcoming year. Both HHA and HCDD aim to help very low-income households secure housing.
Harris County Consolidated Plan	Harris County	HCDD's Consolidated Plan has many of the same goals as Harris County's Consolidated Plan including addressing homelessness and improving the quality of life of underserved and low- and moderate-income communities.
City of Houston's Capital Improvement Plan (CIP)	City of Houston Finance Department	Both the CIP and the Consolidated Plan address infrastructure needs in Houston.
2020 Analysis of Impediments to Fair Housing Choice (AI)	City of Houston Housing and Community Development Department	Both plans use housing and demographic data, as well as resident and stakeholder outreach, to determine city housing needs and barriers. The overall goal for the AI is to eliminate housing discrimination, and HCDD works hard to align all of its Con Plan goals with the AI.
Complete Communities	City of Houston Planning and Development Department	The City of Houston's Planning Department is working with ten neighborhoods that have been historically under-resourced to accomplish goals and priority projects and implement strategies that are transferable to other communities across the entire city. Providing access to quality services and amenities to improve underserved neighborhoods are goals that are part of both Complete Communities and the Consolidated Plan.
Local Housing Needs Assessment	City of Houston Housing and Community Development Department	The Local Housing Needs Assessment identified the full impact of Hurricane Harvey and what unmet needs were not addressed, as well as the gap in funding to restore Houston.
Resilient Houston	City of Houston Mayor's Office of Resilience	Resilient Houston is a framework for collective action and links existing efforts with new ones that will work collectively to protect Houston against future disaster from hurricanes and flooding to extreme heat waves and chronic stresses such as aging infrastructure, poor air quality, and climate change.
Climate Action Plan	City of Houston Office of Sustainability	The Climate Action Plan provides evidenced-based measures to reduce greenhouse gas emissions and preventative measures to address the negative outcomes of climate change. The plan will demonstrate how the City will adapt and improve its resilience to climate hazards that impact the city today as well as risks that may increase in the coming years.

## Narrative

HCDD consulted with the Texas Housing Group to gather and provide more strategic input in the upcoming years.

HCDD continues to work closely with other governments in the metropolitan area, the state, and the federal government to receive feedback for and implement the Consolidated Plan. HCDD works closely with HHA and Harris County to align funding objectives, especially objectives addressing homelessness. In addition, HCDD continues to participate in numerous conferences with the Texas Department of Housing and

Community Affairs (TDHCA) to align HCDD's objectives of ending chronic homelessness through developing permanent supportive housing with those of TDHCA. HCDD also continues to work closely with HUD officials at the local office. With the COVID-19 pandemic, HCDD has increased its efforts in partnering with local non-profits and government agencies to prevent the spread and ameliorate the impacts of the coronavirus.

## AP-12 Participation – 91.105, 91.200(C)

### Summary of citizen participation process/Efforts made to broaden citizen participation

HCDD recognizes that Houston residents are the center of, and partners in, the development and execution of the 2021 Annual Action Plan. The Citizen Participation Plan (CPP) establishes a means by which residents, public agencies, and other interested parties can actively participate in the development of consolidated planning documents, including the Annual Action Plan.

Using the CPP as a guide, HCDD seeks community involvement and provides residents with opportunities to become involved in the development of the Annual Action Plan. As input and comments are received, appropriate HCDD staff reviews and uses this information to ascertain the community needs and inform allocation priorities and programming goals. Opportunities for public input are provided during the entire planning process, from the development of the Annual Action Plan to the review of the draft document, through

- Publications and postings
- Public hearings
- Online Forums
- Housing Advocates Collective Meeting

HCDD publicizes all phases of the Plan's development to gather public comment. Promotional material for the fall open houses, such as public notices, were published in Spanish to broaden the knowledge about the planning process available to various groups including persons with limited English proficiency. Flyers and posters for the meeting were also available in other languages upon request. To develop the 2021 Annual Action Plan, HCDD conducted two open house and public hearings to gather input in drafting the plan and two open house and public hearings to solicit comments about the draft Plan. A full summary of the comments received during the public hearings can be viewed in *Appendix 5: Public Hearing Summaries*, along with a summary of HCDD's responses. Additionally, no written comments were received, as stated in *Appendix 7: Written Comments*.

In addition to the public hearings and other forums, HCDD staff has instituted several avenues where questions and feedback on programs and activities is not only welcomed, but also encouraged. For over a year, HCDD staff has hosted the Housing Advocates Collective meetings. These open meetings are held for community stakeholders to learn about HCDD's initiatives, to get updates on programs, and to give input on how to improve services and processes for residents. HCDD staff also holds monthly Lunch and Learns where HCDD staff provides information about HCDD initiatives to residents and stakeholders. To further efforts in citizen the HCDD staff also hosts weekly Virtual Community Office Hours where residents can connect with program representatives one-on-one to ask questions, give status updates for program applicants or participants, and express concerns.

**Efforts to Broaden Citizen Participation.** HCDD implemented a broad outreach campaign to promote public participation in the development of the 2021 Annual Action Plan. There was concerted effort to reach out to diverse populations including outreach to minorities, non-English speaking persons, persons with disabilities, and special needs populations. With the COVID-19 pandemic, community outreach efforts were limited to predominately virtual communication. The following is a summary of these efforts.

- The open house and public hearings were held virtually on several platforms like Adobe Connect, Microsoft Teams, HTV broadcast, HCDD's Facebook Live, and HTV's Facebook live to reach broader audience.
- Flyers for the open house and public hearings and the draft Plan were posted on local news station community calendars and HCDD's Facebook, Twitter, and Instagram pages.
- Advertised meetings with a summary of the draft plan in community newspapers, including *La Voz de Houston* and also in *The Houston Chronicle*, a newspaper of general circulation.

- Provided a Spanish interpreter for Spanish speakers with limited English proficiency and provided real-time captioning or American Sign Language Interpreters for persons who are deaf or have a hearing loss during the open house and public hearings.

# Expected Resources

## AP-15 Expected Resources

The City of Houston uses multiple resources to carry out activities that benefit low- and moderate-income residents. The City of Houston receives entitlement funding of CDBG, HOME, HOPWA, and ESG. HCDD administers the entitlement funding on behalf of the City of Houston. In addition to entitlement grant funds, HCDD receives state and local funding to address community needs as illustrated in the Expected Resources – Priority Table. Many City departments also receive funding that addresses needs listed in the Consolidated Plan, and HCDD works with these departments to leverage entitlement grant funds when possible.

**Table 6 – Anticipated Resources**

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 2				Expected Amount Available Remainder of Con Plan \$	Narrative Description

CDBG	public – federal	Acquisition Administration and Planning Economic Development Housing Public Improvements Public Services	25,028,984	157,395	0	25,186,479	73,500,000	CDBG funds finance housing, public facilities and improvements, public services, and economic development assistance activities. CDBG funds are combined with many public and private funds to create a greater impact in neighborhoods. When notices of funding availability are conducted, proposals that use CDBG funding to leverage other funding are preferred. CDBG funded activities conducted by other City departments use CDBG funding as match for other public funding or combine CDBG funds with federal, local, or private funding to implement programming.

HOME funds are leveraged with private and public funding sources to support homebuyer and multifamily rental development activities. HCDD's CHDO assistance are leveraged with the homebuyer's private mortgage and equity. The Multifamily Housing Program's activities are funded through a request for proposal process in which greater preference is given to proposals that have other sources of equity and financing.

## Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

HCDD will use a combination of public and private funding to carry out affordable housing activities during the period covered by this Plan. Through the Multifamily Housing Program, for-profit and non-profit developers partner with HCDD to build or rehabilitate affordable housing. Developers must use HCDD funding to fill financing gaps. Other development funding must be obtained through additional private and public sources, which may include the following

- Local Tax Incentives and Funding
  - Tax Abatement Ordinance
  - Tax Increment Reinvestment Zones (TIRZ) and TIRZ Affordable Housing Set-Aside
  - Homeless and Housing Bonds
- Federal and State Tax Incentives
- State Funded Bond Programs
- Private Sources

HCDD has been awarded several special grants and will be expending these funds during the next program year to address housing needs in the community, which include CDBG- DR2, CDBG-DR15, CDBG-DR16, CDBG-DR17, CDBG-MIT, CDBG-CV, HOPWA-CV, Emergency Rental Assistance Program, TERAP, and Homeless Housing Services Program (HHSP). HCDD will continue to research additional funding sources to promote and fund community development activities.

Non-housing community development activities also leverage HCDD federal funds to execute the activities identified in the Plan. Public service agencies utilizing CDBG, HOPWA, and ESG funds must provide some level of match. Other City departments funded with entitlement grants leverage these dollars with other resources. For example, HHD leverages CDBG funding with other federal grants for lead-based paint testing and remediation activities.

**HOME Matching Funds.** The City, as a fiscally distressed participating jurisdiction in the HOME Program, must match 12.5 cents for each dollar of HOME funds spent on affordable housing. The match must come from state or local, non-federal sources, and constitutes a permanent contribution to the HOME Program. Since July 2005, the City requires multifamily applicants to help generate this match. Rules regarding what can be counted as a match under the HOME Program are very specific; therefore, HCDD strictly adheres to and maintains compliance with 24 CFR 92.

The HOME match obligation may be met with any of the following sources

- Cash or cash equivalents from a non-federal source
- Value of waived taxes, fees, or charges associated with HOME projects
- Value of donated land or real property
- Cost of infrastructure improvements associated with HOME projects
- Value of donated materials, equipment, labor, and professional services

The match requirement for the City has been met with cash contributions from its Homeless and Housing Bond Fund and Tax Increment Reinvestment Zone (TIRZ) Affordable Housing Set-Aside funds, private donations from endowments and non-cash contributions including donated or reduced cost land. As reported in the 2019 CAPER, the excess HOME match carried over to the next federal fiscal year was \$31,919,139.86. Information regarding the match will be updated in the 2020 CAPER, which will be submitted to HUD in September 2021.

**ESG Match.** The ESG matching requirement is a one to one match and will be satisfied with CDBG funding from HCDD and both “in-kind” and private funding from subrecipients.

## If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Currently, there are no parcels of City owned land or property that will be used to address the needs identified in this plan. The Houston Land Bank (HLB) is a 13-member board appointed by the Mayor, City Council, Harris County, and the Houston Independent School District. HLB performs acquisition, assemblage, management, marketing, and disposition of properties that have been acquired by taxing authorities through foreclosure of delinquent ad valorem taxes. HCDD will partner with HLB to carry out affordable home development, which is a need identified in the Consolidated Plan. HCDD continues to explore ways to partner with other organizations to identify property for affordable home development.

## Discussion

While HCDD is responsible for the provision of services to low- and moderate-income Houstonians using the entitlement funds and one-time grants, HCDD cannot achieve these goals alone. There are many other organizations that carry out the strategies listed in this Plan using other federal, local, and private funding sources. For instance, other City of Houston Departments provide services to low- and moderate-income residents by utilizing funding from various sources. While some projects or actions may include primarily public funds, public funds alone would also be insufficient to achieve the goals of this Plan and private funds from individuals, non-profit organizations, and private organizations are needed. HCDD continues to work with other City Departments, local non-profit agencies, and various funding providers to develop coordinated strategies leveraging funding to assist low- and moderate-income persons and households.

## Goal Descriptions

	Goal Name	Goal Description
1	Preserve and expand the supply of affordable housing	The City will provide funding for several Programs that will include single family home repair and development activities, lead-based paint reduction activities, and new construction and rehabilitation of rental units. These activities will help to preserve and expand the supply of affordable housing in Houston.
2	Expand homeownership opportunities	The City will fund direct assistance for homebuyers to increase housing options for low- and moderate-income families.
3	Provide assistance to persons affected by HIV/AIDS	The City will provide funding for housing and services supporting persons who are affected by HIV/AIDS. This goal will also support the goal of reducing homelessness.
4	Reduce homelessness	The City will fund activities that will provide homeless prevention and rapid re-housing activities. It will also provide funding for various public service activities to support those in or at risk of becoming homeless.
5	Enhance quality of life	The City of Houston will provide funding for various public service activities that will expand or make these services more accessible to low and moderate-income or special needs persons.
6	Revitalize communities	The City will support activities that will enhance and preserve neighborhoods. Activities include code enforcement and public facility improvements.
7	Promote health and safety	The City will support activities related to promoting health and safety by removing environmental and health hazards. Activities include code enforcement activities, the removal of lead-based paints. This goal will support the City's efforts to revitalize communities.
8	Foster community economic development	The City will fund activities related to employment training, job creation, and business growth to help increase family's incomes and provide goods in services in low- and moderate-income areas.
9	Promote fair housing	The City will fund activities related to the promotion of fair housing through education, outreach, research, and other methods. Although CDBG administration funding will be used to carry out this goal, this goal will not correspond with a project in IDIS.

### Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b)

During PY 2021, the City of Houston expects to provide affordable housing as defined by HOME 91.215(b) in the following way

- The Multifamily Housing Program will construct housing predominately for households with an income under 80% AMI. Most households served by the Multifamily Housing Program are likely to be below 60% AMI to comply with tax credit rules and preferences.
- The CHDO set-aside single family home development program will provide homeownership opportunities to families earning less than 80% AMI.

*More information about types of affordable housing that will be available in the next year is provided in section AP-55 Affordable Housing.*

# Projects

## AP-35 Projects – 91.220(D)

### Introduction

Projects have been selected for inclusion in this Plan based on 2020-2024 Consolidated Plan priorities and public input. Projects align directly with HCDD’s primary initiatives: Eliminate Chronic Homelessness, Revitalize Communities, Foster Community Economic Development and Enhance the Quality of Life. During PY 2021, HCDD will engage in community development activities through increasing the availability and quality of affordable housing, the delivery of public services, investment in neighborhood facilities, and economic development opportunities.

A complete listing of projects and activities to be funded in PY 2021 can also be found in the Appendix of this document. Request for proposals will be conducted before and during the program year to choose locations and subrecipients for some projects.

## Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

HCDD has made allocations for PY 2021 based upon the priorities set forth in the 2020-2024 Consolidated Plan, citizen and community input, qualified responses to Request for Proposals and Notice of Funding Availability (NOFA), an analysis of prior years' budget and expenditures, and City Council direction. Additional factors that contributed to targeting funds to specific activities are

- The stated needs, analysis, and objectives in the 2020-2024 Consolidated Plan
- Priorities stated in each program's solicitation and award guidelines
- Compliance with HUD entitlement grants' (CDBG, HOME, HOPWA, and ESG) rules and regulations
- Cohesion with disaster recovery and COVID funds so that community needs are met efficiently

HCDD will continue to partner with the CoC and other organizations in the Houston area. Reducing homelessness is a priority for HCDD. It is expected in the next year that in the public services NOFA and the multifamily NOFA that one of the priorities that will be given to projects will include serving the homeless population, especially in a way that promotes permanent supportive housing.

HCDD strives to serve those most in need of assistance. The three main obstacles to meeting the needs of the underserved in Houston are the lack of resources, the lack of service or housing availability, and the lack of knowledge about programs. HCDD will work to leverage its resources with other agencies, assist families to grow their income and build assets, create and make available housing and service opportunities, and advertise available services in the community. More information about future actions to assist the underserved are included in the AP-85 Other Actions section of this Plan.

## AP-50 Geographic Distribution – 91.220(F)

### Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Maps in the Appendix illustrate the known locations of proposed federally funded projects and activities for PY 2021 relative to designated low- and moderate-income areas. Locations of the remaining PY 2021 projects and activities will be determined in detail after solicitation processes are completed and all subrecipients are identified.

Each year, HCDD staff analyzed indicators to create the Areas for Community Reinvestment to provide data-driven recommendations for projects and activities that will foster investment in select geographic areas (Super Neighborhoods) that demonstrate the most need. Six demographic and income characteristics of Houston’s eighty-eight Super Neighborhoods were considered in the analysis while developing the Areas for Community Reinvestment

- Low- and Moderate-Income (LMI) Population
- The Houston Land Bank Owned Lots
- Commercial Investment (HCDD Funded) Multifamily and Public Facilities
- Concentration of Multifamily Housing Stock (2018 ACS – 5-year estimates)
- Designated Demolition Sites
- City of Houston Capital Improvement Plan (CIP Projects)

In 2017, Mayor Sylvester Turner announced an initiative called Complete Communities. This City initiative was set to improve neighborhoods by working closely with residents to select and implement various strategies. The ten selected neighborhoods are historically under-resourced, have some level of community capacity, and have diverse populations and development patterns that will result in a variety of interventions that could scale up to become citywide.

The ten Complete Communities are a group of neighborhoods that represent a diversity of conditions and challenges. HCDD will prioritize public facility and multifamily housing in Complete Communities through the RFP/NOFA/application process.

### Rationale for the priorities for allocating investments geographically

The goal of the target areas is to take the limited funding HCDD receives and leverage it with private investment within these areas. Establishing specific areas allows HCDD to analyze indicators that best help to provide data-driven recommendations for projects and activities that will foster investment in selected geographic areas that demonstrate need and opportunity.

The intent is to ultimately arrest decline and bring about positive outcomes in historically underserved communities as well as to boost the enhancement of areas of opportunity while maintaining housing

affordability. These target areas may be applied to activities funded by HOME, CDBG, and the Section 108 Loan Guarantee Program. When reviewing projects for funding, HCDD staff may give special consideration to projects that fall within the boundaries of the Areas for Community Reinvestment or Complete Communities or leverage additional funding, such as State Housing Tax Credits. Funding for code enforcement activities will be geographically targeted to only Areas for Community Reinvestment. Other entitlement funds, mostly related to economic development, public facility improvements, and some housing activities will be prioritized in the target areas because these are neighborhoods that are most in need of public facility and economic development improvements, but some projects may also be funded in other areas of the City because of the great need in neighborhoods throughout the City.

## Discussion

The Planning and Development Department and the Mayor's Office for Complete Communities have performed and continue extensive outreach in each of the Complete Communities to civic leaders and residents, which includes small group meetings and local events as well as large public meetings. In consultation with the public, the city staff developed neighborhood-specific actions plans for each of the ten neighborhoods. Projects in these action plans will be implemented with the help of various partners and funding sources.

# Affordable Housing

## AP-55 Affordable Housing - 91.220(G)

### Introduction

HCDD employs a variety of approaches to maintaining, creating, and improving the quality of affordable housing in Houston. In PY 2021, HCDD will administer the following programs to preserve and increase access to affordable housing

- Multifamily Housing Program – new construction and rehabilitation
- Single Family Programs – development, repair, and homebuyer assistance
- CHDO – supporting community organizations to develop affordable housing
- HOPWA – TBRA and STRMU Assistance
- ESG – housing relocation and rapid re-housing

Estimated annual goals for affordable housing and descriptions of activities for each program are included in the following tables.

Homeless	300
Non-Homeless	129
Special-Needs	1,275
Total	1,704

Rental Assistance	1,575
The Production of New Units	72
Rehab of Existing Units	32
Acquisition of Existing Units	25
Total	1,704

### Discussion

Affordable homes continue to be among HCDD's highest priorities. HCDD continues to build capacity and increase efficiency to best serve residents through the CDBG funded Home Repair Program and the Homebuyer Assistance Program. The Home Repair Program continues to streamline processes by updating its standard operating procedures (SOPs), and it will expand the pool of home repair contractors in order to increase market competition and improve housing affordability.

Using HOME funds, HCDD will work with CHDOs to develop new affordable single family homes under the Single Family Development Program. This program will implement a new NOFA that is designed to develop new affordable homes, increase the types of affordable homes available for purchase, leverage resources in conjunction with other funding sources, and establish new partnerships with outside groups and organizations. HCDD also intends to continue focusing on multifamily housing resources to provide housing for LMI families and permanent supportive housing for the homeless, specifically to address chronic and veteran homelessness.

Hurricane Harvey and other recent flood events have greatly increased the need for affordable homes in Houston. In the past few years, CDBG-DR funding for Hurricane Ike and Hurricane Harvey and the 2015

and 2016 flood events has significantly increased the resources available to assist low- and moderate-income families in the City of Houston. HCDD continues to build capacity, remain flexible, and increase efficiency to best serve residents. To address a variety of home rehabilitation needs in PY 2021, HCDD will continue to use Tax Increment Reinvestment Zone (TIRZ) Affordable Housing Set-Aside, CDBG-DR-15 and CDBG-DR17 funding for single family home rehabilitation activities. In PY 2021, HCDD will utilize CDBG, TIRZ, and CDBG-DR17 funds for homebuyer assistance activities. HCDD will utilize all funding sources and continue to expand and build capacity within other organizations to expand the supply of affordable homes.

In 2020, HCDD received CDBG-CV, ESG-CV, and HOPWA-CV funding to prevent, prepare for, and reduce the impacts of the coronavirus. With this funding, HCDD will continue to fund activities such as providing rental assistance, preventing homelessness, rendering public services and maintaining facilities that provide shelter. In early 2021, HCDD received U.S. Treasury funds and additional CDBG-CV funding to assist families that have been economically impacted by COVID-19 through rental assistance programs. In PY 2021, HCDD will continue to provide these programs to help stabilize adversely impacted families.

## AP-60 Public Housing - 91.200(H)

### Introduction

The Houston Housing Authority (HHA) provides affordable homes and services to more than 58,000 low-income Houstonians including over 18,000 families housed through our Housing Choice Voucher Programs Department. HHA and its affiliates own and operate 26 housing communities with more than 5,700 units for families, elderly, persons with disabilities, and other residents. HHA also administers one of the nation's largest Veterans Affairs Supportive Housing (VASH) programs, exclusively serving homeless veterans. Our mission is to improve lives by providing quality, affordable options and promoting education and economic self-sufficiency.

From 2015 to 2020, HHA increased the number of affordable housing units in the City of Houston to 3,105, through development and acquisition of 1,961 affordable units.

The following highlights HHA's program accomplishments in calendar year 2020.

#### *Increased Housing Portfolio*

- In partnership with others and third-party deals, 1,645 units added through acquisition in 2020 and 1,113 units currently under construction.
  - All of the acquisitions are 51% affordable and three of the five developments are 51% affordable and two are 100% affordable.
- HHA began working on acquiring six new Project-Based Voucher (PBV) properties pending, which will add 276 affordable housing units.

#### *Housed More Families*

- HHA Special Programs began issuing the record breaking 272 Mainstream vouchers awarded in November 2019. In 2020 HCVP was awarded an additional 112 Mainstream Vouchers under the CARES Act and awarded another 100 Mainstream Vouchers under the COVID-19 Response Act. In 2020, HHA awarded an additional 276 Project Based Vouchers (PBV).

#### *Increased Resident Self-Sufficiency*

- HHA enrolled 257 individuals in the Section 3 Program and connected them to various employment, job training and contracting opportunities.
- HHA completed Jobs Plus to engage 557 public housing residents at Cuney Homes in workforce development opportunities, with 312 residents increasing their earned income and receiving discounted rent totaling \$1,260,825.
  - HHA has applied for renewal grants for Resident Opportunity and Self-Sufficiency (ROSS) Service Coordinator and Jobs Plus grants.
- FSS (Family Self-Sufficiency) Program was awarded the Capitol One Grant of \$5,000 to increase opportunities via FSS.

#### *Housing the Homeless, including Homeless Veterans*

- In addition to our on-going efforts, HHA entered into an \$11 million contract with the HCDD to provide approximately one (1) year of rental assistance and security deposits to more than 1,000 households who are currently homeless, as a result of COVID-19 stay at home orders in accordance with local jurisdictional guidance.

HHA began construction work on HHA's first 9% tax credit deal at Telephone Road Elderly Apartments (Project Based Section 8). The first phase (83 rental homes) of reconstruction is scheduled to finish in the summer of 2021. HHA also successfully convert 140 rental homes of Public Housing (Victory Place and HRI) to the Rental Assistance Demonstration (RAD) program.

HHA secured \$450,000 competitive planning grant under HUD Choice Neighborhoods program to develop a Transformation Plan for Cuney Homes and the Third Ward neighborhood. HHA, the City of Houston, and HUD plan will work together to create a transformation plan. The planning phase will last two years.

Finally, HHA has been selected as an eligible entity to participate in the Moving To Work (MTW) Cohort 2 Reform. The MTW plan was submitted to HUD in January 2021. HHA may pursue other MTW cohorts as well.

### Actions planned during the next year to address the needs to public housing

Years of federal disinvestment in the Public Housing Capital Fund Program (CFP), coupled with damage caused by Hurricane Harvey, have created a significant backlog of capital needs across the HHA portfolio. A report completed in 2019 revealed that the total cost of repairs to the public housing portfolio at that time was approximately \$47 million or \$21,564 per unit. The total cost of repairs to the mixed-finance developments was approximately \$20 million or \$16,355 per unit. Across the HHA portfolio, there is a total of \$67 million in capital needs over 20 years or \$17,706 per unit. Based upon the capital funds allocated to HHA over the last ten years, averaging \$5.6 million per year, it would take at least 12 years to address the anticipated capital needs of the public housing and mixed-finance portfolio.

While HHA expended \$1.58 million in 2020 to address the most severe capital needs, without additional funding, HHA will remain significantly short of the support required to adequately address the portfolio's documented capital needs. Additionally, as the need to rehabilitate existing housing stock grows, so too does the need for affordable housing, with over 63,000 people currently on HHA's waiting list for a public housing unit. The outbreak of COVID-19 significantly impacted HHA's capital repairs.

In 2019, HHA initiated the process of converting all Public Housing properties to Rental Assistance Demonstration (RAD) to answer and meet deferred capital needs. In 2020, HHA successfully converted two Public Housing developments, Victory Place and Historic Rental Initiative (HRI) to a single RAD development called Victory-HRI.

RAD is a voluntary program of the U.S. Department of Housing and Urban Development (HUD) that seeks to preserve public housing by providing Public Housing Agencies with various opportunities, including access to more stable funding. RAD allows a public housing authority (PHA) to convert from receiving funding under HUD's Public Housing program — Operating and Capital Funds — to HUD's Project-Based Section 8 platform. Under RAD, HUD is encouraging PHAs to rehabilitate and preserve their aging public housing developments using a variety of public and private affordable housing resources, including but not limited to: Federal Low-Income Housing Tax Credits (LIHTCs); tax-exempt bonds; and public housing Capital and Operating Funds.

In summary, RAD will provide new financing tools and regulatory relief, allowing HHA to address its projected \$67 million backlog in capital repairs across its public housing and mixed-finance portfolio, a more stable (and growing) funding stream, significant tenant protections, and new mobility options for public housing residents. The total estimated financing gap for all of the proposed RAD transactions is \$18.65 million, addressing the conversion and renovation of 1,692 public housing units. This equates to about \$11,000 per unit, which is significantly lower than the \$47 million backlog.

Fortunately, the coming years may present HHA and the City of Houston with an opportunity to substantially address both the public housing capital needs backlog and the City's unmet demand for affordable housing. HHA and HCDD significant awards of CDBG-DR17 funds. The goal is to leverage these dollars to allow HHA to address the capital needs at several hurricane-damaged public sites while adding new affordable housing. HHA also obligated over \$19 million in FEMA reimbursements and requested an additional \$30 million that should be awarded in the near future.

HHA will pursue transfer of assistance under RAD at the current existing properties:

- Allen Parkway Village (APV) and Historic Oaks of Allen Parkway Village (HOAPV)— 4% Tax Credit, Rehab project scheduled to commence in 2021.
- Portfolio-wide RAD conversion to planned in the next 5 years.

HHA will also pursue a number of new mixed finance development activities using CDBG Disaster Recovery, FEMA funds, and Capital Funds including acquisition of sites for new housing development and rebuilding at:

- 2100 Memorial (Demolition and rebuild)— HHA plans on beginning demolition soon.
- Forest Green (FEMA/rebuild)— the 428 Funds for Forest Green were approved in early 2021. HHA will be moving to the next step of designing a new project.
- Sites at the intersection of Crosstimbers and N. Main, and replacement units on Lyons Avenue (Kelly II) are in planning stages for development with some Public Housing units. HHA may consider options for redeveloping Irvinton Village.

HHA was awarded a Choice Neighborhoods Planning grant for the Cuney Home and plans to apply for 2021 Choice Neighborhood Grant for Kelly Village or other eligible properties.

Finally, HHA will replace all of the public housing units from Clayton Homes (total) and Kelly Village (partial) lost due to the I-45 highway expansion led by Texas Department of Transportation (TxDOT). Within 7 years, HHA will develop and/or acquire significantly more than the required 296 new units, ensuring more than a one-for-one replacement of all units lost. HHA will follow the appropriate procedures to attach PBV assistance to the newly developed units to ensure long-term operational viability.

### Actions to encourage public housing residents to become more involved in management and participate in homeownership

**Resident Involvement.** HHA employs various strategies to promote public housing resident involvement in HHA's policy development and strategic decision-making processes. HHA encourages residents to become involved through participation in Resident Councils. Staff from HHA's Client Services Department provide technical assistance to Resident Council members and help to ensure that third party oversight is in place for the annual election of officers. Each Resident Council meets on a regular basis to address general and property-specific issues, though these activities have been disrupted by the pandemic.

Resident Council officers meet as a group with HHA staff once to twice a year. These meetings provide an opportunity for resident leaders to hear updates on major issues taking place at HHA and within the affordable housing industry nationally. Time is allotted for resident leaders to raise issues or ask questions, which often become the basis for further dialogue. Discussions typically cover issues related to resident participation in governance, safety and security, community service requirements, summer programs, development plans, and job readiness. Also, residents and Resident Council officers actively participate in the PHA planning process to annually review and revise management process. During the last year, these meetings have occurred via Zoom.

**Participation in Homeownership.** HHA staff work to promote the Family Self-Sufficiency (FSS) Program to public housing and voucher participants. The FSS Program allows participants to establish an interest-bearing escrow account during the five-year program which includes job training, employment counseling, case management services, household skill training, and homeownership counseling. Upon fulfillment of the program, families receive the funds in the escrow account, which may be used to purchase housing through the HCV Homeownership Program. In 2020, 15 Family Self-Sufficiency (FSS) participants graduated with an escrow amount over \$132,000. Seven became homeowners, and three received a college degree.

The HCV Homeownership Program is a federally funded program that allows families with a HCV to use the voucher as part of their monthly mortgage payment to purchase a home rather than rent. The HCV Homeownership Program is for first time homebuyers, a person who does not own a home, or has not

owned a home during the past three years. The HCV Homeownership Program added 7 new families in 2020. The program is growing each year and has applications in the pipeline. HHA is working diligently with each of the applicants to meet the qualifications for the Homeownership Program and help them make a smooth transition from the rental to homeownership. HHA's goal is to grow this program and help participants succeed and become self-sufficient. HHA is currently serving 97 families as of December 2020 in the HCV Homeownership Program and would like to see that grow by at least 30 families by 2024.

### If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

HHA does not have a troubled designation; therefore, it is not necessary for HCDD to provide financial or other assistance to HHA to remove such a designation during the next year.

### Discussion

The year 2020 was challenging for HHA and its residents due to the worldwide COVID-19 pandemic. Starting in March 2020, HHA began adopting various measures to promote social distancing at headquarters as well as HHA developments. HHA also imposed various measures to contractors and visitors to HHA developments as well. In response to COVID-19, HHA received \$2.2 million in COVID Cares Funds which is being used for a variety of pandemic-related reasons, including site-based safety efforts for families served and initiatives that support HHA's efforts to be better prepared for and respond effectively to disasters.

According to a Census Bureau survey estimate, an estimated 15.1 million adults living in rental housing — 1 in 5 adult renters — are not yet caught up on rent, according to data collected January 6–18, 2021. Simultaneously, renters of color were more likely to report that their household was not caught up on rent: 36 percent of Black renters, 29 percent of Latino renters, and 16 percent of Asian renters said they were not caught up on rent, compared to 12 percent of white renters. Research also showed that adults in households with children were more likely to report difficulty paying for usual expenses: 43 percent, compared to 30 percent for households without children. This means that our work is more important now than ever.

For 2021, HHA is committed to working with residents throughout Houston to provide safe, decent, and high-quality affordable housing options, and work with various stakeholders and partners to promote self-sufficiency and economic betterment for HHA program participants.

Starting in 2020 and remaining in place in 2021, HHA implemented a policy in its Voucher and Public Housing programs to enable residents to increase their savings and investments in their families. In between regular annual reexaminations or until their next certification period (e.g., annual recertification, transfer of unit/move to another unit, port-out, etc.) households are not required to report and document their income increase, except for instances involving households' reporting zero income and/or seasonal/sporadic income (described further below). Accordingly, HHA will not conduct an Interim Redetermination and will not calculate household increased income until the effective date of their next certification period (e.g., annual recertification, transfer of unit/move to another unit, port-out, etc.).

During 2020, HHA implemented new policy changes to improve the lives of both public and housing choice voucher (HCV) residents in response to COVID. Those include but are not limited to

1. Delayed Annual Reexaminations and Income Verifications
2. Language regarding virtual hearings was added
3. New and revised repayment agreements with residents for those who have challenges paying rent due to COVID
4. Waiver on various Voucher and Public Housing program regulations that help residents maintain affordable housing and social distancing throughout COVID

For HHA's FY2021 Administrative Plan and Admission and Continued Occupancy Policy (ACOP), some key provisions were added and revised. HHA is responsible for adopting a payment standard schedule that

establishes voucher payment standard amounts for each Fair Market Rent (FMR) area in HHA's jurisdiction. For 2021, HHA is working with a third-party vendor to review and submit a rental housing market analysis to appeal HUD's proposed FMRs for the Houston-Woodlands-Sugar Land, TX area.

In 2020, HHA staff set payment standards to 131% of the FMR's, followed by 111%, 102% and 93%. More than half of the eligible full coverage zip codes are in the 102% or 93% payment standard. This higher payment standard amount has and will continue to create a greater incentive to move to higher opportunity areas. At this time, these payment standard percentages remain in place for 2021.

Finally, HHA worked collaboratively with the City of Houston to develop and adopt an Analysis of Impediments (AI) to Fair Housing (or Assessment of Fair Housing—AFH), identifying barriers under the control of HHA and those outside the control of HHA. In 2020, HHA provided an annual update and data to HCDD. HHA performed various site assessment on all potential developments, which looks at census tract level data to ensure Fair Housing. HHA also has worked diligently to provide translated letters to residents/tenants regarding its program operations and their rights and responsibilities during COVID-19 in Spanish, Vietnamese, and Chinese. HHA published CDC COVID-19 information on its website in English Spanish, Vietnamese, and Chinese. In 2020, no revision was needed in HHA's Language Assistance Plan.

## AP-65 Homeless and Other Special Needs Activities - 91.200(I)

### Introduction

The City of Houston works closely with the Coalition for the Homeless of Houston/Harris County (Coalition) and with other members of the Houston/Harris County Continuum of Care (CoC), known as The Way Home, to align priorities and funding to address the needs of residents experiencing or at risk of homelessness. The HCDD Director serves on the CoC Steering Committee in an ex officio position to provide governance and oversight to CoC policies and procedures.

Completed in early 2021, *The Way Home's Community Plan to End Homelessness* is the CoC's strategic plan to prevent and end homelessness in the Houston area, which outlines the goals and strategies for the next five years.

#### The Community Plan includes the following new goals

- Address Racial Equity and Social Justice - Address historical inequities and build opportunities for justice among system partners and participants.
- Expand Affordable Housing - Connect people to permanent housing with appropriate services to help them maintain housing.
- Prevent Homelessness - Focus on preventing people from entering homelessness because of discharges from healthcare, child welfare, or criminal justice systems.
- Strengthen Crisis Response - Identify and engage people experiencing homelessness and connect them to low-barrier crisis housing while developing long-term housing strategies.
- Refine Engagement Strategies for People Living Unsheltered - Balance the need to maintain community access to and use of public spaces while recognizing that there is a critical gap in crisis housing that leaves insufficient alternative appropriate avenues for shelter.
- Build Strong Cross-System Partnerships - Strengthen connections with system partners necessary to accelerate housing placements and improve their sustainability.

The Community Plan also continues to build on the work of previous plans, with the following goals

#### Retain Historical Focus by

- Ending chronic homelessness
- Maintaining and ending Veteran homelessness
- Achieving effective end to family and youth homelessness

The Way Home Continuum of Care's (CoC) most recent Community Plan to End Homelessness details activities and goals for the coming years. The goals for the next year focus on ending chronic homelessness by continuing to utilize and expand Permanent Supportive Housing (PSH) programs. Additional activities include managing and expanding Rapid Re-housing (RRH) for singles and families, reviewing RRH outcomes, reviewing system-wide performance expectations, and developing a system-wide response to unsheltered homelessness and addressing racial equity and social justice. Major activities are outlined below.

#### Continued oversight and creation of 590 units of Permanent Housing, including 2130 additional units of affordable housing, and other targeted affordable housing development linked to system-wide homeless prevention and diversion activities

- Host a pipeline workgroup comprised of major funders to coordinate funding and guide new development and turnover of existing PSH units
- Prioritize public and private capital, operating, and service resources to support PSH development and targeted affordable housing development, including SRO or pay by day facilities and inclusion of restricted 30% AMI units in mainstream affordable housing development

- Increase capital investments for targeted affordable housing development in support of diversion and prevention activities, particularly for non-chronically homeless single individuals

**Continued implementation of the integrated care service delivery model for PSH units in the pipeline**

- Nurture new partnerships between the Local Mental Health Authority, Federally Qualified Health Centers, Mental Healthcare Providers, Managed Care Organizations, and Homeless Service Providers
- Leverage federal resources into the pilot project with State Medicaid and Managed Care Organizations to fund supportive housing services and advocate for Texas State Legislative changes to the Medicaid system to better support people experiencing homelessness.
- Connect integrated care teams to new and existing PSH units as they become operational and financially support this expansion with City of Houston entitlement investment.

**Implement a single coordinated intake, assessment, triage, and central referral system for all homeless housing interventions**

- Manage the Coordinated Access system including income triage, assessment, and referral.
- Make Coordinated Access available via a call center across the CoC.
- Connect the Coordinated Access system diversion and homeless prevention programs.

**Expand Rapid Re-housing (RRH)**

- Continue to leverage COVID-19 Communitywide Housing Program (CCHP) resources that combine federal, state, local resources, and philanthropic resources to create a single standardized RRH model across the CoC and ensure maintenance and scaling
- Continue to prioritize resources for RRH and linked diversion activities to build a safety net system for homeless and at-risk families

**Expand and Refine the Income Now Initiative**

- Nurture and manage relationships with Houston-Galveston Area Council and Workforce Solutions to ensure seamless and quality income services for people experiencing homelessness
- Monitor data and performance for workforce outcomes
- Increase the number of employment services providers that participate in Income Now
- Increase SOAR system capacity to handle 350 referrals annually by adding 3-5 additional system dedicated disability workers
- Invest CCHP resources to expand income supports for people housed in RRH and Diversion.

**Implement performance expectations for the entire CoC**

- Apply performance standards to all programs operating in the CoC and use performance to determine future funding awards and possible reallocation or repurposing of existing resources in support of the CoC strategic plan

**Address Racial Equity and Social Justice**

- Analyze the system data. Examine selected homeless response system policies, procedures, and related data to identify areas to improve equitable access and use of homelessness assistance and to serve as a template for further community-wide conversations.
- Plan. Create a plan to move forward on racial equity work. The plan must include system and programmatic actions that can be monitored and adjusted to improve and sustain equity. This plan should be informed by a racial equity audit of The Way Home CoC’s member organizations

and their current state of diversity. It should also include common values and goals collectively decided upon and shared by all of The Way Home's member organizations.

- Include People with Lived Experience in a meaningful way. Ensure that people with lived experience are included at all levels of system planning conversations and have active and supported participation in positions of leadership

#### **Refine Engagement Strategies for People Living Unsheltered**

- Continue to partner with the Harris Center to operate the Respite, Rehab, and Reentry facility (also called 6160) and connect people experiencing homelessness to the appropriate housing intervention through Coordinated Access.
- Construct and make operational, a COVID-19 Non-Congregate Housing Navigation Center to serve as a housing focused tool for a coordinated encampment strategy. The Navigation will allow the homeless response system to help us to address the unsheltered population that is resistant to stay in emergency or crisis shelter but is willing to accept housing.

#### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including (narrative for the following 1-4): Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

HCDD will continue to support organizations that assess the needs of the homeless to create a more robust social service system to address unmet needs. HCDD provides ESG, ESG-CV, CDBG, CDBG-CV, and HOME TBRA funding to social service organizations Public Housing Authorities to assess the needs of homeless persons and will continue to support organizations to create a more robust social service system to address unmet needs for persons experiencing homelessness.

The Coalition for the Homeless ("Coalition") collaborates with service agencies and with others in the public sector and in philanthropy to analyze existing system needs to identify and address funding gaps. The Homeless Point-In-Time (PIT) Count and the Community Needs Assessment, organized by the Coalition, annually assesses the Coalition's characteristics of the homeless population in and around Houston. This is important data used by the CFTH and its stakeholders to track the changing needs of the homeless. In PY 2021, HCDD will continue to financially support the Coalition's preparation for the 2022 PIT Count. Additionally, the CoC Steering Committee has two positions held by people with lived experience to obtain input from current and formerly homeless individuals and families.

In 2014, the CoC implemented a coordinated assessment system ensuring standardized assessment for any homeless individual at a variety of access points. This system functions to triage, assess, match and refer homeless individuals to the most appropriate permanent housing option across the continuum. This is now the primary referral method for most homeless beds and functions as the sole referral source for PSH. This system expanded in 2016 and is optimizing access for both sheltered and unsheltered homeless individuals seeking support across the City. Outreach workers are trained as assessors and navigators ensuring unsheltered homeless individuals' full access to all housing opportunities and services.

The coordinated assessment system now has the capability to refer all populations to rapid re-housing services and to our new intervention called Diversion. Diversion is an intervention designed to immediately address the needs of someone who has just lost their housing and become homeless. Diversion is a client-driven approach; its goal is to help the person or household find safe alternative housing immediately, rather than entering shelter or experiencing unsheltered homelessness. It is intended to ensure that the homelessness experience is as brief as possible, to prevent unsheltered homelessness, and to avert stays in shelter.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

HCDD continues to fund social service agencies providing emergency shelter for homeless individuals and families. Services will include case management, direct rent and/or utility assistance, and operations costs associated with overnight shelter. HCDD's ESG funding will address emergency shelter needs as discussed

later in the section. As part of the planning process for community-wide coordination of ESG implementation and the restructuring of the CoC funding process, the CoC is collaborating with local ESG recipients to right-size the system of emergency shelter, transitional housing, and rapid re-housing ultimately shifting resources toward permanent housing options. This coupled with enhanced diversion and prevention resources will dramatically reduce demand for emergency shelter and ultimately allow the system to reach equilibrium and end homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

HCDD is working towards the homelessness goal by providing supportive housing units, and HCDD's Multifamily Housing program continues to encourage the creation of Permanent Supportive Housing with a renewed goal of creating additional PSH units.

HCDD is also committed to blending federal, state, and local resources in partnership with Harris County and the CoC to fund rapid re-housing for individuals and families, families with children, veterans, and unaccompanied youth. Rapid re-housing assists households to rapidly return to permanent housing by offering short-term case management and financial assistance. This intervention has proven to be more than 85% effective in returning families to housing stabilization. A system mapping exercise performed under HUD technical assistance revealed that approximately 30% of Houston's homeless population will require rapid re-housing to stabilize.

The coordinated assessment system, described previously in this section, will act as the process for identifying people who are homeless and most in need of PSH or rapid re-housing, which include people who are chronically homeless, individuals and families, families with children, veterans, persons fleeing domestic violence, and unaccompanied youth.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

HCDD will fund several agencies that deliver homelessness prevention and diversion assistance from various federal and state grants, providing

- Short-term subsidies to defray rent and utility arrearages for families that have received eviction or utility termination notices or are experiencing a hardship that may lead to homelessness
- Security deposits and first month's rent to permit homeless families to move into their own apartment
- Light case management services geared towards problem solving and rapid resolution for people receiving diversion services
- Mortgage payments
- Rapid resolution case management and/or mediation services

Preventing homelessness is a priority for the City and its partner, the Coalition. To prevent people from falling into homelessness, public systems for justice, anti-poverty, prevention, health (including behavioral

health), child welfare and affordable housing must use data to identify how people are falling into homelessness and target prevention strategies and policies to address these areas. The CFTH assists Houston’s homeless service providers, many of whom are CDBG and/or ESG subrecipients, to help individuals and families implement strategies that keep them stabilized and resolve their financial issues before being identified as “homeless.”

As part of the planning process for community-wide coordination of ESG and CoC funding process implementation, the CFTH is collaborating with local ESG recipients. The Way Home CoC will continue to analyze mainstream system data to understand involvement of people experiencing homeless in public systems before they fell into homelessness. Then, the CoC can use that information to help those systems understand how they are contributing to homelessness and to advocate that they better plan for and engage people who are likely to fall into homelessness upon leaving.

The CoC plans to develop a homelessness prevention eligibility standard to target those most at-risk of becoming literally homeless. This includes provide specialized outreach and engagement services targeted to highest-risk populations and geographies to ensure people and communities at highest risk for homelessness are engaged with housing supports before experiencing literal homelessness. Target populations should include people who previously exited the homelessness system with housing supports and are at risk of returning to homelessness.

This standard will be developed using HUD’s ESG eligibility criteria and local data regarding characteristics common among people who are literally homeless. Depending on the level of need of potential clients, the agency initially conducting intake will either admit the person to their program or will conduct a warm hand-off to another homelessness prevention provider in the system that is skilled in meeting the person’s needs for housing. A warm hand-off is an approach in which a staff member of the initial intake agency provides a face-to-face introduction of a homeless person to another provider to which the person is being referred.

The CoC continues to execute memorandum of understandings (MOUs) with mainstream and other homeless service providers on the behalf of the homelessness prevention system in order to help clients link to mainstream and homeless supportive services outside the ESG programs. The purpose of developing MOUs is to help clients easily access mainstream services that might have a cumbersome application process or lengthy waitlist. Mainstream services will include those listed in 24 CFR 576.400 (c), as well as those in the SOAR program, and locally-funded programs to assist with increasing income and improving health.

The CFTH, along with local public funding jurisdictions and publicly funded institutions and systems of care that discharge people into homelessness, will create or modify discharge plans to prevent discharging into homelessness by

- Engage in discharge planning with mainstream system providers such as behavioral health, physical health, criminal justice, juvenile justice, and child welfare. Work with mainstream partners to identify appropriate housing opportunities for discharged people so that crisis housing and shelter are not used as a temporary housing placement strategy.
- Identifying local discharge plans or practices that are leading to homelessness
- Engaging each system and discussing data and alternatives
- Utilizing data to inform broader strategic planning processes

The CoC has several discharge policies to coordinate community-wide assistance to address youths aging out of foster care, persons exiting health care and mental health institutions, and persons discharged from correctional institutions. With the introduction of the coordinated placement system, these institutions are being invited to coordinate discharge planning activities to prevent homelessness. Protocols have been developed to connect with Harris County Jail and several emergency rooms and hospitals across the jurisdiction.

## Discussion

HCDD has established a contractual relationship with the Coalition for the Homeless of Houston/Harris County (Coalition) to manage efforts related to addressing chronic and family homelessness. The City continues to support the Coalition's efforts by providing HCDD staff assistance and CDBG, ESG, HHSP, and Homeless and Housing Bond funding for

- Implementing and operating the Homeless Management Information System (HMIS)
- Developing and implementing a Strategic Plan to End Chronic Homelessness
- Planning and prevention
- Homeless Count and Survey
- TX-700 Continuum of Care (CoC) Collaborative Grant Application for Cities of Houston, Conroe, and Pasadena, and Harris, Montgomery and Fort Bend Counties
- Performance measurement of CoC funded programs and projects
- Managing Coordinated Access for the CoC system
- CoC Steering Committee and workgroups

The Coalition continues to administer HMIS for contributing homeless organizations within CoC. Since its initial implementation in 2004, HMIS has grown to become the major repository of homeless assistance and homelessness prevention data in the community. An increasing number of federal and local funders now require HMIS participation, and its data is regularly used for various reports and analyses.

At the end of 2020, there were over 250 programs and 840 individual users actively participating in the HMIS. The database consisted of about 300,000 unique client records. Most clients served before 2010 were literally homeless individuals, but a growing segment now represents at-risk clients assisted by homelessness prevention programs, including those funded by VA SSVF, ESG, HOPWA, and local food banks. Of the approx. 46,000 clients enrolled in any HMIS programs during 2020, there were 24,154 literally or formerly homeless individuals – a decrease of about 6,000 from 2019 that was largely caused by the operational changes due to COVID-19 pandemic

The Coordinated Access system continues to be a key component of the HMIS. All HUD-funded Permanent Supportive Housing and Rapid Re-Housing projects are required to accept new clients through Coordinated Access referrals. Between the Coordinated Access system's launch in early 2014 and the end of 2020, about 23,300 clients were assessed for housing, of which 4,961 were placed in PSH and 6,471 persons were placed in rapid re-housing. In October 2020, the City of Houston, Harris County, and the Coalition for the Homeless have started a joint, \$65-million plan to house 5,000 people experiencing homelessness over the next two years to limit the spread of COVID-19. The Community-wide COVID-19 Housing Program (CCHP) will permanently house people who are currently experiencing literal homelessness (e.g., living in shelters, encampments or on the streets) as well as those who may fall into homelessness as a result of the economic effects of the coronavirus.

HMIS software ClientTrack is provided by Eccovia Solutions, a privately held company. The Coalition's HMIS support team includes six staff members. As part of their daily activities, the support team continues to implement several proactive data quality measures and it monitors the HMIS to ensure completeness, accuracy, and standardized the data collection processes. Support specialists work with the CoC agencies by offering ongoing training and technical assistance, both individually and in groups. Site visits to partners are conducted on an annual basis to confirm bed inventory for the homeless count as well as to provide data quality scoring for the NOFA application. The team also issues monthly newsletters and hosts quarterly HMIS forums with the provider community, to discuss recent activities, ongoing data quality issues, and future developments.

## AP-75 Barriers to Affordable Housing - 91.220(J)

### Introduction

Nearly all of the following barriers, as discussed in the 2020-2024 Consolidated Plan, present the most integral challenges to the production and preservation of affordable housing. However, COVID-19 impacts over the past year have presented additional barriers to affordable housing, and these challenges are also cataloged below.

#### **Current market conditions**

Houston is experiencing a long-term trend of population growth, creating a rise in demand for housing; however, its real estate market has remained relatively consistent over the past few years, so the amount of affordable housing stock has not increased with the same intensity. Many older units with affordable rents are being torn down in favor of redevelopment of higher-end housing, especially luxury rentals in high demand areas of the city.

Additionally, economic growth contributes to the increase in the land values, which impacts the cost of housing prices and housing affordability. Median home values and the cost of new construction and remodeling have also perpetually increased since 2015. As the market continues to expand, affordable land and existing housing units become scarcer, and new affordable housing becomes more costly to develop.

On the other hand, other circumstances like natural disasters can bring new challenges to housing affordability. With significant and repetitive flooding occurring since 2015, Houston's housing stock has dwindled because some homes were deemed uninhabitable. This lessens the supply of marketable housing units, which subsequently augments the already increased demand for housing due to population growth. This dynamic shifts the market, amplifying the market barrier to affordable housing.

Since the beginning of the COVID-19 pandemic in 2020, the U.S. economy entered into a recession due to company shutdowns and reduced staff capacity. Because of this recession, the cost of construction has increased due to the lack of record-high prices of lumber. The increased price for lumber is caused by: (1) the reduced-supply precipitated by COVID-19 related shutdowns and (2) by the increased demand for building materials. The increased prices for other building materials have also impacted the cost of building with ultimate affects the affordability of new home developments and home repairs.

#### **Insufficient availability of current financial resources to address affordable housing needs**

There is a lack of available, accessible, and quality affordable housing in Houston. Residents and stakeholders agreed that the deficiency of affordable home options precluded people from obtaining housing and was the greatest barrier to finding and maintaining housing and was the greatest barrier to fair housing choice in Houston.

A number of Houston's households are low- and moderate-income and cost-burdened, which means that their ability to effectively address their housing needs may be severely impeded by financial resources. With the appreciation of housing prices, the gap between the availability of financial resources and median home prices has widened. For homes that were experiencing housing problems and repetitive flooding in the last five years, financial resources addressing housing concerns may be an even bigger challenge.

Because of government mandates for reduced-company operations intended to prevent the spread of COVID-19, many companies shut down or reduced staffing capacity, leaving many Houstonians without adequate income to pay for housing costs. While HCDD received federal funding to provide rental assistance to families adversely impacted by COVID-19, the need for rental assistance in Houston far outweighs the amount of funding received.

While HCDD works to leverage its resources, current funding sources do not accommodate all of the housing affordability needs of Houston residents. Without seeking innovative ways of satisfying unmet needs through additional streams of funding, affordable housing programs like Home Repair Program or the Multifamily Housing Program would be more fiscally strained, imposing additional challenges in providing the same output-level of assistance. It is estimated that federal funding will likely stay relatively

constant or decrease as it did during the last five years, which may limit future development without other sources of funding.

### **Deterioration of housing stock**

Houston's housing stock is aging so rehabilitating the older stock becomes more crucial to maintaining safety and affordability. The cost of repairing or rehabilitating existing stock can be financially cumbersome. Properties built before 1978 may have deferred maintenance issues or environmental hazards such as lead-based paint. Even as homes are improved, home values also increase, and subsequently, tax obligations increase. These tax obligations are in conjunction with to the regular cost of the home and the cost of the improvements.

Repetitive flooding has also played its role in the deterioration of Houston's housing stock. Homes previously vulnerable due to housing problems may experience exacerbated health and safety issues caused by natural disasters. Overall, rehabilitating or remediating older housing stock may be prohibitively expensive for homeowners or owners of rental properties, especially when coupled with a recent flooding events.

### **Regulation**

Municipal, State and Federal regulations may, in some instances, increase the cost of or the time to develop affordable housing. For instance, although some of HUD's regulations relating to noise, environmental, or site and neighborhood standards are needed to protect future affordable housing residents and existing neighborhoods, these are additional requirements that affordable housing developers must comply with that developers in the private market do not. Some could view these additional regulations as reasons why developing affordable housing has barriers.

Conversely, the lack of regulations limits the ways in which the City could require decent, safe, affordable housing. One example of how the lack of regulation may affect quality affordable housing is through community residences, which is housing serving persons with disabilities. Other states have laws regulating community residences. Because Texas does not, cities, including Houston, have enacted regulations to enforce standards of group homes, which are privately run semi-assisted housing for persons with disabilities and the elderly. This has put burden of enforcement of these units and the livelihood its residents onto cities.

Another example of the lack of regulation is Houston having no regulatory development tools to require a percentage of affordable units in new developments in designated neighborhoods. Instead of zoning, Houston's greatest tool to promote affordable housing is through the use of incentives. Even more, the lack of industrial and commercial zones may disrupt residential areas and present environmental hazards to nearby residents. Living near industrial areas can increase health hazards for residents, making living in these areas more costly.

### **Lack of communication between government and residents**

As communication outlets and culture constantly evolve, effective communication remains a challenge for residents and government entities. Community engagement revealed that one of the most noteworthy barriers is communication about current City programs, community resources, laws, rights, and educational/engagement opportunities. Developing long-lasting partnerships and opening more avenues of communication between residents, community leaders, and the City will also help to address other barriers.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The proposed actions to address barriers in PY 2021 are described in more detail below, and other actions to overcome impediments to fair housing are located in the Appendix and titled *Affirmatively Furthering Fair Housing*.

*Address housing market conditions that inhibit low- and moderate-income persons from obtaining decent housing*

- Increase affordable housing supply by funding rehabilitation and new construction of affordable rental housing
- Lower the cost for low- and moderate-income families to achieve homeownership by assisting with down-payment and closing cost assistance
- Continue home repair activities to lower the cost of home maintenance and improve housing stock
- Work with lending institutions to provide services for underserved populations
- Invest in alternative forms of homeownership, such as the Houston Community Land Trust
- Develop additional revenue streams of funding for affordable housing
- Utilize land in the Houston Land Bank to create new affordable homes
- Enhance HCDD's procedures to leverage resources and increase the production of new homes or rehabilitation of existing homes
- Diversify communities with mixed-use and mixed-income buildings to improve quality of life for residents and businesses
- Develop and maintain partnerships with Pre-Approved Grant Relationship Sponsorship organizations like the Houston Redevelopment Authority to provide funding for Single Family Home Development projects.

*Invest in building code enforcement and lead hazard remediation to abate deterioration of housing stock*

- Provide lead hazard testing and/or remediation for households participating in the Home Repair Program
- Reduce lead-based paint hazards in low- and moderate-income housing units by partnering with HHD and providing matching funding for federal grants
- Engage in code enforcement activities carried out by the City's Department of Neighborhoods to address single family and multifamily property owners' code violations
- Improve partnerships and agreements with other City Departments to reinforce a collaborative and concerted effort to reduce health and safety hazards
- Improve housing stock for low- and moderate-income homeowners through the Home Repair Program
- Improve hazard assessment processes for monitoring the abatement of lead-based paint

*Strengthen inter/intragovernmental relationships to resolve regulatory issues*

- Inform and communicate with TDHCA requests for updates to the QAP
- Coordinate with local HUD officials and request waivers to certain HUD standards, as needed
- Continually improve HCDD's monitoring and compliance function to detect and address inconsistencies or conflicts among federal, state, and local grant and regulatory requirements
- Continue to provide technical assistance to nonprofit and for profit affordable housing developers and public service agencies regarding new or changing requirements
- Continue to refer fair housing complaints to substantially equivalent agencies and the regional HUD office which are equipped and trained to manage such complaints effectively and efficiently
- Improve partnerships with other City Departments and elected officials to identify policies or processes augmenting the barriers to affordable housing
- Enhance communication with other City Departments and elected officials to make a collaborative effort in creating strategies that will eliminate barriers

*Use education to encourage policy decisions and public support that positively impact affordable housing*

- Educate city officials and staff about fair housing issues to improve understanding of and the impact of municipal laws and regulations on affordable housing through presentations and meetings organized by HCDD staff
- Prepare information and materials about impediments impacting affordable housing for use in presentations and meetings organized by or with HCDD staff for stakeholders and community groups
- Engage fair housing and affordable housing advocates to elevate affordable housing issues in the public
- Ensure that first-time homebuyers are educated about financial management and the responsibilities of homeowners

## Discussion

HCDD will continue to pursue innovative partnerships, identify additional funding sources, and engage in comprehensive planning efforts with regional entities to reduce and remove barriers to affordable housing and fair housing. In preparation of this Plan, HCDD undertook an extensive resident participation effort, and HCDD will continue to use partnerships to reach out to Houstonians.

HCDD will continue to pursue other funding to benefit residents, like the Wells Fargo Priority Market and the Complete Communities Improvement Fund. Also, HCDD will continue to foster collaboration with financial institutions and housing and service providers to enhance existing strategies and implement new strategies to address affordable housing barriers.

The City of Houston is committed to improving communities by continuously performing research and analysis, collecting resident input, and exploring best practices to inform programs and activities and to remove barriers to affordable housing. The City continues to work with community partners to find affordable in order to provide and maintain affordable homes, while working to eliminate barriers that limit the creation or viability of affordable housing, even as the COVID-19 pandemic and its impact persists.

## AP-85 Other Actions

### Introduction

The following describes the planned actions or strategies that the City of Houston will pursue in the next year to

- Address underserved needs
- Foster and maintain affordable housing
- Evaluate and reduce lead-based paint hazards
- Reduce the number of poverty-level families
- Develop institutional structure
- Enhance coordination

### Actions planned to address obstacles to meeting underserved needs

The underserved are defined as LMI households that have a member that is elderly, is a child, has a disability, or has a quality of life-limiting medical condition. The underserved also include individuals experiencing homelessness or are victims of domestic violence. Characteristics of the underserved population may include fixed incomes, unemployment or underemployment, living in aging housing stock, language barriers, and physical limitations to access services.

In PY 2021, HCDD will strive to overcome the obstacles of the underserved by

#### *Leveraging its resources*

- HCDD will continue to implement programs through special grants and to support funding applications for various non-profit agencies. HCDD will continue partnering with housing and service organizations to create permanent supportive housing units for the homeless.
- HCDD staff will continue to research, apply for, and manage competitive and non-competitive grant opportunities to fund and enhance community development activities in Houston.
- HCDD will research ways in which funded activities can be paired with other funding sources or programs to lower costs for residents or make services more available.
- The request for proposals for public services, public facilities, and multifamily development may prioritize projects that leverage other funding sources with entitlement funds.
- HCDD will continue to seek partnerships with entities in the private sector, such as banks, realtors, builders, and non-profits to fund trainings and utilize volunteered resources.
- HCDD will leverage its entitlement and disaster recover funds to fund Homebuyer Assistance Program activities.

#### *Assisting households increase their income and assets*

- HCDD will continue to fund public services including job training and other assistance programs, like childcare, to help individuals secure a job to increase their family income.
- HCDD's Compliance Division facilitates training and monitors routinely for contractual compliance to ensure that contractors are adhering to Section 3 guidelines to provide job training and employment and contract opportunities to low-income residents. This Division will also enforce the Davis Bacon Act to ensure contractors and sub-contractors pay the prevailing wage rates to employees.
- The Homebuyer Assistance Program provides financial assistance to income eligible households that otherwise could not afford to sustain a home purchase due to limited savings.
- HCDD will continue to look for new ways to create job opportunities for low- and moderate-income persons through existing funding resources, like Section 108 and EDI funds.
- HCDD will continue to support subrecipients involved in local initiatives helping families build wealth, such the United Way's THRIVE.

### *Making housing and services available for the underserved*

- HCDD will prioritize housing and services to those in most need including populations with special needs. Rapid re-housing activities using ESG funds will target homeless individuals and those who are victims of domestic violence.
- HCDD will continue to address the rental housing needs of the underserved by giving preference to developments for underserved populations in the selection process. Housing developments assisted with entitlement funds will continue to comply with Section 504 requirements to make housing available for persons with disabilities.

### *Advertising available services to the underserved*

- HCDD will continue to develop translated materials to reach non-English speaking residents regarding available programming and general entitlement grant information.
- HCDD will explore different methods of outreach to enhance communication with residents who have a disability.
- HCDD will strive to hold public hearings in low-income neighborhoods and conduct meetings with agencies that serve special needs populations; however, HCDD will continue to hold virtual events and meetings during the COVID-19 pandemic and as health officials indicate.

## Actions planned to foster and maintain affordable housing

As of March 2021, HCDD's multifamily compliance portfolio includes 14,179 housing units in over 88 developments, and as a result of federal and local funding sources, 6,872 of these units are City of Houston income-restricted. Effective relationships with developers of affordable housing, potential buyers of at-risk housing, advocacy groups, lenders, community groups, and other stakeholders help to ensure that the number of restricted units is maintained. The City will continue to lead an effort to develop permanent supportive housing to help end chronic, veterans, family, and youth homelessness in Houston. By providing analysis of homeless needs, coordinating with other agencies, and funding this effort, the City will continue to encourage affordable housing development with supportive services. The City will continue to collaborate and partner with public and private housing developers, builders, and finance agencies to foster decent, safe, and affordable housing.

HCDD will also create new affordable housing opportunities in Houston. HCDD will continue to solicit and finance new affordable home developments that maximize the use of available funds through leveraging, to not only create new affordable rental homes, but also to ensure the preservation of existing rental homes. Leveraging HCDD's funds is an integral component of the Multifamily Development Program, which generally provides up to 30% of gap funding for a multifamily project and requires developers to provide the remaining funds, and in PY 2021, two Multifamily projects – Green Oaks Apartments and Light Rail Lofts – will be completed. The City will have 33 income-restricted units through the development of Green Oaks Apartments, and 29 income-restricted rental units with Light Rail Lofts.

In PY 2021, HCDD staff will continue to reach out to developers who are nearing the end of the affordability period on their income-restricted units to offer various possibilities to increase or renew the properties' affordability period. HCDD will also preserve and expand the supply of affordable single family housing in PY 2021 through the rehabilitation of 32 single family homes and the construction of 10 new single family homes. Home repair staff has focused on increasing capacity by hiring intake counselors, streamlining the application process, and releasing a new request for proposal. The Single Family Home Development program has provided technical assistance to CHDO developers and will continue to help these developer build capacity. This will increase the number CHDO developments and help more residents maintain the long-term affordability. The Single Family Home Development Program has also incorporated ECHO units in their guidelines to allow families to have an additional dwelling that will house an elderly family member or a person with disabilities. This option will help to maintain affordable homes for populations with special needs.

Hurricane Harvey has negatively impacted the supply of affordable housing in Houston and has created an urgent need for new homeowner housing development and rehabilitation of existing homes damaged by the recent flood events. In PY 2021, HCDD plans to continue to increase efficiencies in the Harvey Single-

Family Program and use local, federal and disaster recovery funds to develop and rehabilitate affordable homes.

### Actions planned to reduce lead-based paint hazards

In PY 2021, HCDD will expend CDBG funds for lead-based paint related programs through the High-Impact Neighborhood Lead-Based Paint Hazard Reduction Program managed by the Houston Health Department (HHD) and through home repair activities. A description of the activities follows.

**High-Impact Lead-Based Paint Hazard Reduction Program.** HCDD and HHD's Bureau of Community and Children's Environmental Health (BCCEH) work closely together to reduce lead hazards. Since 1996, HHD has received federal funding from the U.S. Department of Housing and Urban Development (HUD) to reduce lead-based paint hazards and establish Healthy Homes principles in low- and moderate-income housing units within the City of Houston. Previously, BCCEH's lead program was the Lead-Based Paint Hazard Control Program (LBPHC) funded by the Lead Hazard Reduction Demonstration (LHRD) Grant; however, its new lead program will be funded by federal grants, including the Lead-Based Paint Hazard Reduction (LHR) Grant.

Beginning in 2020, HHD will use HCDD's funding as match dollars in support of the LHR grant, targeting the removal of lead-based paint in 4 contiguous census tracts near in the Near Northside and Fifth Ward Super Neighborhoods. With the help of CDBG funds as match, BCCEH performs lead hazard reduction and remediation on approximately 50 homes annually. HCDD will continue to provide match funding to HHD lead-based paint initiative under this program in PY 2021.

**Home Repair Program Lead Activities.** For home repair activities, HCDD staff no longer presumes that all homes built before 1978 have lead hazards. HCDD hires certified third-party contractors that will identify lead-based paint hazards in conjunction with a Hazard Assessment, monitor the remediation, and provide a clearance letter as a testament of the lead abatement. This ensures the delivery of repair services are provided in a timely and the most efficient and healthful way possible. Staff ensures that contractors are certified for lead hazard abatement and address lead hazard according to regulations and requirements.

### Actions planned to reduce the number of poverty-level families

HCDD provides many services intended to help reduce the number of persons in poverty. HCDD will carry the following strategies and actions over the next year to help families achieve financial stability.

#### *Increasing income*

- Fund job training, childcare, and educational programs to increase a person's potential income.
- Work with businesses to increase the number of jobs available, especially higher waged jobs, for low- and moderate-income persons.

#### *Building Savings*

- Work with other City entities, such as the Controller's Office initiative BankOn Houston, to increase financial awareness, homebuyer counseling, and general financial literacy concerns.
- Provide home repair assistance to households that do not currently have enough in savings to make necessarily repairs.
- Create affordable multifamily units through new construction and rehabilitation which reduce the housing cost for LMI households and assist families in building savings.

#### *Acquiring Assets*

- Create opportunities for LMI households to become homeowners by assisting CHDOs in single family home development through technical assistance, trainings, and workshops.
- Foster single family home development and ownership through the Houston Community Land Trust (HCLT). HCDD has partnered with HCLT for new single family home development where

homebuyers below 80% AMI will be able to purchase homes at affordable prices. These homes will have long-term affordability and protect residents from being displaced through gentrification.

## Actions planned to develop institutional structure

Internally, HCDD is comprised of five major functions: Program Areas (Multifamily and Public Facilities; Single Family Housing; Economic Development; Disaster Recovery and Public Services), Financial Services and Administration, Planning and Grants Management, Compliance and Operations, and Policy and Communication Divisions. The current structure highlights HCDD's commitment to ensuring that all functions perform in a concerted manner to guarantee an efficient use of public and private resources with maximum output in the form of accomplishments. Underlying this effort is the recognized need to maintain a high level of coordination on projects involving other City departments and/or outside agencies.

HCDD will address gaps and improve institutional structure using the following strategies

- Reduce and/or alleviate any gaps in services and expedite the delivery of housing and community development improvements (primarily affordable housing) to eligible residents.
  - The Special Assistant to the Mayor for Homeless Initiatives will continue to lead planning efforts related to ending homelessness and homeless housing initiatives.
  - The Multifamily/Commercial program area is also increasing efficiency by creating an improved underwriting template to review transactions, streamlining the procurement process, and revising policy and procedure documents. It is also increasing capacity by hiring more staff.
  - The Homebuyer Assistance Program expects to continue coordinating with HCDD's Harvey Homebuyer Assistance Program and to market the program in the community.
  - The Economic Development Program has hired a new manager who will direct efforts in promoting small business development, management, and marketing.
- Use a high level of communication and project coordination among City departments and support the City's efforts to revitalize and/or stabilize low- and moderate-income neighborhoods.
  - HCDD is currently in partnership with the Health, Library, Parks and Recreation, and Houston Public Works departments, as well as the Mayor's Office on a variety of community improvement projects in low- and moderate-income neighborhoods. HCDD will further refine ways to communicate regulations to other City departments which may include additional meetings and desk reviews.
  - HCDD will work to communicate reimbursement process for other City Departments with LOAs. Staff at HCDD will focus on relationship management and improved communication with City departments. Staff will also provide technical assistance to City departments.
  - HCDD will streamline LOA procedures by automating the LOA process through standardizing document formats and signature fields, electronic submissions of reports and payments, and making processes paperless.
  - HCDD will work with Houston Public Works to create and maintain plan analyst jobs specifically tasked with permitting projects from the Single Family Home Repair and Single Family Home Development programs.
  - HCDD's Home Repair Program will also streamline its internal process by improving its application process and assessing its production workflow
- Work with and financially support various community housing development organizations (CHDOs) operating in low- and moderate-income neighborhoods to build affordable housing for the elderly, veterans, and other special needs populations.
  - HCDD will continue to provide technical assistance to local housing development organizations and walk organizations through the application process to become CHDO certified.
  - HCDD will fund CHDO certified organizations to develop affordable single family homes.
- Use established partnerships to identify opportunities for joint ventures with agencies that have sources of funding to construct or operate affordable housing.

- HCDD and HHA will continue to plan rehabilitation of housing units supported by HHA.
- HCDD will build capacity with the Houston Land Bank and Houston Community Land Trust to provide for future options for affordable home development and preservation.
- Continue to cultivate strong working relationships with local financial institutions to ensure the availability of private funding for housing and other projects and low- and moderate- income homebuyers.
  - HCDD will continue to work with the Houston Housing Finance Corporation to develop future housing financing opportunities.
  - HCDD will work with finance agencies to further economic development initiatives.
  - The Multifamily Division will continue to build relationships with financial institutions and lenders, such as the National Equity Fund and Amegy Bank, to be better informed on pricing and communicate about upcoming projects.
  - HCDD will continue to partner with realtors and banks, including those working with minorities and in low-income areas of the City, to advertise and to help residents take advantage of the HCDD's Homebuyer Assistance.

### Actions planned to enhance coordination between public and private housing and social service agencies

As the lead agency in the Annual Action Plan (Plan) development process, HCDD continues to share a common vision with its partners in the public and private housing and social service sectors. That vision promotes community development and the leveraging of resources to maximize program outcomes.

HCDD will continue to enhance coordination efforts between housing and social service agencies. Some of these efforts are described in the following section

- *Coalition for the Homeless Houston/Harris County.* HCDD funds HMIS, the primary data system maintained by the Coalition used to track information related to the region's homeless population. Such data informs efforts to address the needs of the chronically homeless in the region in cooperation with agencies across several counties. HCDD will support the Coalition's efforts to analyze HMIS data to enhance coordination between service providers and homeless housing providers, through the continued development of a coordinated access system. Recently added to the HMIS system is the HOPWA Program, which has helped to coordinate housing and services between homeless and HOPWA providers. In addition, HCDD financially supports the Coalition's administrative efforts including the coordination of the Point-In-Time Count each year, which serves as a basis for federal homeless funding allocations for the CoC.
- *Continuum of Care (CoC).* The CoC brings together local units of government, housing providers, and service providers to strategize and plan for future activities to address homelessness in the Houston area. As a member of the CoC Steering Committee, and various CoC workgroups, HCDD will continue the implementation of the integrated care service delivery model for permanent supportive housing units, by partnering with federally qualified health centers, mental healthcare providers, and homeless service providers.
- *Addressing Homelessness.* HCDD will work to enhance coordination between housing and service providers while leading the effort to implement strategies to end chronic and other forms of homelessness.
- *Economic Development.* HCDD will explore new partnerships with agencies, like Ascend Houston, the Houston Redevelopment Authority and Houston Business Development Inc. (HBDI), to create new opportunities for businesses to provide services in low-income neighborhoods. HCDD will continue to look for economic development opportunities that will best utilize Section 108 funding to create jobs and enhance businesses.
- *City Departments.* HCDD will continue to work with other Departments to implement actions that will affirmatively further fair housing.
- *Addressing COVID-19.* HCDD will use federal and state funding to prevent, prepare for, and reduce the impacts of COVID-19. With a direct allocation of funding from HUD, HCDD will continue to fund activities for rental assistance, maintenance of shelter, and homelessness prevention. HCDD will also continue to leverage its U.S. Treasury funding with Harris County

under a joint program to provide rental assistance to families who were economically impacted by COVID-19.

The activities and partnerships with some of the aforementioned organizations span multiple counties (Harris, Fort Bend, Montgomery) and cities (Missouri City and the City of Pasadena). More details about the organizations consulted throughout the planning process are included in the Consultation section of this Plan.

## Discussion

The City of Houston is continuously refining its strategies to foster affordable housing, reduce lead-based paint hazards, reduce the number of families in poverty, develop institutional structure, and enhance coordination. By enhancing coordination and developing greater collaboration, the City will work to create an environment in which affordable housing, including permanent supportive housing, is sustained and encouraged. HCDD staff will continue to streamline its processes and coordinate with various agencies throughout PY 2021 in support of its entitlement and disaster recovery programs. HCDD will also continue address the impacts of COVID-19 and to leverage its resources to help families recover from the economic downturn caused by the pandemic. Cultivating and strengthening relationships with agencies, advocates and community partners will also improve the delivery of activities funded through entitlement grants.

# Program Specific Requirements

## AP-90 Program Specific Requirements – 91.220(L)(1,2,4)

### Introduction

The following addresses the program specific requirements for the Annual Action Plan. It includes required information for CDBG, HOME, HOPWA, and ESG.

### Community Development Block Grant Program (CDBG)

#### Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

**Table 13 – CDBG Program Income**

<b>1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed</b>	<b>\$157,395</b>
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	\$0
3. The amount of surplus funds from urban renewal settlements	\$0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	\$0
5. The amount of income from float-funded activities	\$0
<b>Total Program Income:</b>	<b>\$157,395</b>

### Other CDBG Requirements

**Table 14 – CDBG Requirements**

1. The amount of urgent need activities	<b>0</b>
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	90.0%

## HOME Investment Partnership Program (HOME)

### Reference 24 CFR 91.220(I)(2)

#### 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows

The City of Houston does not use other forms of investment beyond those identified in Section 92.205.

#### 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows

In PY 2021, HCDD will utilize a recapture requirement for homeownership activities for HOME assisted units constructed as a part of the CHDO Single Family Home Development Program. HCDD adheres to the minimum recapture provisions established in §92.254(a)(5)(ii) when providing assistance for the development of new homes by CHDOs.

The following bullets outline the required minimum affordability period for homebuyers receiving a direct HOME subsidy through HCDD program

Direct HOME Subsidy	Minimum Period of Affordability
Under \$ 15,000	5 years
\$ 15,000 - \$ 25,999	10 years
\$ 26,000 - \$ 39,999	15 years
\$ 40,000 or above	20 years

The direct HOME subsidy is the amount of HOME assistance that enabled the homebuyer to buy the unit and may include downpayment, closing cost, interest subsidies, settlement charges, or other direct subsidy that reduced the purchase price from fair market value to an affordable price.

According to the recapture requirements of the CHDO Single Family Home Development Program, assistance, which is a direct HOME subsidy, is provided as direct buyer purchase assistance facilitated as a 2<sup>nd</sup> mortgage financing. The assisted homebuyer must occupy the property as his/her principal residence through the affordability period. Once the affordability period ends, no recapture restrictions will apply. If the property is sold, is no longer the owner's principal residence, or is otherwise non-compliant with the recapture requirements during the affordability period, HCDD will recapture a portion of the direct HOME subsidy provided to the homebuyer before the homebuyer receives a return on the sale. The recapture amount will be reduced, on a pro rata basis, by the amount of direct HOME subsidy due at sale. The homebuyer may sell to any homebuyer. HCDD's recapture amount is limited to the net proceeds available from the sale. Net proceeds are defined as the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

In the case of default during the affordability period, the City may pursue all remedies available to the City under the homebuyer written agreement, mortgage and lien documents, deed restrictions, or any covenants running with the land. In the development of home purchase agreements, HCDD will utilize the recapture provision, as discussed above: recapture of a portion of the direct HOME subsidy (see HOME Program regulations at 24 CFR 92.254(a)(5)(ii)).

#### 3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows

As mentioned in the previous section, the period of affordability is stated in a written agreement between the homebuyer and HCDD through loan and program documents, which could include, but are not limited to, the Loan Note, the Lien, the Statement of Terms and Conditions, and Land Use Restriction.

Recapture is triggered when a homebuyer becomes non-compliant or a default occurs. Each of the following constitutes a default as defined by the loan documents

- Homeowner fails to owner-occupy the property as their principle residence.
- Homeowner transfers any interest in the property through a voluntary or involuntary sale.
- Homeowner fails to follow terms of loan agreements.

Annually, HCDD confirms homeowner compliance by requiring each homeowner to confirm their primary occupancy of the home purchased with federal funds that are still within the affordability period. The default and recapture process is initiated when residency cannot be established.

#### 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows

In accordance with 24 CFR 92.206(b) and 24 CFR 91.220(c), HCDD may permit refinancing of existing HOME financed projects under specific conditions and circumstances.

Applicants must demonstrate that

- Rehabilitation is the primary eligible activity
  - A rehab in which HOME funds are used to reduce any dollars in the capital structure, is considered rehabilitation and refinancing
  - Applicants can demonstrate compliance by reporting a minimum of \$5,000 of rehabilitation per unit
- Property will meet the extended 15-year affordability period
- The project, based on the included feasibility analysis, can reasonably service the targeted population over the affordability period
- The rehabilitated property will have at least 5 percent of its units designated as disability accessible and 2 percent designated, as appropriate, for use by the visually and hearing impaired
- The new investment being made
  - Maintains current affordable units; creates additional affordable units, or both
  - Funds a project which lies within the limits of the City of Houston
  - Is on a site and within a neighborhood suitable from the standpoint of facilitating and furthering full compliance with the applicable provisions of Title VI of the Civil Rights Act of 1964, the Fair Housing Act, Executive Order 11063, and implementing HUD regulations

A rehabilitation project in which all HOME funds are used for construction costs is not considered a refinancing. HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

## Housing Opportunities for Persons with HIV/AIDS (HOPWA)

### Goals

HCDD solicits proposals for HOPWA sponsors through an RFP process that usually occurs every two years. Selected sponsors are contracted for a one-year period and may include a one-year extension if all contract requirements are met. The most recent RFP occurred in fall of 2018 where several agencies were selected as project sponsors for PY 2018 and 2019 allocations. Due to the focus on COVID-19 projects, the RFP anticipated for PY 2020 will now be conducted during the program year 2021.

In PY 2021, HCDD will allocate

- \$2,351,795 for operating costs to provide 300 individuals with permanent and transitional facility-based housing
- \$2,374,188 for supportive services serving 1,800 individuals
- \$2,535,172 for project or tenant-based rental assistance for 475 individuals
- \$2,535,172 for short-term rent, mortgage and utility subsidies for 800 individuals

### Discussion

HOPWA activities in PY 2021 are expected to serve 3,375 persons who have or are affected by HIV/AIDS. Services will be located in the Houston Eligible Metropolitan Statistical Area (EMSA). HCDD continues to serve as a member of the Ryan White Planning Council (Ryan White), and an HCDD staff member also serves as co-chair of the Priorities and Allocation Committee under the Council. In addition to receiving critical community health needs information from Ryan White, HCDD staff also meet with HOPWA providers at least twice a year to receive information about the implementation and needs of the current providers. When HCDD receives information from stakeholders like Ryan White and from HOPWA providers, HCDD can adjust future funding decisions. For instance, with information from HOPWA providers, HCDD will target funding more to tenant-based rental assistance and less on short-term rent, mortgage and utility assistance.

The Office of Management and Budget (OMB) issued revisions to metropolitan statistical areas (Bulletin 13-01) which reconfigured many of the HOPWA Eligible Metropolitan Statistical Areas (EMSAs). As a result of these revisions San Jacinto County was removed from the City of Houston HOPWA formula jurisdiction for PY 2014. San Jacinto County will now be under the State of Texas HOPWA grant.

Effective July 1, 2014, HCDD's HOPWA program migrated from Powersource to using HUD's Homeless Management Information System (HMIS) the client database for HOPWA programming in the region. This will allow HOPWA programming to be part of the coordinated access system.

With this initiation of using HMIS, HCDD is changing the way the weeks for STRMU assistance are counted from four weeks for a client (regardless of the amount of rent received, i.e. full month or half a month) to fractions based on whether a client received rent for a full month, half month, or a quarter of a month. HCDD defines a year based on a particular participants' year (one year from the day the participant begins receiving assistance).

In addition, the HOPWA Program recently changed its rent standard. The HOPWA Program moved from using Fair Market Rent as the rent standard to adopting the public housing authority's rent standard.

## Emergency Solutions Grant (ESG)

### Reference 91.220(l)(4)

#### 1. Include written standards for providing ESG assistance (may include as attachment)

Written standards for providing ESG assistance are included in the Appendix and were updated in PY 2020.

#### 2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Continuum of Care (CoC) in the Houston area has established a centralized and coordinated assessment system that meets HUD requirements and is in the process of fully implementing the system. In 2014, the Coordinated Access system became fully operational across of the CoC's service areas. The CoC continues to implement Coordinated Access system and the utilization of Rapid Re-Housing. The system immediately connects residents to diversion and homeless prevention programs. These programs are designed to help persons who have recently become homeless or are at risk of losing their homes. The system also identifies populations who have a greater need for diversion services.

The ESG homelessness prevention and rapid re-housing programs use common assessments and eligibility criteria, and clients may access homelessness prevention or rapid re-housing services at any point in the system. In order to target the system's limited homelessness prevention resources to those most at-risk of homelessness, in addition to HUD's eligibility criteria, local risk factors for homelessness were used to develop a common assessment. In order to monitor the tool's effectiveness, the CoC tracks clients who are deemed ineligible for homelessness prevention services to see if they access shelter or homeless services. Rapid re-housing programs target four high need population groups that would benefit from the model.

#### 3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

HCDD selects projects for funding based on the greatest community need, as well as the effectiveness of the organizations assisting the community. In the summer of 2021, the City of Houston will issue an (request for proposal) RFP to award funding through a competitive process. The subrecipient will, then, award funding on a 12-month basis with a renewal option to subcontractors from non-profit organizations. Allocations for the renewals were determined based on productivity of the program, utilization rate, and need for service.

Approximately 15% of ESG resources may go to organizations located outside of the City limits of Houston. Funds will be used for activities that benefit residents of the City of Houston and may include emergency shelter, homeless prevention, and rapid re-housing.

HMIS services continue to be funded out of the ESG program, and the Coalition continues to receive funding for the local HMIS.

#### 4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Houston meets the homeless participation requirement. The CoC consults with the four ESG jurisdictions bi-monthly. As a part of the planning role of the group, funding recommendations are taken from providers in the CoC's Homelessness Prevention and Rapid Re-Housing Planning and Service Coordination workgroup, Consumer Advisory Council, CoC's Action Plan, and data analysis from HMIS.

With this information, ESG jurisdictions, including HCDD, form strategies for funding program types and certain priorities. The Coalition for the Homeless' Consumer Advisory Council is comprised of people who are currently or formerly homeless. In addition, two places on the CoC Steering Committee, which consists of 19 members, are designated for consumer representatives, individuals who have experienced homelessness. Also, the Coalition's Board of Directors, which the City of Houston is a part of, is required to have a representative from the Homeless Services Coordinating Council.

## 5. Describe performance standards for evaluating ESG.

In consultation with the Coalition and other Emergency Solutions Grants grantees within the CoC, HCDD has developed program standards for Emergency Shelters, Homelessness Prevention, Rapid Re-Housing, and HMIS activities. HCDD is not including performance standards for Street Outreach at this time because members of the CoC are not currently, and will not for PY 2021, fund activities related to Street Outreach. As with the other standards, grantee members of the CoC will refine the performance standards to include those for Street Outreach, if necessary, in the proceeding program years.

For these standards, the initial data collection will be used to create baseline data. Grantees within the CoC have been working to establish community wide standards so that the community as a whole will have common goals. The CoC will measure progress toward those goals on a community level, as well as individual grantee level. HCDD will use the data collected on these outcomes over the following program years to analyze effective programs and establish more measurable standards. The progress toward outcomes will later be used to establish the community standard for achieving those outcomes. The City continues to operate under the ESG Written Standards that were updated in PY 2019. The City anticipates more conversation and a thorough examination of performance and outcomes.

ESG standards for performance continue to be based on the outcomes below.

### *Number and percentage of people exiting to a known place*

This outcome will be measured by evaluating HMIS data for client exit. The measure will help improve data quality and provide better information on client outcomes for shelter programs. The goal of this standard is to help the CoC measure and reduce the time people spend homeless by providing a big picture of which program models are successful in reducing and eliminating returns to homelessness for clients. The data will also help the community to better target resources to clients who are returning to homelessness and have the highest needs.

### *Number and percentage of people assisted in overcoming a specific barrier to obtaining housing*

This outcome will be measured by detailing the types of barriers addressed and the steps to decreasing barriers so that clients using emergency shelter have more opportunities to access permanent and transitional housing and rapid re-housing services. HCDD endeavors to reduce the number of people living both on the street and in emergency shelters by reducing barriers. In addition, reducing the barriers will increase the likelihood of positive housing outcomes for clients that are accessing emergency shelter.

### *Number and percent of people who increase income from entry to exit in emergency housing programs*

This outcome will help the community measure the reduction in barriers to housing for clients in emergency shelter. For Homelessness Prevention and Rapid Re-housing, the CoC will to use the same performance standards to help measure the success of these interventions for the community. HCDD recognizes that clients who receive Rapid Re-Housing assistance will have a separate set of needs and likely higher barriers to maintaining permanent housing, so the outcome goals will be different, even though the measures for both programs are the same.

## Discussion:

The City of Houston continues to work together with the CoC and other ESG grantees to review and revise standards of performance and service delivery as needed.

## Appendix 1: Affirmatively Further Fair Housing

Fair housing and equal opportunity are fundamental principles to creating and sustaining communities in Houston. One way that the City demonstrates its commitment to these principles is by completing an Analysis of Impediments to Fair Housing Choice (AI). The AI is a document containing a review of obstacles that can impede fair housing choice and a list of actions to remove or decrease these identified barriers. The development of the City's 2020 AI coincided with the 2020-2024 Consolidated Plan.

The 2020 AI listed 12 impediments to fair housing choice in Houston. Although not exhaustive, this list is an attempt to outline impediments that were found during the development of the 2020 AI, using various data sources and extensive community input. At the suggestion of several community groups, impediments have been categorized under four fair housing and neighborhood rights that incorporate affirmatively furthering fair housing principles.

**The right to choose:** All Houstonians have a right to live in a decent home in a neighborhood of their choice, free from discrimination.

1. Discrimination in Housing
2. Lack of Knowledge about Fair Housing
3. Lack of Housing Affordability and Options
4. Lack of Accessible Housing for Persons with Disabilities
5. Lack of Income/Lack of Funding
6. Segregated Housing Patterns Based on Race, Ethnicity, and Economic Status

**The right to stay:** Transitioning neighborhoods in Houston should be revitalized for the benefit also of existing residents without replacement.

7. Lack of Access to Financial Education / Discriminatory Banking Practices

**The right to equal treatment:** Houston will work to end discrimination and disinvestment in low-income, minority concentrated neighborhoods and ensure that infrastructure, public services and facilities, and other public resources are provided equitable to all neighborhoods.

8. Imbalanced distribution of Amenities, Services, and Infrastructure Between Neighborhoods
9. NIMBY Resistance
10. Lack of Transportation Options
11. Increased Health Hazard Exposure in Certain Neighborhoods

**The right to have a say:** All residents have a right to be informed about, and have an input in, decision that affect their communities.

12. Lack of Communication Between Government and Residents

HCDD created the "Summary of Recommended Actions and Fair Housing Implementation Plan" in the 2020 AI as a five year plan to address the identified impediments. The thirty identified fair housing actions are closely aligned to the strategies in the 2020-2024 Consolidated Plan and to proposed projects and activities in each subsequent Annual Action Plan.

## Lack of Affordable Housing

One of the impediments identified in the 2015 AI indicated that there is a lack of affordable housing. The strategies and actions taken to address this impediment described in the 2021 Annual Action Plan are consistent with the 2020- 2024 Consolidated Plan goals

- Goal 1: Preserve and expand the supply of affordable housing
- Goal 2: Expand homeownership

## Addressing Goals and Priority Needs

The projects and activities proposed in the 2021 Annual Action Plan address the goals and priority needs listed in the 2020-2024 Consolidated Plan's Strategic Plan. The goals and priority needs listed in the Strategic Plan do not necessarily correlate to only one protected class, but instead address the needs of multiple or all protected classes. However, by regulation, HOPWA activities will only serve persons with HIV/AIDS--considered to be persons with a disability--or their families.

## Measuring Progress

The 2021 Annual Action Plan lists proposed quantifiable goals that will be used to measure progress of the activities at the end of the program year. Information regarding various protected class traits is aggregated and recorded in IDIS or HMIS and will assist in determining how the proposed activities helped address the needs of the relevant protected classes. The data collected varies depending on the project, activity, and funding source. There is also information that should be collected that is not reported in IDIS, such as number of applicants. Quantifiable goals and other measures are included in the CAPER.

For instance, depending on the national objective and the beneficiary of the activity (persons, households, or presumed benefit), CDBG public service activities, and some public facility activities, collect information about a beneficiary's race, Hispanic origin (which can serve as a proxy for color and national origin), and status as a female headed household (which can serve as a proxy for familial status). This information is reflected in IDIS. Economic development activities, which are also dependent on the nature of the CDBG activity, may collect information about the race and Hispanic origin of persons receiving assistance. In addition, information about residents within the assisted area, including race, ethnicity, sex, familial status, and disability, may be collected for certain public facilities, economic development, and code enforcement activities that benefit an area; although, this information is not required in IDIS.

HCDD's Homebuyer Assistance Program and Home Repair Program applications collect information about an applicant's race, Hispanic origin, sex, familial status, and household disability status. The Multifamily Housing Program collects information about initial tenants of rehabbed and newly constructed units, including race and Hispanic origin. Compliance includes verifying the number of Section 504 units in multifamily properties. In addition, as part of the annual compliance review of multifamily units in HCDD's portfolio, information about race, Hispanic origin, and female headed households is collected for tenants residing in the City of Houston's income-restricted units.

For activities funded with ESG, information about beneficiaries' race, Hispanic origin, gender identity, and special needs (including disability) is collected in HMIS. HOPWA activities, now also reporting in HMIS, collect information on race, ethnicity, gender, familial status, and disability.

Although projects and activities carried out in the next year will address needs of various protected classes and low-income residents in Houston, entitlement funding at current levels will not meet the needs of all Houstonians, including those of selected protected classes.

## Addressing Impediments

Listed in the "Summary of Recommended Actions and Fair Housing Implementation Plan" are the actions HCDD plans to carry out during PY 2021 to address the identified impediments from the 2020 AI. Each

action has one or more corresponding impediments it is intended to address. Many of these fair housing actions are directly related to the projects in the 2021 Annual Action Plan. Other fair housing actions listed are not related to individual projects but instead, are general fair housing education and research activities.

### **Fair Housing Funds**

HCDD set aside \$150,000 of administrative funding in the PY 2021 CDBG budget to assist in funding the salary of employees and expenses related to carrying out some of the fair housing activities below.

There are three full-time employees in HCDD's Planning and Grants Management Division who focus on educating the public about matters involving landlord and tenant relations, fair housing issues, and answering their questions via the Landlord/Tenant and Fair Housing Hotline. Other administrative funds will also be used to fund these and other HCDD employees who assist with a variety of activities supporting fair housing, which include, but are not limited to: updating and creating fair housing materials, analyzing data, monitoring for Section 3 and Labor Standards requirements, and distributing information about the benefits of and the available opportunities for affordable housing in Houston and its neighborhoods.

<p><b>1. Provide counseling through the City’s Fair Housing Hotline</b>                      The City's Fair Housing Hotline provides a year-round, free resource to residents who may have been discriminated against or have questions or concerns about various tenant and landlord issues. This action will continue to provide a resource to anyone living in, owning housing, or planning to move to the Houston area that may have a question or concern about their rights. The Fair Housing Hotline is one way to address several impediments by empowering residents about their rights, giving residents various ways to remedy possible discriminatory actions, and preventing future discrimination from occurring.</p> <p align="right"><b>Priority: High</b></p>	<p>1. <p><b>3. Provide fair housing and HCDD housing program information to residents</b>                      a) HCDD will create a fair housing outreach plan to inform 500,000 residents, of their fair housing rights, the fair housing complaint process, tenant and landlord relations, housing issues and issues surrounding housing opportunity, and HCDD’s general programs. The outreach will likely consist of direct mailings, social media, print advertisements, informational brochures, and presentations. This action will address the lack of knowledge of existing fair housing and housing resources by creating an array of targeted marketing for groups that have little or no knowledge of fair housing rights, fair housing laws, or HCDD housing programs. ## ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

### ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

### ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

**CERTIFICATIONS**

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** --The jurisdiction will affirmatively further fair housing.

**Uniform Relocation Act and Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

**Anti-Lobbying** --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701(u)) and implementing regulations at 24 CFR Part 135.

## Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019, 2020, 2021 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**Compliance with Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

**Compliance with Laws** -- It will comply with applicable laws.

## Specific HOME Certifications

The HOME participating jurisdiction certifies that:

**Tenant Based Rental Assistance** -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

**Eligible Activities and Costs** -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

**Subsidy layering** -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

## Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

**Major rehabilitation/conversion/renovation** – If an emergency shelter’s rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

**Essential Services and Operating Costs** – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

**Renovation** – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

**Supportive Services** – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for these individuals.

**Matching Funds** – The recipient will obtain matching amounts required under 24 CFR 576.201.

**Confidentiality** – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

**Homeless Persons Involvement** – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

**Consolidated Plan** – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

**Discharge Policy** – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

### ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

## HOME-ARP CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the participating jurisdiction certifies that:

**Affirmatively Further Fair Housing** --The jurisdiction will affirmatively further fair housing pursuant to 24 CFR 5.151 and 5.152.

**Uniform Relocation Act and Anti-displacement and Relocation Plan** --It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It will comply with the acquisition and relocation requirements contained in the HOME-ARP Notice, including the revised one-for-one replacement requirements. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42, which incorporates the requirements of the HOME-ARP Notice. It will follow its residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the HOME-ARP program.

**Anti-Lobbying** --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and program requirements.

**Section 3** --It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

**HOME-ARP Certification** --It will use HOME-ARP funds consistent with Section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) and the CPD Notice: *Requirements for the Use of Funds in the HOME-American Rescue Plan Program*, as may be amended by HUD, for eligible activities and costs, including the HOME-ARP Notice requirements that activities are consistent with its accepted HOME-ARP allocation plan and that HOME-ARP funds will not be used for prohibited activities or costs, as described in the HOME-ARP Notice.

# Introduction

In September 2021, the U.S. Department of Housing and Urban Development (HUD) announced the allocation to the City of Houston (City) of over \$37 million in a new grant called the Home Investment Partnerships Grant American Rescue Plan (HOME-ARP). The purpose of the HOME-ARP funds is to provide homelessness assistance and supportive services through several eligible activities. Eligible activities include acquisition and development of non-congregate shelter, tenant based rental assistance, supportive services, HOME-ARP rental housing, administration and planning, and nonprofit operating and capacity building assistance. A certain portion of HOME-ARP funds must assist people in HOME-ARP "qualifying populations", which include

- Sheltered and unsheltered homeless populations
- Those currently housed populations at risk of homelessness
- Those fleeing or attempting to flee domestic violence or human trafficking
- Other families requiring services or housing assistance or to prevent homelessness
- Those at greatest risk of housing instability or in unstable housing situations

To receive funding, the City must develop and submit to HUD a HOME-ARP Allocation Plan, which describes the distribution of HOME-ARP funds and identifies any preferences for eligible activities. The development of the HOME-ARP Allocation Plan must also be informed through stakeholder consultation and community engagement. The following is the City of Houston's HOME-ARP Allocation Plan.

# Consultation

## *Summarize the consultation process.*

The City partners with public and private entities, and these stakeholders were consulted during the development of the HOME-ARP Allocation Plan. These consultants have relevant knowledge that can speak to the needs, gaps in services, and potential activities that would best benefit qualified populations. Stakeholders consulted included those who work with families or individuals experiencing or at-risk of homelessness, fleeing domestic violence, and other vulnerable qualifying populations.

In the development of the allocation plan, HCDD consulted with stakeholders and asked for their input concerning the HOME-ARP grant, eligible activities, and the proposed budget. Consultants articulated their gap in services and/housing needs by providing written and verbal input. HCDD synthesized the consultants' feedback, and the following table and narrative summarizes the feedback received. HCDD also deployed a HOME-ARP Consultation Survey for community partners to give their input on how to utilize HOME-ARP funds and on the needs and challenges that arise when working to address homelessness and housing instability. HCDD will continue to meet with stakeholders throughout the implementation of the HOME-ARP activities to assess the ongoing needs of stakeholders' clients. HCDD will also strive to collaborate with stakeholders to develop and effectuate strategies that will help end chronic homelessness.

List the organizations consulted, and summarize the feedback received from these entities.

Table 1 Agencies/Organizations Consulted

Agency/Organizations Consulted	Type of Agency/Organizations	Method of Consultation	Feedback
Coalition for the Homeless of Houston/Harris County	Services-homeless Regional organization Planning organization	Virtual Meeting	<p>HCDD consulted regarding the "Needs Assessment and Gap Analysis" section of this Plan.</p> <p>The Coalition also manages the HMIS system subrecipients report accomplishments related to homelessness. Data from HMIS is used to evaluate program performance.</p> <p>The Coalition is the lead agency to the Way Home Continuum of Care (CoC), and the CoC was consulted about potential HOME-ARP activities, fund distribution, and collaborations. The Coalition supported need for the funds to address public services and permanent supportive housing.</p>
City of Houston – Mayor's Office of Homeless Initiatives	Other government – Local	Virtual Meeting	<p>HCDD consulted with the Mayor's Office of Homeless Initiatives to determine priorities for addressing needs of persons experiencing homelessness. The feedback received supported funds to be used for non-congregate shelter and supportive services.</p>
Covenant House	Services-homeless Regional organization Planning organization	Homeless Strategy	<p>Covenant House provides housing and supportive services to HOME-ARP qualifying populations, including homeless, trafficked, and at-risk youth. Needs described included non-congregate shelter.</p>
Houston Housing Authority (HHA)	PHA	Public Housing Needs Homeless Strategy	<p>HHA serves on the CoC Board of Directors. HCDD and HHA will continue to meet regularly to discuss current projects and plan for potential future projects and initiatives to address homeless needs. Tenant based rental assistance continues to be a need for HHA applicants.</p>

*Consultation Survey*

During the consultation process, HCDD sent a HOME-ARP Consultation Survey to 45 agencies and community partners. Those that responded to the survey serve more than 28,000 individuals and over 12,000 families who fall within the HOME-ARP qualified populations, including sheltered individuals and families or individuals fleeing family or sexual violence. Respondents included staff from the following organizations:

- A Caring Safe Place, Inc.
- Access Care of Coastal Texas
- AIDS Foundation Houston
- The Alliance
- Child Care Council of Greater Houston
- City of Houston
- Coalition for the Homeless
- Buckner Children and Family Services
- Fort Bend Women's Center
- The Housing Corporation
- Harris County Domestic Violence Coordinating Council
- Harris County Community Services Department

- The Montrose Center
- Northwest Assistance Ministries
- SER Jobs for Progress of the Texas Gulf Coast, Inc.

Almost 80% of the households served by the survey respondents are households seeking asylum from domestic/dating violence or sexual assault. About 61% of the population that respondents served were sheltered households experiencing homelessness and/or families at risk of homelessness.

The survey asked respondents to report the level of service provided to varying racial/ethnic groups. Survey responses showed that on average African Americans (52.5%) accounted for the largest racial/ethnic category of HOME-ARP qualifying populations receiving assistance provided by survey respondents. The next largest racial/ethnic category served by survey respondents was Hispanic residents, which encompassed about 28.8% of the qualified populations served by survey respondents.

Figure 1 Consultation Survey: Racial/Ethnic Demographics of Qualified Populations Served by Survey Respondents

Survey respondents expressed the need for supportive services for qualifying populations like case management, job placement, legal assistance, parenting classes, transportation, childcare substance abuse services, and mental health, amongst many other services. Daily essentials like food and clothing are also among the priority needs for their served populations. Service providers also specified housing-related priority needs like permanent supportive housing, housing placement, appropriate housing units based on family size, rental assistance, and other housing subsidies. Some respondents expressed the need for more funding to cover operating costs to manage housing programs more effectively.

Some survey respondents also reported that there are varying needs amongst racial ethnic groups. For example, employment and healthcare resources for immigrants, irrespective of documentation, are severely limited. Needs may also vary between documented and undocumented individuals; however, language assistance is a critical need, especially because of Houston’s proximity to the Texas/Mexico border and because Houston is an international hub, where a significant number of Hispanics and other immigrants need services and materials provided in languages other than English.

Many of survey respondents meet these needs of Houstonians by providing supportive services and rental assistance. Almost all provide supportive services, and over half, 61.5% said that they provide rental assistance. Only 23% of the respondents said that they manage or operate permanent supportive housing, while between 7-15% of respondents provide other services or housing assistance related temporary supportive housing or affordable rental housing. The demand for these services shows that there is a great need in Houston.

Figure 2 Consultation Survey: Kinds of Housing Assistance or Supportive Services

Despite the number of households served, respondents indicated there are gaps in services and assistance. Some respondents reported that households may have trouble being placed in housing because there is an “overwhelming shortage of housing units and a lack of short-term emergency housing, especially for persons with a criminal history.” Not only is there a lack of affordable housing and rental assistance, but it is also difficult for seniors to find homes because of the cost, available stock, and assistance.

Fair housing barriers may also contribute to gaps in services. The majority of survey respondents, 61.5%, reported that there are fair housing barriers that qualifying populations experience. Such barriers include accessible housing for individuals with multiple disabilities and cognitive disabilities, and many households, irrespective of disabilities, need help navigating complex systems and filling out paperwork. Some households also experience housing discrimination because of their sexual orientation or racial/ethnic group. Those who are don’t speak English or have limited English proficiency also encounter difficulties because of their need for language assistance. Other respondents also expressed concerns regarding the difficulties that individuals face when fleeing domestic violence like demonstrating income or rental denials. These barriers related to fair housing are likely to be associated with gaps in services.

Survey respondents agreed that the highest priority for HOME-ARP funding should be tenant-based rental assistance, as represented in Figure 3. The second highest priority was tied with acquiring and developing of non-congregate shelters, providing supportive services, and providing assistance to non-profit operating costs. Although the proposed HOME-ARP funding does not meet the need in Houston, survey respondents generally agreed that funding the acquisition or development of non-congregate shelters should be a high priority. Not only are more non-congregate shelters needed in Houston, but other cities in the region would also benefit from this kind of housing. Generally, respondents agreed with the proposed activities and

distribution of HOME-ARP funds, although a few respondents indicated more funding should be allocated for rental assistance.

Figure 3 Consultation Survey: HOME-ARP Activity Priorities

When asked if HCDD should set preferences among the qualifying populations to prioritize applicants for any of the following activities, the majority of respondents did not indicate preferences for activities (see Figure 4). For those that did indicate preferences, only acquisition and development of non-congregate shelters had the majority of survey responses indicate that it should include preferences, and the preferences for qualified populations should be given to households fleeing domestic/dating violence or sexual assault. Conversely, all respondents (100%) seemed to agree that HCDD should not give preferences when funding assistance for nonprofit capacity building, and most survey respondents reported that no preference should be given to specific qualified populations for other activities like TBRA, supportive services, affordable rental housing and nonprofit operating assistance. However, one respondent noted that high priority should be given to domestic violence agencies providing housing services when providing non-profits with assistance for operating costs.

# Public Participation

## Describe the public participation process, including information about and the dates of the public comment period and public hearing(s) held during the development of the plan:

Public participation is a vital element in assessing the needs of and a gathering input from Houstonians. HCDD seeks to exceed the statutory requirements of holding one public hearing by hosting two public hearings in preparation for the HOME-ARP Allocation plan.

HCDD held two public hearings that discussed the development of the HOME-ARP Allocation Plan, which incorporated information and discussion of community needs and eligible activities related to HOME-ARP, along with the chance to provide public comment on the proposed budget and activities. These hearings were held on November 4 and 10, 2021.

During the public hearings, HCDD presented eligible HOME-ARP activities and the City's proposed HOME-ARP budget. At the meetings, HCDD also had breakout groups in which each attendee had the opportunity to discuss the HOME-ARP budget and activities with HCDD staff and give their input on how HCDD should plan activities using to HOME-ARP funding.

The public notice describing the budget and activities and how to review the HOME-ARP Allocation Plan was published in the *Houston Chronicle* on November 4, 2021 in English and in the *La Voz* on November 10, 2021 in Spanish. The public comment period on the Draft HOME-ARP Allocation Plan coincided with the public hearings and began November 4, 2021 and ended on November 19, 2021.

## Describe any efforts to broaden public participation:

HCDD has employed a comprehensive strategy to broaden public participation in the development of the HOME-ARP Allocation Plan. HCDD aspires to reach many residents and stakeholders from varying backgrounds, including persons of color, limited English and non-English speakers, persons with disabilities, and special needs populations. To increase public participation, HCDD created several methods for residents to participate in development of the HOME-ARP Allocation Plan. HCDD's efforts are summarized below.

- HCDD conducted two virtual public hearings to gather residents' input from all areas of the city. The hearings were held on Microsoft Teams and broadcasted on HTV, HTV Facebook Live, and HCDD's Facebook Live.
- The two public hearings were held at staggered times (afternoon and evening) to broaden resident reach.
- HCDD provided a Spanish interpreter for Spanish speakers with limited English proficiency and provided real-time captioning for persons who are deaf or have a hearing loss during the public hearings.
- Flyers for the public hearings were posted at community centers and on local news station community calendars.
- HCDD's Electronic Newsletters with information about the public hearings were sent to over 27,000 city residents and stakeholders on October 20 and November 1, 2021.
- The hearings and the Draft Allocation Plan comment period were advertised in the *Houston Chronicle*, *La Voz* in Spanish (Spanish newspaper), and *Viet Moi* in Vietnamese (Vietnamese newspaper).

- Residents were also able to download the draft. Residents could comment through email, voicemail, and postal mail or simply complete an online comment form.
- HCDD staff attended stakeholder and community meetings to inform residents of the HOME-ARP grant and public hearings, which included several Super Neighborhood meetings and Super Neighborhood committee meetings, HCDD's Housing Advocates Collective Meeting, and Coffee and Conversations with the Department of Neighborhoods.

**Summarize the comments and recommendations received through the public participation process:**

A full summary of comments and recommendations received during the public comment period and the public hearings are in the Appendix of the 2021 Annual Action Plan. The main topics of comments received during the public hearings encouraged program transparency, encouraged funding for economic development in certain areas to increase access to amenities and create jobs with good pay, and highlighted community needs, including providing health and social service information in languages other than English and Spanish, providing additional health and mental health services, providing social services in areas outside of central Houston, and addressing safety and gentrification concerns in certain neighborhoods.

**Summarize any comments or recommendations not accepted and state the reasons why:**

All comments were accepted.

# Needs Assessment and Gaps Analysis

To assess the unmet needs of HOME-ARP qualifying populations, HCDD evaluated the size and demographic composition of those populations. HCDD has also identified gaps within its current shelter and housing inventory, as well as the service delivery system. In the needs assessment and gaps analysis, HCDD used current data, including Comprehensive Housing Affordability Data (CHAS), 2021 Point in Time Count (PIT Count), 2020 CoC Housing Inventory Count (HIC), or other data available data sources.

While the amount of people estimated to be experiencing homelessness may be underrepresented due to COVID-19, the following information includes the basis for the needs assessment and gap analysis for HOME-ARP qualified populations based on the latest available data.

### Describe the size and demographic composition of qualifying populations within the PJ's boundaries:

HUD requires HOME-ARP funds be used to primarily benefit individuals and families in specified HOME-ARP "qualifying populations." Qualifying populations include, but are not limited to, the following

- Sheltered and unsheltered homeless populations
- Those currently housed populations at risk of homelessness
- Those fleeing or attempting to flee domestic violence or human trafficking
- Other families requiring services or housing assistance or to prevent homelessness
- Those at greatest risk of housing instability or in unstable housing situations

### *Homeless Populations*

In accordance with HUD's definition of homeless under the HOME-ARP grant, HCDD will consider a homeless family or individual to generally include:

- An individual or family who lacks a permanent and adequate permanent home
- A person or family who will imminently lose their permanent home due to a lack of resources or support
- A youth under the age of 25, even if accompanied by an adult, that does not have a permanent home

The Way Home Continuum of Care (CoC) is a collaborative effort to prevent and end homelessness in the Houston region (3,711 sq. miles), including in Houston, Pasadena, Conroe, Harris County, Fort Bend County, and Montgomery County. The Coalition for the Homeless Houston/Harris County (Coalition) serves as the lead agency and HMIS lead agency to The Way Home. The Coalition's 2021 Point-in-Time Homeless Count & Survey (PIT Count) found a total of 3,055 individuals experiencing homelessness on the night of January 19, 2021, 1,532 people staying in shelter (51%) and 1,510 people living unsheltered (49%) in Harris, Fort Bend and Montgomery counties, Texas.

In the homeless population, over four out of five persons experiencing homelessness were over the age of 24. Approximately one out of eight were under the age of 18, and all of those under age 18 were residing in sheltered situations. The population living unsheltered was older with forty-nine out of fifty (97%) 25 years of age or older. The sheltered population experiencing homelessness was younger, due to the inclusion of children in that population. Overall, three out of five persons, in the population experiencing homeless were male, and men made up an even higher percentage of the unsheltered population (81%).

The analysis of subpopulation showed that nearly one out of five people met the HUD definition of chronic homelessness. One out of eleven people self-identified as a veteran, and high rates of serious mental illness (two out of five) and substance use disorder (three out of five) were also reported. A total of 187 young adults (18-24) were among those experiencing homelessness, with 9% reported as chronically homeless. Thirty children were found in parenting youth households, and all of them were in emergency shelter or transitional housing.

The vast majority of those experiencing homelessness were either Black/African American (56%) or White (40%). One in seven individuals experiencing homelessness who were interviewed considered themselves Hispanic. The findings show a higher percentage of white homeless people were found in the unsheltered population than in the sheltered population.

Figure 5 Racial Equity Analysis in 2020

**Data Source:** HMIS; U.S. Census Bureau 2019 American Housing Survey; Wellfareinfo.org

People of color are disproportionately overrepresented in the homeless system. The homeless response system and governmental funders play a role in these disturbing levels of inequity, and they have an important role to play in addressing them and must ensure that the homeless response system does not perpetuate injustice. Houston, while working to end homelessness for everyone, must ensure system policies, programmatic practices, and unconscious bias are not preventing or delaying people of color from accessing services, or directing them to services not of their choosing. As the homeless response system transforms, all people, especially people of color, must have equitable access and opportunity.

Figure 6 Homeless Population by Race

Figure 6 shows that African Americans experience a severely disproportionately higher rate of homelessness compared to other races and ethnicities. The percentage of African Americans that experience homelessness (56.2%) is more than twice that of the area’s population (20%). Other races and ethnicities have lower percentages of homeless population compared to percentages of the total population. For example, white residents make up about 69.6% of total residents living in the Houston/Harris County area; yet they are only 39.6% of the homeless population.

Not only do African Americans have the greatest homeless proportion, but it likewise has the greatest proportion of homeless youths. Of the total amount of homeless youths, African

American youths make up about 65.1% of this population. This is more than three times greater than the total population. As shown in both figures 6 and 7, no other racial/ethnic group experiences such disproportionate disparities in homelessness.

Figure 7 Homeless Population by Ethnicity

### Individuals and Families at Risk of Homelessness

HUD defines those at risk of homelessness as individuals and families who have an income below 30% of the area median income (AMI), do not have sufficient resources or support networks to prevent them from becoming homeless, or live with instability, like moving two or more times during the last 60 days due to economic reasons.

Using HUD's 2014-2018 CHAS data, Houston has 136,630 households with incomes at or below 30% AMI, which is 16.1% of all Houston's households. Almost all households, 80.0%, with incomes at or below 30% AMI are renter households. As shown in Table 3 above, there are approximately 80,050 renter households that earn 30% AMI or under and have one or more severe housing problems, which could include housing cost burden, overcrowding, lack of kitchen facilities, or lack of plumbing facilities. These housing problems can lead to housing instability, especially for low-income households earning below 30% of AMI; therefore, these households are considered to be at risk of becoming homeless.

Figure 8 Renter Households Earning Below 30% AMI with Housing Problems by Race and Ethnicity

Non-Hispanic African Americans account for 35.4% of households earning below 30% AMI, which is the largest racial/ethnic group of households that are at-risk of homelessness. Since

this racial group only accounts for 20% of the total Houston/Harris County population (see figure 8), African Americans households at 30% AMI or below are disproportionately at-risk of homelessness. While the disparity is not as significant as African Americans, the proportion of Hispanic households at-risk of homelessness (44.4%) is larger compared to the percentage of Hispanics in the total Houston/Harris County population (43.3%).

### *Fleeing or attempting to flee domestic violence or human trafficking*

For HOME-ARP, this population includes any individual or family who is fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking. It includes cases where an individual or family reasonably believes that there is a threat of imminent harm from further violence due to dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return or remain within the same dwelling unit.

Since 2017, Houston has experienced an alarming rise in domestic violence reports. According to the Texas Council on Family Violence Annual Honor Victims report, the Houston-Harris County area has seen a 45% increase in reported domestic violence cases. Of the domestic violence cases in Texas during 2019, about 21% of those incidents occurred in the Houston/Harris County Area, but since COVID-19 in 2020, the number of domestic violence cases increased by 8.2%.<sup>1</sup>

According to the Texas Council on Family Violence (TCFV), the conditions of the coronavirus pandemic in 2020 increased isolation and economic stressors that compounded the impact of are fair housing barrier abuse, including frequency and severity of violence. They documented the highest number of intimate partner homicides in the last decade and a 23% increase in homicides between 2019 and 2020. This increase is also shown through the crisis response hotline calls from the Houston Area Women's Center which received a marked increase in calls in 2020 at 45,904 calls, compared to 2019 at 39,615 calls and 2018 at 36,471 calls.

The majority of family violence fatalities are women. In 2020, TCFV found that 183 women were killed by male partners, 40 men were killed by female partners, and 5 men and women were killed by a same sex partner. The victims ranged in age from 14 to 90 years old. In addition, according to the Domestic Violence Defense using data from the Texas Department of Public Safety, Harris County had more family violence incidents, at 41,300, than any other county in Texas in 2018. The next highest number of incidents occurred in Dallas County with 22,136 incidents and Bexar County with 15,242 incidents.

In the Houston Area Women's Center (HAWC) 2020 Annual Report, HAWC reported that the organization housed or assisted 4,178 families or individuals fleeing domestic or dating violence, sexual assault, or sex trafficking. Of those families or individuals assisted 4,000 received supportive services such as counseling, court and/or legal services, and case management. HAWC also assisted families and their households which included accompanying 399 survivors to the hospitals, housing 632 survivors, placing 557 survivors in safe harbor hotels, and providing

\$1.6 million in direct assistance, yet HAWC was only able to support 30% of families or individuals in need of their services.<sup>2</sup>

*Residents living in housing instability or in unstable housing situations*

HOME-ARP qualifying populations also include other populations who have previously qualified as homeless, are currently housed with temporary or emergency assistance, and who need additional housing assistance or supportive services to avoid a return to homelessness. In addition, HUD defines those at greatest risk of housing instability as households that have an annual income less than 30% AMI and are experiencing severe cost burden or have an income less than 50% AMI and meet a certain condition, like living in someone else’s home or living in a hotel due to an economic hardship.

Many renters in Houston experience varied housing challenges. Over half (59.6%) of all Houston renters have housing problems or severe housing problems. In CHAS data, HUD defines housing problems as a household that has one or more of the following: lacking a kitchen or plumbing, having more than one person per room, or being housing cost burdened at 30% of more. Of these problems, housing costs negatively impact most renters whose household income is at or below 50% AMI. About three in four (70.1%) renters earning at or below 50% AMI are either cost burdened or severely cost burdened.

The Houston-Harris County Emergency Rental Assistance Program launched in March 2021. As of October 28, 2021, 131,843 applications for assistance had been submitted to receive rent assistance because they were financial impacted by the COVID-19 pandemic, experienced housing instability, and whose household income was at or below 80% AMI. In addition, the Coalition, through the Community COVID Housing Program (CCHP), has housed 873 people experiencing chronic homelessness in permanent supportive housing, provided short term rapid re-housing for 2,674 people who have fallen into homelessness due to COVID-19, and provided diversion services to assist 2,224 people maintain or regain housing over the past year, from October 1, 2020 to October 20, 2021.

Figure 9 Renter Households Earning Below 50% AMI with Housing Problems by Race and Ethnicity

Housing instability is greater for populations of color, especially for Hispanics, irrespective of

<sup>2</sup> HAWC 2020 Annual Report (2020) Houston Area Women’s Center. [https://hawcdv.org/sdm\\_downloads/hawcs-fiscal-year-2020-annual-report/](https://hawcdv.org/sdm_downloads/hawcs-fiscal-year-2020-annual-report/).

race, and non-Hispanic African Americans. When comparing the proportion of residents in the two lowest income categories by race/ethnicity, Hispanics (49.7%) and African Americans (33.0%) have the highest proportion of residents with housing problems, as shown in Figure 9, demonstrating that these two racial/ethnic groups have the greatest propensity to experience housing instability. Both groups also experience housing instability at a disproportionately higher rate than other racial/ethnic groups.

This is the same for one of the severe housing problems, severe cost burden. Figure 10 also shows that Hispanic and African American households make up the greatest proportion of renter households earning below 50% AMI with severe housing cost burden. Of all the Houston renters earning below 50% AMI that are severely cost burdened, Hispanics are 44.3% of that population and African Americans make up 33.1%; together these groups equate to 77.4% of all severely cost burdened renters earning below 50% AMI. This shows that more resources are needed in communities of color to assist with lessening housing cost burdens.

Figure 10 Renter Households Earning Below 50% AMI with Severe Cost Burden by Race and Ethnicity

Many families may need more critical resources to help them achieve and maintain long-term housing stability, especially those who are Hispanic or African American. Rental assistance and wrap around or supportive services are indispensable services that can assist households who are living in housing instability or that have recently received housing assistance due to COVID-19 impacts.

**Describe the unmet housing and service needs of qualifying populations, including but not limited to:**

- Sheltered and unsheltered homeless populations;
- Those currently housed populations at risk of homelessness;
- Other families requiring services or housing assistance or to prevent homelessness; and,
- Those at greatest risk of housing instability or in unstable housing situations:

Many of the needs of the qualifying populations are similar and include the need for a flexible response system, available housing that is affordable, wrap around services, and supportive services or assistance that could prevent homelessness or greater housing instability. The

following reviews the needs of each qualifying population.

### *Homeless Populations*

People experiencing unsheltered homelessness are at great risk of continued harm due to higher rates of morbidity and mortality resulting from pre-existing health conditions, exposure to the elements, lack of access to healthcare, and elevated rates of hospitalizations with longer, more complex hospital stays. Long periods of living without shelter also put individuals at a greater risk of social isolation and the chance of victimization. The process of resolving unsheltered homelessness is much more complicated and takes longer compared to that for people receiving crisis shelter.

Houston has seen success in reducing the number of people experiencing literal homelessness by prioritizing the most vulnerable households first. This means that the CoC makes every effort to pair the Houston area's limited resources to those who are most vulnerable. Affordable housing paired with supportive services is the solution to homelessness, and the City continues to work to expand access to permanent supportive housing.

It is important to connect people to permanent housing with the right level of services to ensure their success. Housing options must be flexible, client-centered, easily accessible and paired with support services necessary to help clients remain in housing for the long-term. Returning to homelessness after a housing placement is re-traumatizing for the families and an inefficient use of assistance resources. The CoC's most recent 5-year plan outlines the strategies to address immediate unmet needs:

- Expand the supply of permanent supportive housing (PSH) to meet the current total system gap of 1,900 units for single adults and youth; this includes a place to live that is affordable paired with supportive services.
- Expand the annual supply of rapid re-housing to meet the current system gap of 1,165 annual slots for single adults, families, and youth; this includes a place to live that is affordable paired with supportive services.
- Secure resources to provide rehousing navigation support by recruiting and retaining a reliable supply of landlords and rental units.
- Implement a "moving on" strategy, targeting up to 20% of current PSH residents for transition to general population affordable housing, thus freeing up PSH for new tenants, which often requires access to affordable and/or subsidized units.
- Establish, support, and use all available homeless preferences for affordable housing resources and assets available through public housing authority (PHA) properties, multi-family developments, and Low-Income Housing Tax Credit developments.

In addition to the strategies to meet immediate needs listed above, both the housing response system and crisis response system must also be strengthened. To address these needs, the CoC has also identified the following ways to refine engagement strategies for people living unsheltered:

- Expand the number of outreach teams and staff to ensure appropriate coverage to all geographies throughout the CoC. Coordinate outreach teams to ensure standardization of outreach practices, schedules, and engagement strategies across all outreach efforts.
- Undertake proactive, non-punitive responses to outreach, which are critical when there are high numbers of people who are unsheltered to reduce significant dangers found at

- encampments.
- Expand crisis housing response to include a navigation/ engagement center for the most vulnerable unsheltered people who require specialized services to address comorbidities of mental illness, substance use disorders, chronic health conditions and prolonged social dislocation.
- Reduce barriers to existing crisis services by easing sobriety requirements and by easing restrictions that inhibit access for people with untreated behavioral health issues, couples, people with support animals, people of non-binary gender identity, and people needing extra space for storage of their belongings.
- Ensure expanded crisis housing capacity is accessible and targeted to special populations for whom there are not enough beds in current shelters. Target groups, including single people experiencing mental illness, developmental disabilities, and chronic health conditions. Crisis housing should be low barrier, enabling immediate access without preconditions such as requiring engagement in treatment, employment, or services.
- Leverage person-centered, housing-focused case management with enhanced training in evidence-based best practices (e.g., trauma-informed care, critical time intervention, motivational interviewing, and housing first strategies) for service delivery.

### *Individuals and Families at Risk of Homelessness*

Individuals and families at risk of homelessness may need housing assistance that could vary from eviction assistance, diversion assistance, or rent and utility assistance in addition to other types of supportive services. Households who need assistance with maintaining or regaining housing to prevent homelessness will benefit from targeted services, like diversion services. However, diversion services, for instance require specialized outreach and engagement services targeted to high-risk populations and geographies to ensure people and communities at highest risk for homelessness are engaged with housing supports before experiencing literal homelessness. Services that may be needed to assist individual and families at risk of homelessness include

- Short-term subsidies to defray rent and utility arrearages for families that have received eviction or utility termination notices or are experiencing a hardship that may lead to homelessness
- Security deposits and first month's rent to permit homeless families to move into their own apartment
- Light case management services geared towards problem solving and rapid resolution for people receiving diversion services
- Mortgage payments
- Rapid resolution case management and/or mediation services

### *Fleeing or attempting to flee domestic violence or human trafficking*

The City of Houston Mayor's Office of Human Trafficking and Domestic Violence recently formulated a comprehensive municipal response to human trafficking through engaging a 6-month analysis and stakeholder engagement period. The analysis found that survivors lacked easy access to short-term shelter and quick access to medical and psychological services. In addition, there were only informal networks to connect survivors to job opportunities. Without economic independence, many survivors are caught in abusive relationships and the gains they make with traditional social services are not fully realized. Creating better access to short-term

shelter and housing as well as increasing the supportive services available could help stabilize this qualifying population.

### *Residents living in housing instability or in unstable housing situations*

Residents who have been previously homeless or are currently using some type of rental assistance may need the assistance to continue for a short or long period of time. Funding existing services and housing assistance programs is important to the housing stability of these individuals and families. In addition, the City of Houston and surrounding region has a lack of quality affordable housing available for residents in need causing cost burdens leading to housing instability. There is also a need to assist residents living in unstable housing situations increase their income, build savings, and acquire assets through additional supportive services in the community. The HOME-ARP Consultation Survey found that fair housing barriers, barriers for persons with disabilities, and language barriers often impact the housing options available to these qualifying populations.

### **Identify and consider the current resources available to assist qualifying populations, including congregate and non-congregate shelter units, supportive services, TBRA, and affordable and permanent supportive rental housing:**

The City of Houston receives an annual allocation of almost \$45 million in federal formula grant funding, including the Community Development Block Grant (CDBG), the HOME Investment Partnerships (HOME) Grant, the Emergency Solutions Grant (ESG), and the Housing Opportunities for Persons Living with HIV/AIDS (HOPWA). HCDD utilizes this grant funding to assist families with obtaining affordable homes, supportive services, rental assistance, emergency shelter and other services. These services can and often benefit qualifying populations. For instance, although the City uses CDBG to fund public services to the greatest extent possible, which can help stabilize individuals and families by providing services like healthcare, childcare, job training, and homeless services, there is a cap of 16.77% of the total grant amount of CDBG that can be used for public services. The City works with community partners to leverage resources and build up systems to serve Houstonians.

Since March of 2021, HCDD has partnered with Harris County to serve the community with the Houston-Harris County Emergency Rental Assistance Program. This program provides comprehensive rental and utilities assistance to households who are at risk of losing their homes due to COVID-19. As of October 2021, the program was funded with over \$283 million. Although the current funds are expected to be exhausted by the end of 2021, there may be additional funding available over the next year to continue this program.

The Houston region also receives approximately \$42 million in Continuum of Care (CoC) funding annually. This funding helps to keep approximately 5,000 formerly homeless people housed. The CoC Program is designed to:

- Promote communitywide commitment to the goal of ending homelessness
- Provide funding for efforts by nonprofit providers, and State and local governments to quickly rehouse homeless individuals and families while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness
- Promote access to and effect utilization of mainstream programs by homeless individuals and families
- Optimize self- sufficiency among individuals and families experiencing homelessness

In addition to the annual CoC funding, the City provides additional resources to assist Houstonians that are part of the qualifying populations. The City is partnering with Harris County and the Coalition for the Homeless to effectively utilize CARES Act relief funding through the Community COVID Housing Program (CCHP). The CCHP announced a joint, \$65 million plan to serve 5,000 people experiencing homelessness by October 2022 to limit the spread of COVID-19 by permanently housing people who are currently experiencing literal homelessness (e.g., living in shelters, encampments or on the streets), as well as those who may fall into homelessness as a result of the economic effects of the coronavirus.

The CCHP began on October 1, 2020, and as of October 20, 2021, approximately 3,553 people had been housed through the CCHP. The CCHP focuses on using three primary interventions: (1) "Bridge" to PSH for those experiencing chronic homelessness, (2) Rapid re-housing for those who may fall into homelessness as a result of COVID, and (3) Homelessness diversion to help people immediately maintain or regain housing, so that they do not have to experience the trauma literal homelessness may cause.

The community is working towards solving homelessness with the current resources through the CCHP. The CCHP is expected to make a deep, and hopefully lasting, impact on homelessness in the CoC, and it is likely that there are fewer unsheltered persons counted in the 2021 PIT Count because of this program.

In addition to CCHP, The Way Home CoC was recently awarded \$10 million to end youth homelessness - the fourth-highest award in the nation. The Youth Homelessness Demonstration Program (YHDP) will provide our community with the funding, technical assistance, and flexibility to develop and implement a coordinated community approach to youth homelessness that matches the needs, assets, constraints, and preferences of our community stakeholders. Over the next several months, the CoC will work to form a YHDP workgroup in partnership with child welfare agencies, other community partners and most importantly, youth, to create a comprehensive community plan to address and end youth homelessness in our community. This work will help address one of the implement goals in the Coalition's Community Plan to build an equitable homeless response system that can effectively end youth homelessness.

### **Identify any gaps within the current shelter and housing inventory as well as the service delivery system:**

The Coalition, with the help of a consultant, identified permanent supportive housing and rapid rehousing as ways to address the gaps in the current shelter and housing inventory to best assist people experiencing homelessness. The following details immediate gaps in the homeless system:

- There is a current total system gap of 1,900 units for single adults and youth, which includes a place to live that is affordable paired with supportive services.
- There is a current system gap of 1,165 annual housing or shelter units for single adults, families, and youth, which includes a place to live that is affordable paired with supportive services.
- To allow for social distancing during COVID, the system's homeless response estimates a gap of 520 emergency shelter beds for youth and single adults, as well as a need for Diversion services to reduce inflow into homelessness.
- The increased service-levels and access to Diversion services are crucial to targeting

and preventing households from experiencing or returning to homeless.

The Houston housing inventory has a severe gap in the number of affordable homes available compared to those that are needed. The *2021 State of Housing in Harris County and Houston* finds that the affordability gap for renters is growing. Income continues to grow at a slower pace than housing process leading to Houston and Harris County's renter's being more cost burdened than renters in Dallas, Chicago and Atlanta. In 2019 the eviction filing rate was 8.8%, and the eviction rate was 4.5%, which is higher than many similar metro areas. The supply of affordable homes is not keeping up with demand, and higher land and construction costs may lead to an additional gap in the affordable homes that are needed.

The estimated gap of affordable rental homes that are needed in Houston, as shown in Table 3, is approximately 119,735 rental homes. Housing affordability in Houston and the surrounding region impacts the HOME-ARP qualifying populations, but also other low- and moderate-income households and other vulnerable populations, such as persons with disabilities and persons fleeing domestic violence, sexual assault, and sex trafficking. Through the stakeholder engagement during the development of the HOME-ARP Allocation Plan, stakeholders indicated the need for more available affordable housing, supportive housing, rental assistance, and the need for additional social services.

**Identify the characteristics of housing associated with instability and an increased risk of homelessness if the PJ will include such conditions in its definition of “other populations” as established in the HOME-ARP Notice:**

The number one indicator of households falling into homelessness from a place of housing instability is a previous history of homelessness. Homeless assistance is generally the last resort for households in extreme poverty with few resources of their own and limited connections to others who could offer temporary, emergency support. Additionally, when other systems of care, like hospitals, behavioral health settings, child welfare, and criminal justice systems, are unable to address the reasons why people cannot stay housed, people have no alternative than turning to the homeless response system.

To prevent people from falling into homelessness, public systems for justice, anti-poverty, prevention, health (including behavioral health), child welfare and affordable housing must use data to identify how people are falling into homelessness and target prevention strategies and policies to address these areas.

Additionally, families with children, or unaccompanied youth who are unstably housed and likely to continue in that state, including those people who are doubled up in other people's homes because they lack a home of their own, are not considered to be experiencing homelessness by the U.S. Department of Housing and Urban Development (HUD) and are not eligible for its homeless assistance. These same families are, however, considered to be experiencing homelessness by the U.S. Department of Education and are eligible for additional educational services and supports. People are considered to be “at risk of homelessness” if they are losing their primary nighttime residence, which may include a motel or hotel or a doubled-up situation, within the next 14 days and lack resources or support networks to remain in housing.

**Identify priority needs for qualifying populations:**

HOME-ARP qualifying populations often have many competing needs. In the HOME-ARP

Consultation Survey, stakeholders indicated a variety of needs for qualifying populations, including 1) housing, such as shelter, short-term housing, permanent supportive housing, and rental and utility assistance, and 2) supportive services, such as medical care, counseling, substance abuse service, case management, child care, transportation, legal services, and job training. The needs overlap but also vary amongst these populations, and the following information covers the priority needs for each of the qualified populations.

### *Homeless or At-Risk of Homelessness Populations*

HCDD has partnered with the CoC to identify and prioritize the needs of the homeless population in Houston. The CoC's Community Plan outlines goals that address the needs of homeless veterans, people experiencing chronic or near chronic homelessness, homeless families and youth. As identified in the Community Plan, families and individuals struggling with homelessness need an improved crisis response system.

Although the needs of each group generally overlap, each of these subpopulations may have greater needs than others. Those who are experiencing or are at-risk of homelessness need more affordable housing and shelter options that provide short-term, mid-term, and long-term interventions. Those who are at-risk of homelessness have a strong need for homelessness prevention and stabilizing services, while those who are currently homeless or experiencing chronic homelessness need more street outreach and case management services.

### *Domestic Violence Populations*

Families or individuals fleeing domestic or dating violence need increased safety measures to minimize risk of returning to unsafe residential environments. This qualified population has a critical need for temporary shelter for safe harboring and supportive services to help them transition into permanent supportive housing. Even while these families or individuals are need services to assist them with the legal advocacy, childcare, employment services, and case management.

### *Residents living in housing instability or in unstable housing situations*

Many residents who are living in unaffordable and/or unsafe homes have many needs and compounding challenges. These households need support with staying housed. While many families may gain stability through rental assistance, other families need more housing options that are safe and affordable. However, most of these households will also need a livable wage and supportive services to create long-term self-sufficiency.

### **Explain how the level of need and gaps in its shelter and housing inventory and service delivery systems based on the data presented in the plan were determined:**

The gaps in services and programs need to provide shelter, housing, and services were determined using data from multiple sources, including stakeholder and public engagement. The level of need for unsheltered and shelter households experiencing homelessness was determined by evaluating the number of unsheltered households and the level of resources available to adequately house the families or individuals with permanent supportive housing and critical long-term supportive services to achieve housing stability.

For households that are currently housed but have challenges maintaining their home, the level of need was measured by the amount of inventory that had affordable, safe, and adequate living conditions and the number of renter households that are experiencing severe housing cost burdens. These households need housing outcomes that help them stay housed without incumbering them with the cost of their home.

# HOME-ARP Activities

**Describe the method for soliciting applications for funding and/or selecting developers, service providers, subrecipients and/or contractors and whether the PJ will administer eligible activities directly:**

As with HOME funds, HCDD will use HOME-ARP funds to promote public/private partnerships as a vehicle for preserving and expanding the stock of affordable homes. HOME-ARP funds may be leveraged with private and public funding sources to support activities for supportive services, tenant-based rental assistance, and the development of non-congregate shelters. HCDD will continue to support eligible activities through partners, like the Houston Housing Authority and/or other agencies, to assist very low-income households.

HOME-ARP funds will be awarded to City departments or nonprofit or for-profit organizations, based on the merit of proposals received prior to or during the grant implementation period. For development activities and supportive services, greater preference is given to proposals that have other sources of equity and financing and are in line with HCDD’s priorities. The locations of activities will be determined after subrecipients are selected and prioritized.

**If any portion of the PJ’s HOME-ARP administrative funds were provided to a subrecipient or contractor prior to HUD’s acceptance of the HOME-ARP allocation plan because the subrecipient or contractor is responsible for the administration of the PJ’s entire HOME-ARP grant, identify the subrecipient or contractor and describe its role and responsibilities in administering all of the PJ’s HOME-ARP program:**

HCDD will not allocate any funds to a subrecipient or contractor to administer the entire HOME-ARP program.

## Use of HOME-ARP Funding

**Additional narrative, if applicable:**

Table 6 shows the proposed HOME-ARP budget, which indicates the amount of HOME-ARP funding that is planned for each eligible HOME-ARP activity type including administrative costs within HOME-ARP statutory limits.

**Describe how the characteristics of the shelter and housing inventory, service delivery system, and the needs identified in the gap analysis provided a rationale for the plan to fund eligible activities:**

HCDD has identified activities that will assist families and individuals of the most vulnerable qualified populations.

The gap analysis of rental units shows that there is a great need for affordable rental units because many households have housing problems, which includes affordability. Almost 30% of all renters in Houston cannot afford their home because they are either cost burdened or severely cost burdened. Cost burdened households spend between 30% and 50% of their income on housing cost while severely cost burdened households spend over 50% of their income on housing costs. Almost all (84.6%) renters who are at or below the 50% Area Media Income (AMI) are cost burdened or severely cost burdened.

Among the most vulnerable qualified populations in jeopardy of housing instability are families and individuals who have challenges with housing affordability. To help keep families housed, HCDD will fund activities that provide rental assistance to low- and moderate-income families. Tenant-based rental assistance will be administered by local non-profits or public agencies that support families or individual who are at-risk of homelessness.

Following the housing instability that was exacerbated by COVID-19, there is also critical need for permanent and temporary supportive housing. Unlike CDBG and HOME grants that do not provide an avenue for acquiring, developing, or rehabilitating non-congregate shelters, which leaves insufficient alternatives for temporary shelter, the HOME-ARP grant provides an opportunity to assist households with temporary supportive housing through the development of non-congregate shelters. These shelters will not only help those experiencing homelessness, but they will also assist families or individuals who are fleeing, or attempting to flee, domestic violence and sexual assault.

Many of the families or individuals who receive assistance to mitigate homelessness or flee violent circumstances require wrap-around services because of the compounding challenges they face. HCDD will support organizations that provide supportive services to help program participants achieve self-sufficiency.

# Preferences

## **Identify whether the PJ intends to give preference to one or more qualifying populations or a subpopulation within one or more qualifying populations for any eligible activity or project:**

After the housing crisis following COVID-19, the most vulnerable qualifying populations in Houston need support to improve their resiliency. These most vulnerable families and individuals experience compounded obstacles. Because of this, HCDD will give preference to these populations to help house or keep these families or individual housed through eligible activities such as non-congregate shelter, rental assistance, and supportive services.

Based on the need and gap analysis, HCDD will give the greatest preference to families and individuals that are experiencing or at-risk of homelessness when providing rental assistance or supportive services. Many homeless families and individuals have compounded challenges because homeless individuals are more susceptible to acute health concerns, physical or sexual assault, and drug and alcohol abuse, making them some of the most vulnerable populations. Assistance to provide housing or shelter will support these families or individuals leaving homelessness.

The second priority for rental assistance and supportive service activities will include individuals fleeing, or attempting to flee, domestic violence and sexual assault. With the increase in domestic violence following the COVID-19 pandemic, more families will require housing and supportive services because of the compounding challenges that come with fleeing violent circumstances.

## **If a preference was identified, explain how the use of a preference or method of prioritization will address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or category of qualifying population, consistent with the PJ's needs assessment and gap analysis:**

In order to improve the quality of life for program participants, HCDD will support organizations that prioritize families and individuals who are the most vulnerable within the qualified populations. These populations are likely to have great compounded challenges that require more intensive supportive services to achieve and maintain housing stability. These mid-term to long-term services require assistance transitioning to housing and providing permanent supportive housing, along with case management, healthcare, legal services, and other supportive services. With better housing options and wrap-around services, these families will have a higher likelihood of becoming self-sustaining over time.

In doing so, HCDD will utilize the Way Home's coordinated entry process (CE), which is known as the Coordinated Access System to determine the household eligibility and rank the priority need for homeless individuals and families receiving assistance with HOME-ARP funds. The Harris, Montgomery, and Fort Bend County Continuum of Care and The Way Home, with the input from area homeless providers, have established guidelines that outline the order of priority for housing homeless individuals and families.

To connect people with the appropriate housing intervention, HCDD's HOME-ARP subrecipients that will assist homeless populations will be required to utilize the Coordinated Access System

to implement triage, assessment, and referrals through Homeless Management Information System (HMIS). This will ensure that homeless individuals and families with the most severe needs are connected to the best diversion and homeless prevention program. The objective is to serve people who are not likely to end homelessness without support because they have been homeless for long periods of time and/or have a high utilization of crisis services like emergency rooms, jails, and psychiatric facilities and significant health or behavioral challenges such as substance use disorders or functional impairments.

The Coordinated Access System is an electronic assessment by which qualified populations will be evaluated based on the following criterion:

- length and frequency of homelessness
- physical and mental health status
- criminal history
- veteran status
- domestic violence experience
- substance abuse conditions
- and employment history

This assessment will help to determine the appropriate assistance, which might include housing assistance, supportive services, and/or referrals to other coordinated systems, and provide households with guided process to secure housing, and after applicants have been assessed, the agency will triage applicants using a Housing Prioritization Tool.

This tool will help prioritize families and individuals with higher vulnerability scores, with the maximum score allotted at 51. For instance, a chronically homeless individual or family with a disability, with the longest history of homeless, and with severe service needs – like physical health issues or substance abuse – would receive a higher vulnerability score between 28 and 51, deeming them chronically homeless. This family or individuals would be prioritized over an individual who is considered “literally homeless” under this system but does not have a disability and a shorter history of homeless. Figure 7 is a depiction of the how the qualified populations will be scored and prioritized.

Although this system primarily assists with homeless qualified populations, the Coordinated Access System also provides procedures on how to address the needs of homeless or at-risk individuals who are also Veterans or households seeking asylum for domestic/dating violence or sexual assault. These households will follow the same assessment and prioritization process but will also receive additional referred to specific services in accordance with their needs. The objective is to provide these households with the housing services and wrap-around services that they need to secure and maintain housing. More information about these referral procedures can be found in [The Way Home’s Coordinated Access System Operations Manual](#).

**If a preference was identified, describe how the PJ will use HOME-ARP funds to address the unmet needs or gaps in benefits and services of the other qualifying populations that are not included in the preference:**

Other qualified populations like veteran households or households who are at or below 50% AMI and experiencing housing problems will be eligible to receive rental assistance or supportive services. As stated in prior sections, these families and individuals have difficulty affording a rental home and have a great risk of having housing instability, and these challenges may be exacerbated by the COVID-19 Pandemic. HCDD will fund eligible activities that also support the stabilization of these households, which will alleviate affordability challenges, overcrowding, and unsafe living conditions.

## Appendix 5: ESG Written Standards

## ESG WRITTEN STANDARDS

### INTRODUCTION

City of Houston has developed the following standards for providing assistance with Emergency Solutions Grants (ESG) funds as required by 24 CFR 576.400 (e). These standards were created in coordination with the representatives of The Way Home Continuum of Care including: Harris, Fort Bend, and Montgomery County and the cities of Houston, Pasadena, and Conroe. They are in accordance with the interim rule for the Emergency Solutions Grants Program released by the U.S. Department of Housing and Urban Development on December 4, 2011 and the final rule for the definition of homelessness also released by the U.S. Department of Housing and Urban Development on December 4, 2011.

City of Houston expects that the standards will adjust through gained experience and data is collected from services provided with the Emergency Solutions Grants program. The Standards serve as the guiding principles for funding programs. These Written Standards outline the operations and process for carrying out each program component.

### DEFINITIONS

***Chronically Homeless*** – a homeless individual with a disability who lives either in a place not meant for human habitation, a safe haven, or in an emergency shelter, or in an institutional care facility if the individual has been living in the facility for fewer than 90 days and had been living in a place not meant for human habitation, a safe haven, or in an emergency shelter immediately before entering the institutional care facility. In order to meet the “chronically homeless” definition, the individual also must have been living as described above continuously for at least 12 months, or on at least 4 separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months. Each period separating the occasions must include at least 7 nights of living in a situation other than a place not meant for human habitation, in an emergency shelter, or in a safe haven.

***Continuum of Care (CoC)*** – the group composed of representatives of relevant organizations, which generally includes nonprofit homeless providers; victim service providers; faith-based organizations; governments; businesses; advocates; public housing agencies; school districts; social service providers; mental health agencies; hospitals; universities; affordable housing developers; law enforcement; organizations that serve homeless and formerly homeless veterans, and homeless and formerly homeless persons that are organized to plan for and provide, as necessary, a system of outreach, engagement, and assessment; emergency shelter; rapid re-housing; transitional housing; permanent housing; and prevention strategies to address the various needs of homeless persons and persons at risk of

homelessness for a specific geographic area.

**Emergency Shelter** – any facility, the primary purpose of which is to provide a temporary shelter for the homeless in general or for specific populations of the homeless and which does not require occupants to sign leases or occupancy agreements.

**Homeless Management Information System (HMIS)** – the information system designated by the Continuum of Care to comply with the HUD’s data collection, management, and reporting standards and used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at-risk of homelessness.

**Homelessness Prevention** – Housing relocation and stabilization services and short-and/or medium-term rental assistance as necessary to prevent the individual or family from moving to an emergency shelter, a place not meant for human habitation, or another place described in Homeless Category 1 of Appendix A: HUD Definition for Homeless.

**Private Nonprofit Organization** – a private nonprofit organization that is a secular or religious organization described in section 501(c) of the Internal Revenue Code of 1986 and which is exempt from taxation under subtitle A of the Code, has an accounting system and a voluntary board, and practices nondiscrimination in the provision of assistance. A private nonprofit organization does not include a governmental organization, such as a public housing agency or housing finance agency.

**Program Participant** – an individual or family who is assisted under ESG program.

**Rapid Rehousing**– Housing relocation and stabilization services and/or short-and/or medium-term rental assistance as necessary to help individuals or families living in shelters or in places not meant for human habitation move as quickly as possible into permanent housing and achieve stability in that housing.

**Service Area (applicable to Homelessness Prevention only)** – The Way Home Continuum of Care supports any agencies or services operated within the CoC’s jurisdiction of Harris, Fort Bend & Montgomery Counties and the cities of Houston, Pasadena and Conroe.

**Street Outreach** – Essential Services related to reaching out to unsheltered homeless individuals and families, connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility-based care.

**Subrecipient** – a unit of general-purpose local government or private nonprofit organization to which a recipient makes available ESG funds.

**Victim Service Provider** – a private nonprofit organization whose primary mission is to provide services to victims of domestic violence, dating violence, sexual assault, or stalking. This term includes rape crisis centers, battered women’s shelters, domestic violence transitional housing programs, and other programs.

## STANDARDS APPLICABLE TO ALL PROGRAM COMPONENTS

### ELIGIBLE ESG PROGRAM COMPONENTS

There are four (4) ESG Program Components:

1. Rapid Rehousing,
2. Emergency Shelter,
3. Homelessness Prevention and
4. Street Outreach.

Funds for ESG can be used to support any of the eligible components. The City of Houston gives priority to funding that supports securing housing options for homeless households and to support the expansion of rapid rehousing.

### ESG SERVICE

**Coordinated Access:** The City of Houston expects that all providers participate in the coordinated assessment system or an approved comparable system for Domestic Violence (DV) providers. The system consists of an electronic assessment system housed in the HMIS and is managed by a dedicated Project Manager through the CoC Lead Agency. Coordinated assessment uses a common housing assessment and triage tool to ensure that all homeless individuals are referred to the appropriate housing intervention. Coordinated assessment will be used as each housing intervention supported by ESG is fully integrated into the system referral process. Prior to full implementation of coordinate assessment, agencies can continue to accept direct referrals from individuals and other agencies.

**Verification of Homeless Status:** Project level staff are required to obtain documentation at project intake of homeless or at-risk of homelessness status. This status must be maintained in the client's file and available for monitoring as schedules. These Standards establish the order of priority for obtaining evidence [per 24 CFR 576.500 (b)] as: 1) third-party documentation, 2) intake worker observations, and 3) certification from the person seeking assistance.

**Designate staff members for CoC Provider Input forum:** Each agency will assign two representatives to the input forum, where at least one member (CEO/ED) has decision making capacity for the program. CoC Provider Input Forums will meet quarterly, or more often as required by current CoC policies, where providers give and receive information regarding CoC strategies and policies.

**Participate in any standardized training as designated by ESG funders and offered through CoC.** The CoC will provide a vetted and standardize training curriculum for all housing stability case managers. Training will be available for all agencies providing case management for housing based services. The curriculum and standards will be developed as a part of and in partnership with the Continuum of Care Technical Assistance plan from the Department of Housing and Urban Development. This will focus on the requirements of maintaining stable housing and ensure access to mainstream resources that will provide ongoing, continued and necessary support for households to gain and maintain stable housing.

## COORDINATING WITH MAINSTREAM AND TARGETED HOMELESS PROVIDERS

City of Houston expects that every agency that is funded through ESG will coordinate with and access mainstream and other targeted homeless resources. City of Houston will evaluate performance of each provider based on the outcomes achieved toward housing models adopted through the CoC Steering committee. These outcome measures will be used to evaluate program success annually. City of Houston will use this and other performance metrics to guide funding decisions for ESG funded programs. Required outcomes for each intervention around accessing mainstream resources will match the outcomes approved by the CoC Steering Committee annually.

## FAIR HOUSING ACT COMPLIANCE

The Department of Housing and Urban Development ("HUD") is responsible for enforcing the federal Fair Housing Act (the "Act"), which prohibits discrimination in housing on the basis of race, color, religion, sex, national origin, familial status, and disability. One type of disability discrimination prohibited by the Act is the refusal to make reasonable accommodations in rules, policies, practices, or services when such accommodations may be necessary to afford a person with a disability the equal opportunity to use and enjoy a dwelling. HUD and DOJ frequently respond to complaints alleging that housing providers have violated the Act by refusing reasonable accommodations to persons with disabilities. State and federal laws require entities to make reasonable changes to policies, practices, procedures and/or physical changes to housing units and/or buildings if such changes are necessary to enable a person with a disability to have equal access to the housing and/or building. Please note that such changes must be necessary as a result of the person's disability. To read more about what this policy entails refer to the link below:

[https://www.hud.gov/program\\_offices/fair\\_housing\\_equal\\_opp/fair\\_housing\\_act\\_overview](https://www.hud.gov/program_offices/fair_housing_equal_opp/fair_housing_act_overview).

Agencies receiving ESG Funds must have a policy in place for program recipients to request reasonable accommodations.

## EQUAL ACCESS TO HOUSING FINAL RULES

On February 3, 2012, HUD published a final rule in the Federal Register entitled Equal Access to Housing in HUD Programs regardless of Sexual Orientation or Gender Identity. The rule creates a new regulatory provision that generally prohibits considering a person's marital status, sexual orientation, or gender identity (a person's internal sense of being male or female) in making housing assistance available. Lesbian, gay, bisexual, and transgender people are guaranteed equal access to all housing for all types of housing (affordable, permanent, transitional and emergency) funded through HUD.

In addition to the final rule on Equal Access to Housing, HUD published a final rule in the Federal Register entitled "Equal Access in Accordance with an Individual's Gender Identity in Community Planning and Development Programs". This rule was published on September 21, 2016. This rule ensures that each individual in accordance with their gender identity will have equal access to housing and shelter programs administered by HUD. This rule creates a new regulatory provision that requires those entities that are receiving any HUD funding grant equal access to facilities, benefits, accommodations and services to individuals in accordance with the individual's gender identity and in a manner that affords equal access to the individual's family.

## WAIVERS

A Fair Market Rent Waiver is permission from an authorized HUD office to assist with rent payments above the established Fair Market Rent (FMR). It is considered an "exception" to established requirements. FMRs are used as a guide to determine the level of HUD subsidy for various programs such as the Emergency Solutions Grant (ESG). However, the FMR is not in itself the standard used for determining eligible rents. Each HUD rental assistance program is governed by its own set of statutes and regulations which determine how much rent HUD will pay.

Emergency Solutions Grant short- and medium-term rental assistance can be provided to eligible program participants only when the rent, including utilities (gross rent) for the housing unit does not exceed the FMR established by HUD for the MSA and complies with HUD's standard of rent reasonableness. HUD may consider waiver requests from ESG grantees to increase these rent limits. Subrecipients such as ACAM have requested and received waivers, but it should be noted that these waivers are time-limited (often, but not always, one year) and the requirement for rent reasonableness is not waived even when there is an FMR Waiver in place.

## **FMR Waiver for Hurricane Harvey-impacted Households Registered with FEMA:**

The restriction of rental assistance to units with rent at or below Fair Market Rent (FMR) is waived for households that have registered with FEMA as affected by Hurricane Harvey that are renting or execute a lease for any rent amount that 1) meets the rent reasonableness standard and that 2) becomes due between October 30, 2017, and the earlier of the end of the term of the vendor organization's ESG agreement or October 12, 2019, where the unit is located in an individual assistance county under FEMA-DR-4322 (Hurricane Harvey), or where the family was displaced by Hurricane Harvey, Irma or Maria. Case Managers must obtain a copy of the FEMA application and must document that the unit meets the rent reasonableness standard.

## **STANDARDS SPECIFIC TO EMERGENCY SHELTER**

### **ELIGIBILITY: HOMELESS STATUS**

Homeless clients entering into the shelter system must meet the HUD criteria for homelessness as either literally homeless (Homeless Category 1), at imminent risk of homelessness (Homeless Category 2), homeless under another federal statute (Homeless Category 3), or fleeing/attempting to flee domestic violence (Homeless Category 4).

For additional details related to the HUD definition of Homeless and applicability to each program component, see Appendix A and Appendix C.

### **ELIGIBILITY: INTAKE AND ASSESSMENT**

As already indicated above under Coordinating Assessment & Services, case managers will use the Continuum wide assessment tool to review client situation, understand eligibility, and begin the process of determining length of assistance. The tool may include an assessment form for diversion. Providers must enter data into HMIS or a comparable database for DV providers.

### **ELIGIBILITY: PRIORITIZATION & REFERRAL POLICIES**

Emergency shelters will prioritize individuals/families that:

- Cannot be diverted; and
- Are literally homeless; and
- Can be safely accommodated in the shelter; and
- Not in need of emergency medical or psychiatric services or danger to self or others.

Also note the following:

- Emergency Shelters cannot discriminate per HUD regulations
- There are no requirements related to ID, income or employment

- Transgender placement based on gender self-identification

## STANDARDS SPECIFIC TO HOMELESSNESS PREVENTION AND RAPID REHOUSING

### ELIGIBILITY: STATUS AS HOMELESS OR AT-RISK OF HOMELESSNESS

#### HOMELESSNESS PREVENTION

Individuals/families, who meet the HUD criteria for the following definitions, are eligible for Homelessness Prevention assistance:

- At Risk of Homelessness
- Homeless Category 2: Imminently at-risk of homelessness
- Homeless Category 3: Homeless under other federal statute and
- Homeless Category 4: Fleeing/attempting to flee DV (as long as the individuals/families fleeing or attempting to flee DV are **not** also literally homeless. If the individuals/families are also literally homeless they would actually qualify for rapid rehousing instead. See below.)

Additional eligibility requirements related to Homelessness Prevention include:

- **Proof of residence** within the City of Houston service area. A map for reference is included on page 21.
- **Total household income below 30 percent of Area Medium Income (AMI)** for the area at initial assessment. Clients must provide documentation of household income, including documentation of unemployment and zero income affidavit for clients without income.

#### RAPID REHOUSING

Individuals/families, who meet the HUD criteria for the following definitions, are eligible for Rapid Rehousing assistance:

- Homeless Category 1: Literally homeless
- Homeless Category 4: Fleeing/attempting to flee DV (as long as the individuals/families fleeing or attempting to flee DV are **also** literally homeless).

For additional details related to the HUD definition of Homeless and At Risk of Homelessness and applicability of these definitions to each program component, see Appendix A, B and C.

### ELIGIBILITY: INTAKE AND ASSESSMENT

Once Coordinated Access is available for all housing interventions, all clients must have an initial eligibility assessment and triage for appropriate housing by a specially trained housing assessor. All clients come through Coordinated Access and are assessed using housing triage tool in HMIS. Housing triage will identify, based on the standard assessment, individuals best suited for rapid rehousing. The standard assessment accounts for length and frequency of homelessness, physical and mental health status, criminal history, veteran status, domestic violence experience, substance abuse conditions and employment history.

## TARGETED POPULATIONS: CLIENT PRIORITIZATION

### HOMELESSNESS PREVENTION

Note that all targeted individuals and families described below have to meet the minimum HUD requirements for eligibility to Homeless Prevention.

City of Houston will use a shared assessment form that will target those clients with the most barriers to housing. Each barrier will have an allotment of points, and the higher score (and more barriers) the more likely the client will receive services. The assessment of barriers is based on an objective review of each client's current situation using the tool rather than the subjective opinion of a case manager assessing each client's needs. All clients must have a minimum score of 20 points to receive assistance. See Appendix D for a copy of the assessment form.

Additionally, City of Houston prioritizes clients who have previously received Rapid Rehousing assistance and are at risk of becoming homeless again regardless of barrier assessment score. These households will be identified and triaged through the Coordinated Access system.

### RAPID REHOUSING

Coordinated Access will prioritize individuals who are currently homeless but not in need of permanent supportive housing as eligible for rapid rehousing. This can include, but is not limited to individuals and households who,

- are first time homeless;
- have few recent episodes of homelessness; or
- are part of a family that is homeless.

It should be noted: rapid rehousing funds are directed to individuals with income or work history and skills that indicate employability.

## FINANCIAL ASSISTANCE

---

## DURATION AND AMOUNT OF ASSISTANCE

City of Houston, as part of the Way Home CoC, has adopted the CoC approved Housing Models and Business Rules to measure community outcomes for all housing interventions. The CoC requires that all subrecipients for ESG Rapid Rehousing funds use the CoC-wide assessment tools to determine the duration and amount of assistance. The tools do not dictate the amount of assistance that each household receives but guides the case manager and client to determine the appropriate amount of assistance for each household.

- All clients are assessed to determine initial need and create a budget to outline planned need for assistance.
- Agencies cannot set organizational maximums or minimums but must rely on the CoC standardized tools located in The Way Home CoC Rapid Rehousing Business Rules to evaluate household need.
- Through case management, client files are reviewed monthly to ensure that planned expenditures for the month validate financial assistance request.
- City of Houston expects that households will receive the minimum amount of assistance necessary to stabilize in housing.

Clients cannot exceed 24 months of assistance in a 36 month period. The Rapid Rehousing Business Rules outline the processes that require supervisory approval.

---

## PARTICIPANT SHARE

Participant share will be determined by use of common assessment and budgeting tools approved through the Continuum of Care. These tools will determine the monthly assistance amount and client contribution. Clients will participate in the development of their individual housing plan with a case manager based on client goals and shared goals for achieving housing stability. Case managers will use the housing plan to determine the client contribution based on monthly income. Clients are expected to contribute a portion of their income based on budgeting to ensure housing stability. Financial assistance is available for households with zero income. Details of when clients are terminated or redirected to a more appropriate intervention are outlined in the business rules.

## HOUSING STABILIZATION AND RELOCATION RELATED ASSISTANCE AND SERVICES

---

## REQUIRED SERVICES: CASE MANAGEMENT & CASE LOADS

The Continuum of Care requires that all clients are referred to a case manager through the coordinated assessment system. Coordinated assessment will triage homeless clients to rapid rehousing that are in need of short to medium term assistance based on individual experience and vulnerability. Coordinated Access Assessors will then directly refer to a rapid rehousing case manager based on client preference and program availability and vacancy. Case managers will perform an individual assessment to create a housing plan using the common assessment tools. This begins the process to rapidly re-house the homeless household as quickly and efficiently as possible.

Homelessness prevention clients must have an initial home visit when first approved for assistance and subsequent house visits with each recertification every three months. It is expected that case managers will conduct office visits with homelessness prevention clients between home visits, at least once per month. Case managers and program managers are encouraged to provide more than the minimum required services through case management.

Rapid rehousing case managers should maintain an average case load as identified in The Way Home Rapid Rehousing Business Rules. This will allow case managers to provide quality case management and ensure that services are targeted to individuals most likely to be successful with rapid rehousing assistance. As the rapid rehousing program for the continuum expands, this number may change.

Case management includes, but is not limited to:

- Housing assistance
- Home visits
- Office visits determined by client need and Other supportive services required by the housing plan.

As required by the Continuum of Care Housing Models, case managers are expected to follow up with clients that have successfully exited rapid rehousing case management at a minimum of 30 days after exiting the program. Clients who remain in housing for 90 days after exiting rapid rehousing, identified through HMIS, are categorized as stably housed.

Case management staff must communicate with the landlord and ensure that the landlord has an updated copy of the Rental Assistance Agreement. The agency paying rent will have the most updated Rental Agreement and work with all parties to ensure all are aware of anticipated changes to the participant rent share.

---

## REQUIRED SERVICES: HOUSING LOCATION SERVICES

Any subrecipient of ESG assistance must also agree to utilize and may contribute to the function of housing specialist for households receiving rapid rehousing. This role may be a part of case standard management duties or it may be a specialized position. Any subrecipient of ESG assistance must have staff, as part or all of their duties are, to find appropriate housing and develop relationships with affordable housing providers so that ESG clients have greater access to housing choice, rather than expecting clients to navigate the system on their own.

---

## REQUIRED SERVICES: INSPECTION AND LANDLORD AGREEMENT

Any unit that receives financial assistance through rapid rehousing must pass a Housing Quality Standards Inspection as outlined in the ESG regulations. The inspections will be conducted by a qualified agency with expertise in inspection. The process for scheduling and conducting an inspection is outlined in the rapid rehousing business rules.

Any unit that receives rental assistance payments through rapid rehousing must have an agreement in place between the rental assistance provider and the property. The rental assistance agreement details the terms under which rental assistance will be provided. A copy of the rental assistance template is included in the rapid rehousing business rules and outlines the requirements for rental payment as well as any notice to vacate or eviction by the owner.

---

## INELIGIBLE SERVICES: CREDIT REPAIR AND LEGAL SERVICES

While regulations do allow these services, City of Houston will not allow ESG funds to be used for credit repair and legal services as eligible activities, but may be used as match for ESG programs. These services are deemed ineligible activities locally. City of Houston has found limited access to this resource by clients and providers and will instead encourage the use mainstream service providers and establish them as part of the system of providers with formal relationship.

---

## OPTIONAL SERVICES: SECURITY/UTILITY DEPOSITS

Rental and utility deposits can be included in housing stabilization services as dictated by the housing stabilization plan. Rental and utility deposits can be included in lieu of or in combination with rental assistance for a unit. Requirements for inspections and rental assistance agreements for units with only security deposits are outlined in the rapid rehousing business rules.

- Security deposits can cover up to two months of rent.

---

## OPTIONAL SERVICES: RENTAL APPLICATION FEES

City of Houston expects that rapid rehousing navigation and location specialists will work closely with housing providers and establish trusting relationships among landlords in a way that will encourage property owners and managers to waive application fees for rental properties. To that end, application fees can only be provided for one application at a time; but note that this only limits the number of applications that require application fees. Case managers and housing specialists can and should work with clients and landlords to process as many free applications as possible.

## ELIGIBILITY: PERIODIC RE-CERTIFICATION

All case managers are required to re-certify clients based on the following schedule. At that time, a case manager may decide to extend, decrease or discontinue providing assistance.

Program Component	Schedule	Re-certification Criteria
Homelessness Prevention	Every 3 months	For both HP and RRH, to continue to receive assistance, clients must <ul style="list-style-type: none"> <li>• be at or below 30% AMI AND</li> <li>• lack sufficient resources and support networks necessary to retain housing without ESG assistance.</li> </ul> Families are required to provide information on income, assets greater than \$5,000, deductions, and family composition during the annual recertification process.
Rapid Rehousing	Annually	

## STANDARDS SPECIFIC TO STREET OUTREACH

### ELIGIBILITY: HOMELESS STATUS

Individuals/families who meet the HUD criteria for the following definitions are eligible for Street Outreach services:

- Homeless Category 1: Literally Homeless
- Homeless Category 4: Fleeing/attempting to flee DV (where the individuals/families also meet the criteria for Category 1)

In addition, individuals and families must be living on the streets or other places not meant for human habitation **and** be unwilling or unable to access services in an emergency shelter.

## TARGET POPULATION

Although the homeless population is considered a vulnerable population, street outreach activities should target those who are extremely vulnerable including youth and chronically homeless persons.

## ENGAGEMENT/COLLABORATION

The City of Houston requires that agencies conducting street outreach activities must engage with unsheltered homeless persons for the purpose of providing immediate support, intervention or connections with mainstream social service programs. The connection of any unsheltered person to an emergency shelter, supportive housing, and/or referral to social service agencies will serve as immediate support and intervention for housing stabilization or critical services.

Agencies are encouraged to use evidenced based practices for their street outreach efforts; including the Housing First Model that quickly connects individuals to permanent housing in the face of acute barriers to entry into housing programs. Additionally, the agencies will participate in the local Continuum of Care's Street Outreach Workgroup and utilize the Coordinated Access Assessment to identify barriers to housing.

## ELIGIBILITY: INTAKE AND ASSESSMENT

The City of Houston requires that agencies conducting street outreach activities must provide individuals and families with an assessment and enter data into HMIS or a comparable database for DV providers. The City of Houston encourages providers to develop relationships with unsheltered homeless persons that will help connect them with emergency shelter and housing services primarily through a referral to Coordinated Access.

## APPENDIX D: ELIGIBILITY CRITERIA AND PRIORITIZATION TOOL FOR HOMELESSNESS PREVENTION SYSTEM

### Eligibility Requirements

All potential clients will be screened for the following:

**Income** – Only households with income below 30% of the Area Median Income are eligible for Homelessness Prevention services (see Attachment A for income limits)

PLUS

**Trigger Crisis** – An event has occurred which is expected to result in housing loss within 30 days due to one of the listed reasons (see Attachment B for qualifying trigger crises)

PLUS

**No resources or support network to prevent homelessness** –No other options are possible for resolving this crisis. “But for this assistance” this household would become literally homeless—staying in a shelter, a car, or another place not meant for human habitation

OR

**Unaccompanied children and youth who qualify as homeless under another Federal statute** – See Runaway and Homeless Youth Act definition or Documentation for school district certification of homelessness (see Attachment C for other definitions of homelessness)

OR

**Families with children or youth who qualify as homeless under another Federal statute** –See Runaway and Homeless Youth Act definition or Documentation for school district certification of homelessness (see Attachment C for other definitions of homelessness)

PLUS

**Score of at least 20 points**—or 15 – 19 points with override sign-off (see Attachment D for score sheet)

## Attachment A

### 30% Area Median Income

HUD provides current information for income limits on the HUD USER website at <http://www.huduser.org/portal/datasets/il.html> . Note: The information that HUD provides on HUD USER website reflects data based on changes to the definition of “extremely low-income (ELI).” ESG recipients should continue to use data for Area Median Income (AMI) and not the new ELI data. For more information on this change, and to access the 30 % AMI tables, please refer to <https://www.hudexchange.info/news/impact-of-recent-changes-in-income-limits-and-utility-allowances>

## Attachment B

### Trigger Crisis

Will lose housing within 30 days due to one of the following:

- Moved twice or more in the past 60 days
- Living in the home of another person because of economic hardship
- Notified that right to occupy their current housing or living situation will be terminated within 21 days after date of application
- Living in hotel or motel and cost is not paid for by charitable organization or government program for low-income people
- Living in SRO or efficiency where more than 2 people live; or in a larger housing unit with more than 2 people per room
- Exiting a publicly funded institution or system of care
- Exiting a publicly or privately funded inpatient substance abuse treatment program or transitional housing program
- Living in rental housing that is being condemned by a government agency and tenants are being forced to move out

### Homeless Prevention Prioritization Scoring

#### Income Scoring:

- Rent burden at 66-80% of income... **5 points**
- Income at or below 15% AMI... **20 points OR**
- Income 16-29% AMI... **10 points**

#### 15% Area Median Income (2019)

1 Person Household	\$8,025	(\$669/month)
2 Person Household	\$9,175	(\$765/month)
3 Person Household	\$10,325	(\$860/month)
4 Person Household	\$11,450	(\$954/month)
5 Person Household	\$12,375	(\$1,031/month)
6 Person Household	\$13,300	(\$1,108/month)
7 Person Household	\$14,200	(\$1,183/month)
8 Person Household	\$15,125	(\$1,260//month)

#### Tenant Barriers/Risk Factors

##### Tenant Screening Barriers

**1 point per barrier**

- Eviction history
- No credit references: has no credit history
- Lack of rental history: has not rented in the past
- Unpaid rent or broken lease in the past (separate from current unpaid rent)
- Poor credit history: late or unpaid bills, excessive debt, etc.
- Past Misdemeanors
- Past Felony other than critical Felonies listed below
- Exiting criminal justice system where incarcerated for less than 90 days

- Critical Felony **5 points**  
(drugs, sex crime, arson, crimes against other people)
- Pregnant or has at least one child 0-6 **5 points**
- Head of household under 30 years old **5 points**
- Family experienced literal homelessness **5 points**  
in the past 3 years
- Only 1 adult in household **5 points**

**TOTAL**

## **Override**

If a household has 15 to 19 points but the agency believes there is a compelling reason to provide homelessness prevention services, the program can document reasons for overriding the score. The override must be signed off by an agency representative at a higher level of authority than direct service staff.

## Appendix 6: Public Hearing Summaries

### Overview

In addition to the multiple, ongoing avenues for residents to provide input on program initiatives, HCDD hosts two hearings both during the fall and spring. Public notices for both the fall and spring were published in the *Houston Chronicle* and *La Voz de Houston*, and the spring hearings were also published in the African American News, the Viet Moi, and the Korean Business Journal. The public hearings were also announced on HCDD's social media and its website at [www.houstontx.gov/housing](http://www.houstontx.gov/housing). Flyers publicizing the public hearings were sent electronically to over 2,500 email addresses of stakeholders and interested residents, as well as to city council members' offices.

The fall hearings were held on Wednesday, November 18, 2020 and on Thursday, November 19, 2020 through Adobe Connect. Both virtual meetings were accessible for persons with disabilities. CART (Communication access real-time translation) services for the hearing impaired as well as a Spanish interpreter were made available.

HCDD (HCDD) held two public hearings in the fall of 2020 in support of the development 2021 Annual Action Plan. The public hearings were held virtually to prevent the spread of COVID-19. HCDD staff presented information. The attendees also participated in roundtable discussions where they responded to open-ended questions about housing and other priority needs in their neighborhood and Houston, as a whole. HCDD staff facilitated the discussion and documented attendees' responses. The virtual public hearings were available on several visual and audio platforms. Both events were broadcasted live on HoustonTV (HTV), HCDD's Facebook Live, and HTV's Facebook Live from HCDD's Office while executing CART services remotely and having a language interpreter available. Each hearing was also audibly available in English and Spanish through a listen-live number.

The spring hearings were held on Tuesday, March 23, 2021 and on Thursday, March 25, 2021 through Microsoft Teams. Both virtual meetings are accessible for persons with disabilities. American Sign Language interpreters CART (Communication access real-time translation) services were provided for those who are hearing impaired. The hearings were also translated live in Spanish through a dial-in number.

In all advertising materials for the public hearings, HCDD publicized that accommodations (i.e. interpreter, sign language, or other accommodations) were available with upon request. Also, the advertising materials listed HCDD's Fair Housing Hotline as a resource for landlord/tenant or fair housing questions.

In the fall of 2021, HCDD held two virtual public hearings to discuss three topics (1) review of program performance, (2) the development of the 2022 Annual Action Plan and (3) the amendment of the 2021 Annual Action Plan to include the Draft HOME-ARP Allocation Plan. These public hearings were held on Thursday, November 4 and Wednesday, November 10, 2021. HCDD staff presented information with interactive polls, and the attendees participated in breakout groups where they answered open-ended questions about community needs and preferences as each group collectively worked towards "Building a Budget".

These hearings were held virtually on Microsoft Teams to continue to prevent the spread of COVID-19. Attendees were also able to call-in and participate audibly in both English and Spanish, and CART Services were also provided for those who are hearing impaired. HCDD also broadcasted the hearings live on HTV and HTV's and HCDD's Facebook Live, and following the events, the recordings of each public hearing were made available to the public to review on HCDD's website.

### Summary of Public Comments (Wednesday, November 18, 2020)

**Commenter:** Commenter stated that she grew up in Settegast, Kashmere Gardens, and Fifth Ward, areas delapidated housing and few economic opportunities. Commenter suggested that HCDD should post City jobs on community bulletins to present these paid opportunities in communities that HCDD serves and communities with disparate impact, which would improve the economic conditions of these and benefit the programs that HCDD provides. Commenter also suggested that each HCDD program participant needs case-by-case assistance. Commenter also stated that her recommendations regarding job opportunities and case management will provide true self-sufficiency, sustainability, and community buy-in due to true community engagement.

**Response:** HCDD's Section 3 Program helps low- and very-low-income residents and local businesses by fostering local economic development and individual self-sufficiency. HCDD also host Annual Career Fairs to help businesses and residents make connections helps open employment, training, and contract opportunities. HCDD appreciates the comment.

### Summary of Public Comments (Thursday, November 19, 2020)

**Commenter:** Commenter recommended that the City should build affordable homes with garages and houses with enough space. The City should also change its affordability period to 3 years for homeowners because 20 years is too long; this will help low- and moderate-income homeowners to build wealth.

**Response:** While HCDD's Home Repair Program and Harvey Homeowner Assistance Program currently have 20-year affordability/compliance periods for assistance provided to homeowners over \$80,000, a portion of the loan is forgiven each year the homeowner lives in the home and fulfills the agreement of the loan terms. In both programs, repair assistance up to \$20,000 has no affordability/compliance period. As future changes for the Home Repair Program are made, your comment will be considered.

### Summary of Public Comments (Tuesday, March 23, 2021)

**Commenter:** Commenter suggested that HCDD should consider using code enforcement improvements as a better metric for code enforcement activities.

**Response:** Metrics for the Annual Action Plan are guided by the U.S. Department of Housing and Urban Development's eCon Planning Suite Desk Guide, which dictates the City must report the number of homes visited. Since the actual code enforcement improvements would only capture part of the visits performed under the code enforcement program and because code enforcement improvements actually measure improvements made by individuals or entities—rather than HCDD, the number of code enforcement visits are a fuller measure directly corresponding to the work performed using CDBG funding. However, HCDD will explore new key performance indicators to measure code enforcement outcomes.

### Summary of Public Comments (Thursday, March 25, 2021)

**Commenter 1:** Commenter 1, a resident of Freedmen's Town, posed several concerns and questions. First, the Commenter asked if HCDD's Director had the final approval for projects exceeding \$1,000,000 or if certain projects were subject to Mayoral approval. Second, the Commenter asked how HCDD was working to keep property taxes low for

homeowners and reduce poverty. The Commenter stated that Freedmen’s Town has not received any funding from HCDD, even after submitting economic and social development proposals annually before the Mayor and City Council, and the commenter is concerned that only legal action will get the City to assist Freedman’s Town.

**Response:** HCDD’s projects or programs over \$50,000 must be approved by the City of Houston’s City Council.

The City of Houston is only one of several local taxing units that receive property taxes from property owners in Houston; other taxing units include the county, the school district, and special districts or taxing authorities, like the Port of Houston Authority and Houston Community College. The Harris County Appraisal District, not the City, sets the value of taxable property and collects property taxes each year. Changing the taxing structure would require changes to State policies.

HCDD provides several programs that help maintain the long-term housing affordability for Houston’s renters and homeowners. For example, HCDD partners with the Houston Community Land Bank to provide homeownership at affordable prices and lower the property tax amount due each year. HCDD also provides programs that help low- and moderated income, including some designed to alleviate poverty, including rental assistance, job training, youth enrichment, public/community facility development or improvements, homeownership assistance, and home repair.

Periodically HCDD issues Requests for Proposals or Notice of Funding Availability for housing, public facilities, or public services activities. To learn more about current funding opportunities, please visit: <https://houstontx.gov/housing/funding.html#nofa>. To learn more about the activities that are funded by HCDD, please visit: <https://houstontx.gov/housing/nonprofit.html>.

**Commenter 2:** A commenter from Acres Homes helps to build a better communication network between the City and community residents and asked for HCDD’s stakeholder contact for Acres Homes. The Commenter also wanted information about how residents can become advocates. The Commenter stated that although HCDD has created assistance programs, there is still much work to be done to alleviate homelessness and assist those who are at-risk of becoming homeless.

**Response:** There are many ways to get information about the HCDD’s programs and activities, including a monthly newsletter and other updates by email to all residents and stakeholders who sign-up (<https://houstontx.gov/housing/get-involved.html#contactUs>). HCDD also sends information through CitizensNet, which is the City’s electronic communication system and can also be accessed online (<https://www.houstontx.gov/citizensnet/>). Community advocates and stakeholders may also join the Housing Advocates Collective, which is a monthly meeting hosted by HCDD to open two-way communication with Houston’s community advocates (<https://houstontx.gov/housing/nonprofit.html>). Also, HCDD works closely with the Complete Communities staff and often asks for information to be distributed to residents within the Complete Communities, which includes Acres Homes. HCDD will continue to enhance its communication to residents and community stakeholders.

### Summary of Public Comments (Thursday, November 4, 2021)

**Commenter 1:** Commenter thanked City of Houston staff members who have provided equitable opportunities and forums to listen to community advocates’ concerns. The

commenter requested data regarding the Homebuyer Assistance Program by zip code to see if certain areas were disparately impacted and about the number of City employees who have benefited from the homebuyer's program. The commenter mentioned that this transparency is important for residents and stakeholders to see.

**Response:** Thank you for the acknowledgement of the City staff members who work diligently to provide open forums for residents and stakeholders to provide input on City programs and activities.

Every year, HCDD publishes the Consolidated Annual Performance and Evaluation Report (CAPER), which provides geodata regarding direct financial assistance that HCDD has provided to homebuyers. The Map of Direct Assistance to Homebuyers, as included in the [2020 CAPER](#), demonstrates the location of homebuyers assisted through HCDD programs and the type of funding that was used to assist homebuyers. Additional information about the location of Hurricane Harvey assistance can be found: <https://recovery.houstontx.gov/transparency/>. To view homebuyer assistance provided in prior years, you can view other CAPERs provided on the "Plans and Reports to HUD" page of the HCDD website: <https://houstontx.gov/housing/hud-reports.html>.

However, if you would like more in-depth information that is not available on the HCDD website, please submit a Texas Public Information Act (TPIA) request for records, using the online portal <https://www.houstontx.gov/pia.html#hcd> or by emailing [hcd.openrecords@houstontx.gov](mailto:hcd.openrecords@houstontx.gov).

**Commenter 2:** The commenter inquired about who monitors the compliance of HCDD programs and how to meet with HCDD staff to discuss funding opportunities and deadlines for nonprofits that construct youth centers and/or provide social services. The commenter also expressed concerns about previously submitted questions in writing and not receiving replies from HCDD leadership.

**Response:** HCDD monitors compliance internally and has three compliance teams which include Real Estate Compliance, Contract Monitoring, and Contract Compliance. To view our Compliance and Operations leadership team, please visit the Housing Website at <https://houstontx.gov/housing/leadership.html>, and for additional information about our Compliance Monitoring, please review section CR-40 of the [2020 CAPER](#).

Information about current and past funding opportunities for public services and public facility developments through HCDD are made available online on the HCDD website at <https://houstontx.gov/housing/funding.html>. You can also talk to program area specialists during HCDD's Virtual Community Office Hours every Wednesday from 1 pm to 4 pm by calling 832-394-6912. HCDD also hosts the monthly Housing Advocates Collective meeting for community partners and stakeholders who work to improve housing and community development in Houston.

To receive similar information for future events and funding opportunities, HCDD encourages residents, community partners, and stakeholders to [sign up for HCDD's monthly newsletter](#).

**Commenter 3:** Commenter 3 expressed concerns about public areas and bus stops that do not have enough lighting, especially under the Highway 59 underpasses in West Houston. The commenter said that HCDD should be mindful of these issues with nearby developments and in other areas like West Houston.

**Response:** Although HCDD is not responsible for lighting within the city or for lighting on private home developments, HCDD has funded street light installations to improve communities and also seeks to support developments that improve mobility and safety in the areas that it serves. HCDD will continue to support such developments to enhance the quality of Houston communities.

However, the Houston Public Works (HPW) Department's Traffic Operations team approves street light installation in the right-of-way (ROW) like those near bus stops and underpasses, and it is responsible for paying for the operation and maintenance of these street lights. For more information about HPW's Street Light program, please review the [Guidelines for Street Lighting Installation and Relocations](#), and you may also review HPW's [Street Light Request Application](#) process.

**Commenter 4:** The commenter stated that there are numerous social service organizations and nonprofit organizations that provide aid to low-income households, homeless persons, and residents that are at risk of homelessness and/or food insecure throughout Houston. However, the commenter noted that many of these resources, like job training programs, substance abuse programs, mental health programs, senior services program, are lacking in areas outside the city limits and are not available to the low-income residents residing in these areas.

The commenter stated that there are families in urban areas outside of the inner city who experience poverty and that these areas should be addressed.

**Response:** HCDD works diligently to provide many programs and services to residents throughout the city, which can be viewed through HCDD's interactive [Supportive Services Map](#) and maps in the [2020 CAPER](#). Many of the grant funding sources limit HCDD to provide assistance to families within the city limits, but many of the services are provided to income-eligible families regardless of where they live. In addition, HCDD extends its programs and services to areas that beyond Houston, where federal regulations permit.

For example, HCDD provides services to families and individuals who are living with HIV/AIDS within the Housing Opportunities for Persons With AIDS (HOPWA) Eligible Metropolitan Statistical Area (MSA), and the HOPWA MSA includes Harris County and 8 surrounding counties in the region. HCDD also coordinates with Harris County and the Coalition for the Homeless to provide programs and services to families and individuals who experience or are at-risk of homelessness. HCDD also coordinates activities for those experiencing or are at-risk of homelessness with the Way Home, which is a collaborative effort between in Houston, Pasadena, Conroe, Harris County, Fort Bend County, and Montgomery County to prevent and end homelessness. HCDD will continue these regional efforts and expand partnerships.

### Summary of Public Comments (Wednesday, November 10, 2021)

**Commenter 1:** Commenter 1, from the Near Northside neighborhood, stated that more transparency in the process is a goal. The commenter also discussed the new homes to be built in the neighborhood at Hardy Yards but raised concern about the process and the status of the development.

**Response:** The Hardy Yards Workforce Homeownership Development Program continues to make progress. The City acquired 10.697 acres of land at 800 Burnett Street to create affordable homeownership opportunities for Houstonians—making possible the development of quality, affordable homes in thriving communities. HCDD hosted several community meetings in-person and virtually during this

summer of 2021 for neighborhood residents to solicit feedback on the development. On December 9, 2021, HCDD staff hosted a NOFA Pre-Proposal Conference to cover project location, program requirements, and other program information. HCDD has requested proposals from developers, which are due by February 21, 2022. The selected Developer will build, market, and sell homes pursuant to certain terms and conditions and will be eligible for funding to assist with land, infrastructure, or home construction costs. All developments under the Hardy Yards Workforce Homeownership Development Program are expected to close by June 2024.

**Commenter 2:** Commenter 2 expressed that there is a lack of major grocery stores in the South Park neighborhood and inquired as to why his neighborhood does not have major grocers.

**Response:** HCDD acknowledges the lack of access to full-service grocery stores in many neighborhoods across Houston and will continue to work with community partners and developers to increase neighborhood amenities like grocery stores, parks/recreation facilities, and infrastructure. These initiatives will not only help address food deserts, but they will also promote economic development by increasing job creation and commerce in neighborhoods like South Park. HCDD will continue to work towards improving the quality of life for residents by developing or improving existing community facilities like grocery stores.

**Commenter 3:** Commenter 3, a representative of the International Management District, said there is a great need to provide healthcare and social services in languages other than English and Spanish. The commenter said there are over 80 registered languages just in that area of the city; yet, there is only one healthcare clinic that provides assistance in 35 languages.

The commenter also said that many individuals have autism or other Intellectual and Developmental Disabilities (IDD), and there is also a great need for more social services for individuals with IDD. The commenter also stated that there are break downs in the mental health system, and access to mental health services is limited for those who cannot afford it.

**Response:** HCDD has developed fair housing trainings for housing providers, other service providers, and other City Departments, which include training topics like assisting LEP residents, HUD compliance, and accessibility, amongst other fair housing topics. HCDD will continue to advocate for the use of multi-lingual materials and service providers to eliminate housing discrimination and improve access to services for those with no or limited English proficiency (LEP). The Mayor's Office of New Americans and Immigrant Communities also promotes assistance for LEP residents. Also, HCDD is committed to assisting people with disabilities and continues to provide funding for public services including mental health services and services that assist individuals with IDD gain employment.

**Commenter 4:** Commenter 4, a representative of the Urban Partnerships Community Development Corporation (UP CDC) and resident of the Greater Third Ward, called for a focus on economic development. The commenter said there should be more attention to job creation with good pay for people in neighborhoods like South Park and Third Ward to improve their quality of life. Initiatives that can match civic and public initiatives with funding source requirements would create quality jobs. The commenter added that it is pivotal and foundational for residents to be able to work and play in their communities. The East End Maker Hub has been really special, and duplicating that model in other neighborhoods would be paramount in developing economic efforts and would be a great use of funds.

**Response:** HCDD funded the development of the East End Maker Hub to drive economic development in the East End community. HCDD will continue to support the development or improvement of community amenities, like the East End Maker Hub and HEB at MacGregor, that not only revitalize communities but also create jobs and businesses.

**Commenter 5:** Commenter 5, a representative of the Zelma Street Mission within the Northline Neighborhood, reiterated sentiments about providing in services in other languages and increasing mental health services. The commenter added that the Northline neighborhood needs a SNAP match program. The commenter also stated that Super Neighborhood #45 has not been active for 20 years, and it is severely disadvantaged because voices from this community of color have not been heard. Although Northline is surrounded by other neighborhoods that are thriving, the residents are looking for more equitable resources so that vulnerable families can prevent gentrification. While the commenter attends Super Neighborhood Alliance meetings that discuss many issues, the commenter called for HCDD to work more with the Northline neighborhood and small faith-based organizations.

**Response:** HCDD appreciates the comment and will continue to improve its partnerships with community stakeholders and residents. Please stay connected to HCDD and receive information about our events and programs by joining HCDD's mailing list at <https://houstontx.gov/housing/get-involved.html#contactUs>, and join HCDD's monthly Housing Advocates Collective Meetings.

**Commenter 6:** As a resident of the South Park neighborhood, the commenter expressed concerns about South Park's deterioration and gentrification. There is a lack of neighborhood amenities like grocery stores, restaurants, and other businesses. Although the commenter acknowledged that the City has been working to provide other amenities like walkable trails, she also stated that these beautiful trails are not safe to walk. The commenter inquired about the City's plans to revitalize the area and options for improvement for the area residents.

**Response:** HCDD appreciates the comment. In an effort to protect life, health, and safety, HCDD has worked with homeowners in the South Park area to repair or rebuild their homes. HCDD seeks to revitalize areas and prioritize families that have been historically underserved. For example, HCDD recently completed the HEB in Third Ward and the TeloMarket in Fifth Ward. These kinds of developments bring economic development and create jobs for neighborhood residents, and HCDD will continue to explore ways to revitalize communities across the City and improve the quality of life for Houston residents.

RE: Comments on City of Houston HOME-ARP Allocation Plan  
Via email to [HCDDPlanning@houstontx.gov](mailto:HCDDPlanning@houstontx.gov)

Fair Housing Neighborhood Right (FHNR) Organization appreciates the opportunity to provide comments on the City of Houston HOME-ARP Allocation Plan. FHNR is a community group comprised of community members in low-income communities of color committed to ensuring our communities are included in decision-making processes that impact our communities. We understand some of the incoming ARP funds will be used to address homelessness in Houston, and we are taking this opportunity to underscore some of our concerns regarding the future allocation.

### **Community Members In Need**

Though the tables in the ARP Plan reflect the number of people and households to be served, we are concerned that this does not accurately account for the individuals and families within the City that are currently experiencing homelessness - especially given the ongoing fallout from COVID-19. Understanding these community members are in dire situations, there is great concern about learning about potential opportunities to be safely housed.

### **Procurement**

We encourage the City of Houston to lead a procurement process that is transparent, equitable, and inclusive. Community-based groups led by people of color and have established trust with very low-income community members should have viable opportunities to be funded and provide services to these communities. Often these groups are sought out for free counsel, while larger corporate and large nonprofit organizations reap the financial benefit. If they are genuinely committed to equity, The City must provide the same opportunities to community groups who have been doing the work for free for decades.

### **Facility Sitings**

FHNR is concerned about the siting of homelessness facilities identified in the ARA plan. Typically these facilities tend to be located in areas with high concentration of poverty, providing little to no social services or general support. These facilities should be equitably distributed in communities and not solely be concentrated in under-resourced and overburdened communities of color. To ensure equitable and transparent siting practices, the City should create and share a current map

of all homeless facilities and services within the City of Houston and identify what districts they are located in.

### **Program Success Metrics**

Clear metrics should be established to measure these developments' success and provide transparency in the funding, development, management, and operating processes. Current application processes are inconsistent and unnecessarily duplicative. Case management has been problematic in past programs, and many persons experiencing homelessness get lost during the process.

Additionally, significant steps should be taken to reduce barriers to access resources. Many community members lack updated identification, telephones, and phone access.

### **Regional Coordination**

Harris County is also taking steps to address homelessness. The City should take steps to coordinate with Harris County to establish wraparound and social service hubs in various communities throughout Houston and Harris County to deconcentrate homelessness and provide support to homeless individuals.

We hope that as the City is designing programs to address homelessness, our comments will be considered. Though we take strides to work alongside the City to bring issues to your attention, we also live within many of these communities directly impacted by homelessness. We want to ensure we collectively serve these populations with fair practices, actual access, and human dignity so that we all can have true opportunities to thrive.

Sincerely,

Fair Housing Neighborhood Rights Organization

Subject: Draft HOME-ARP Allocation Plan for the City of Houston

Dear Ms. Fontenot:

Thank you for comments regarding the City of Houston's Draft HOME-ARP Allocation Plan. We appreciate the expressed concerns regarding community needs, procurement standards, performance metrics, and regional coordination with respect to homelessness.

### **Community Members in Need**

HCDD strives to use the most current available data in its strategic plans, and the Draft HOME-ARP Allocation Plan ("Draft Plan"), in accordance with this standard, included the most current data that was available when the development of the Draft Plan began. For instance, the latest Point-in-Time (PIT) count was conducted in January 2021 during the COVID-19 Pandemic, and the 2021 PIT data was reported in Table 2 of the Draft Plan. However, Table 3 reported the latest 2013-2017 CHAS data that was available during the development of the Draft Plan. Unfortunately, data from 2020 and 2021 is not available; nevertheless, HUD recently released the 2014-2018 CHAS data, and HCDD staff has updated the Draft HOME-ARP Allocation Plan accordingly. Due to your comment, we will note in the plan that community advocates think amount of people estimated to be experiencing homelessness is undercounted.

### **Procurement**

The City of Houston's policies and procedures are available to the public and can be viewed at [www.houstontx.gov/policies/](http://www.houstontx.gov/policies/), including administrative policies like [Procurement Standards AP No. 5-7](#) and [Requests for Qualifications/Request for Proposals AP No. 5-10](#). These processes are structured to ensure that all City procurements are conducted in a fair, open, and transparent manner and to include suppliers and contractors that include minority, women, and small business enterprises (MWSBE). Opportunities to partner with the City are generally open to organizations irrespective of size or organization-type. HCDD will continue to use these standards as it supports community-based organizations, small contractors, and microenterprises through programs like the Fair Housing Ambassadors Program and the Harvey Economic Development Program.

### **Facilities for Homeless Services**

HCDD uses several formula grants, including the Community Development Block Grant (CDBG), the HOME Investment Partnerships Program (HOME), the Emergency Solutions Grant (ESG), and Housing

Opportunities for Persons with AIDS (HOPWA), to fund programs and activities that assist families who are experiencing homelessness or housing instability. Each year, the City includes maps showing the locations of its formula grant funded activities in the Annual Action Plan and Consolidated Annual Performance and Evaluation Report (CAPER). The [2021 Annual Action Plan](#) (“Action Plan”) includes maps that show locations of housing and supportive services funded in 2021 and illustrate program locations where families and individuals can seek homelessness or other services

- PY 2021 Direct Funded Public Service Activities (CDBG)
- PY 2021 Homeless Activities (ESG)
- PY 2021 Housing Opportunities for Persons With AIDS Grant (HOPWA)

The Way Home Continuum of Care, through the Coalition of the Homeless of Houston/Harris County (Coalition), is the largest funder of homelessness services in the Houston area and tracks the area’s homeless housing and services.

### **Program Success Metrics**

Every year, HUD requires the City of Houston to evaluate its formula funded programs using specific metrics, which can be found in the both the Annual Action Plan and CAPER. The CAPER reports the amount of funding utilized for each program during the respective program year and how many households or persons were assisted, as well as program process improvements that are anticipated for the upcoming year. Depending on the activity, HUD requires specific information for individuals or families assisted, which may include income and demographic information. To view the latest CAPER, please visit [www.houstontx.gov/housing/](http://www.houstontx.gov/housing/).

Additionally, HCDD has worked with agencies that administer programs to improve the application and reporting process and will continue to improve processes and procedures.

### **Regional Coordination**

The City of Houston and Harris County, along with 8 other regional counties, coordinate regional homeless activities through the Coalition of the Homeless of Houston/Harris County (Coalition). HCDD has recently partnered with Harris County and the Coalition by leveraging \$65 million to provide housing and supportive services to families experiencing homeless during the pandemic. Through this joint venture, navigation centers were also established throughout the City to help connect families and individuals to these services. HCDD also consulted with the Coalition to assess the regional needs and gaps in housing and services levels during the development of the Draft HOME-ARP Allocation Plan, and HCDD will continue to coordinate with its regional partners like the Coalition and Harris County to reduce homelessness.

### **Conclusion**

Your comments are greatly appreciated and will be included in our final HOME-ARP Allocation Plan to be submitted to the HUD. Please check the Housing and Community Development Department’s website for additional information on strategic planning documents at <https://houstontx.gov/housing/>.

Sincerely,

Derek Sellers

**WHEREAS**, the City of Houston’s Housing and Community Development Department (“HCDD”) requests approval and authorization from the City Council of the City of Houston (“City Council”) to submit the 2021 Annual Action Plan (“Plan”) to the United States Department of Housing and Urban Development (“HUD”), which includes proposed applications and budgets for the following entitlement grants to be awarded by HUD: Community Development Block Grant, the HOME Investment Partnerships Grant, the Housing Opportunities for Persons with AIDS Grant, and the Emergency Solutions Grant; and

**WHEREAS**, HCDD also requests City Council approval to accept the aforementioned federal grants, if awarded; and

**WHEREAS**, funding priorities under the Plan will include affordable home development, supportive services, infrastructure/neighborhood facilities, and economic development; and

**WHEREAS**, the goal of the Plan is to promote strategies that will: 1) preserve and expand the supply of affordable housing, 2) expand homeownership opportunities, 3) provide assistance to persons affected by HIV/AIDS, 4) reduce homelessness, 5) improve quality of life, 6) revitalize communities, 7) promote health and safety, 8) foster community economic development, and 9) promote fair housing; and

**WHEREAS**, the format and information presented in the 2021 Plan are based on federal guidance and requirements; **NOW THEREFORE**,

\* \* \* \*

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HOUSTON,  
TEXAS:**

**Section 1.** That the City Council hereby approves and authorizes the City of Houston ("City") to submit the Plan to the HUD, including the following 2021 grant applications and budgets (collectively, the "Applications"): 1) 47th Program Year Community Development Block Grant in the amount of \$24,822,902.00 (which amount includes \$157,395.00 in Program Income); 2) Home Investment Partnerships Grant in the amount of \$10,432,721.00 (which amount includes \$126,543.00 in Program Income); 3) Housing Opportunities for Persons with AIDS Grant in the amount of \$10,884,807.00; and 4) Emergency Solutions Grant in the amount of \$2,105,548.00; all in substantially the form attached hereto under **Exhibit "A"** and incorporated herein by this reference.

**Section 2.** That the Mayor is hereby designated as the official to accept the funds requested in the Applications, or a different amount awarded by HUD, for the purposes of the subject grant assistance programs, and the City Council hereby authorizes acceptance of such funds, if awarded.

**Section 3.** That the Mayor (or in the absence of the Mayor, the Mayor Pro-Tem) is hereby authorized to execute the Plan and Applications and all related documents on behalf of the City and to take all actions necessary to effectuate the City's intent and objectives in approving such Plan, Applications and related documents, or other undertakings in the event of changed circumstances. The City Secretary (or in the absence of the City Secretary, any Assistant City Secretary) is hereby authorized to attest to all such signatures and to affix the seal of the City to all such instruments. The City Attorney is hereby authorized to take all action necessary to enforce legal obligations under said contracts, agreements or other undertakings, without further authorization from City Council.

**Section 4.** That HCDD has considered comments and views of citizens received in writing, or orally at the public hearings, in response to the Plan and will make appropriate changes to the Plan prior to submission of same to HUD, as necessary. Public notice of the proposed Plan was given by publication in the Houston Chronicle on March 17, 2021; the applicable public comment period expired on April 16, 2021.

**Section 5.** That the City Council takes cognizance of the fact that in order to facilitate operations of the various City housing and community development programs, projects and activities, and to make adjustments occasioned by events transpiring during the year, some transfers will be necessary to and from some of the accounts contained within each of the grant application's budget as originally adopted. Accordingly, if the Mayor, through the Director of HCDD, designee, or successor, from time to time shall upon the review of each grant separately and individually determine:

- (1) that there are unexpended funds in a grant budget for one or more housing and community development programs, projects or activities, which could be transferred to another program year budget without creating deficits in the requirements for any housing and community development program, project or activity;
- (2) that all proposed transfers comply in all respects with all applicable federal laws and regulations;
- (3) that when a formal amendment is required this document and its attachment will serve as a transmittal to HUD in compliance with 24 C.F.R. §91.505(c), when applicable;
- (4) that a formal amendment may not be required by the United States Department of Housing and Urban Development nor the City Council of the City for such administrative and other minor changes to the budget; and

then, for all such administrative and other minor transfers, the Director of HCDD, his/her designee, or successor, may issue a request for the proposed transfer to the Director of the Finance Department. Upon receipt of such request, the Director of the Finance Department is hereby authorized to make transfers to and from said budget account or accounts in accordance with the request and to certify to the City Controller the amounts transferred and the accounts affected. Upon receipt of such certification, the City Controller shall treat such funds as if they had been so budgeted in the first instance.

**Section 6.** That the City Council authorizes the Director of HCDD or his or her designee or successor to make final adjustments to the Plan prior to its full execution, as may be required by HUD, without the necessity of returning to City Council for final approval.

**Section 7.** That there exists a public emergency requiring that this Ordinance be passed finally on the date of its introduction as requested in writing by the Mayor; therefore, this Ordinance shall be passed finally on such date and shall take effect immediately upon its passage and approval by the Mayor; however, in the event that the Mayor fails to sign this Ordinance within five days after its passage and adoption, it shall take effect in accordance with Article VI, Section 6, Houston City Charter.

PASSED AND ADOPTED this 21st day of April, 2021.

City of Houston, Texas, Ordinance No. 2021 - 1084

**AN ORDINANCE APPROVING AND AUTHORIZING THE SUBMISSION OF AN AMENDED 2021 ANNUAL ACTION PLAN TO THE UNITED STATES DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT, INCLUDING A HOME INVESTMENT PARTNERSHIPS GRANT-AMERICAN RESCUE PLAN (“HOME-ARP”) ALLOCATION PLAN AND AN APPLICATION AND BUDGET FOR THE HOME-ARP GRANT IN THE AMOUNT OF \$37,352,805.00; TO ACCEPT FUNDS FROM THE AFOREMENTIONED GRANT, IF AWARDED; CONTAINING OTHER FINDINGS AND PROVISIONS RELATING TO THE FOREGOING SUBJECT; AND DECLARING AN EMERGENCY.**

\* \* \* \*

**WHEREAS**, on March 11, 2021, the President signed into federal law the American Rescue Plan Act of 2021 (“ARP”), which provides over \$1.9 trillion in relief to address the continued impact of the COVID-19 pandemic on the economy, public health, State and local governments, individuals, and businesses; and

**WHEREAS**, to address the need for homelessness assistance and supportive services, Congress appropriated \$5 billion in ARP funds to be administered through the HOME Investments Partnerships Program (“HOME”) to perform four activities that must primarily benefit qualifying individuals and families who are homeless, at risk of homelessness, or in other vulnerable populations (“HOME-ARP”); and

**WHEREAS**, the activities to be performed under HOME-ARP include (1) development and support of affordable housing, (2) tenant-based rental assistance, (3) provision of supportive services, and (4) acquisition and development of non-congregate shelter units; and

**WHEREAS**, on April 21, 2021, pursuant to Ordinance No. 2021-273, the City Council of the City of Houston (“City Council”) approved and authorized the submission of the 2021 Annual Action Plan (“2021 Plan”), including an application and budget for the HOME Investment Partnerships Grant (“HOME”), among others, to the United States Department of Housing and Urban Development (“HUD”), and the acceptance of the funds, if awarded; and

**WHEREAS**, the City of Houston’s Housing and Community Development Department (“HCDD”) now desires to (1) submit an Amended 2021 Annual Action Plan (“Amended 2021 Plan”) to HUD, which includes a HOME-ARP Allocation Plan and an application (“Application”) and budget for HOME-ARP funds in the amount of \$37,352,805.00, and (2) accept funds from the aforementioned grant, if awarded; and

**WHEREAS**, the City’s Application estimates a total of \$37,352,805.00 in HOME-ARP funding to be received during the HUD Program Year 2021 (July 1, 2021 – June 30, 2022) and expended on the following activities:

<b>HOME Investment Partnerships Program – American Rescue Plan</b>		
<b>Activity</b>	<b>Grant Amount</b>	<b>Percent</b>
Acquisition and/or Development of Non-Congregate Shelters/Program Delivery	\$22,550,000.00	60.4%
Tenant-Based Rental Assistance	\$2,500,000.00	6.7%
Supportive Services	\$6,699,885.00	17.9%
Planning and Administration	\$5,602,920.00	15.0%
<b>Total</b>	<b>\$37,352,805.00</b>	<b>100.0%</b>

**WHEREAS**, the format and information set forth in the City’s Amended 2021 Plan to be submitted to HUD are based on federal guidance and requirements; and

**WHEREAS**, these changes to the 2021 Plan, including the Application and budget for the HOME-ARP Allocation Plan, are necessary to assist individuals or households who are homeless or at risk of homelessness, and other vulnerable populations; and

**WHEREAS**, in accordance with HUD’s Citizen Participation Plan regulations, the City is required to amend components of a Consolidated Plan/Annual Action Plan for a variety of reasons, including when a reallocation of funds increases or decreases the budget of an activity by more than twenty-five (25%) of the original budget, or when an activity is added to or deleted from the Plan; and

**WHEREAS**, HCDD has publicized in the Houston Chronicle its intent to amend the 2021 Plan and submit an Amended 2021 Plan, including a HOME-ARP Allocation Plan and the Application and budget for the HOME-ARP funds; and

**WHEREAS**, the final public notice period for the Amended 2021 Plan expired on November 19, 2021, at this time, comments from several citizens have been received, and any updates to HUD will follow, as necessary; and

**WHEREAS**, as stipulated by federal regulations, residents have 15 days to comment on the Amended 2021 Plan before it is approved by City Council, which 15-day review and comment period extended from November 4, 2021 through November 19, 2021; **NOW THEREFORE**,

\* \* \* \*

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HOUSTON, TEXAS:**

**Section 1.** That the City Council hereby approves and authorizes the City to submit the Amended 2021 Plan to HUD, including the HOME-ARP Allocation Plan, the Application and budget (as attached under **Exhibit “A”**) for HOME-ARP funds in the amount of \$37,352,805.00; and to accept funds from the aforementioned grant, if awarded.

**Section 2.** That the Mayor is hereby designated as the official to accept the funds requested in the Application, or a different amount awarded by HUD, pursuant to the Amended 2021 Plan.

**Section 3.** That the Mayor, or the Mayor’s designee, is hereby authorized to execute the Amended 2021 Plan, the Application and all related documents on behalf of the City and to take all actions necessary to effectuate the City’s intent and objectives in approving such Amended 2021 Plan, the Application and related documents, or other undertakings in the event of changed circumstances. The City Secretary (or in the absence of the City Secretary, any Assistant City Secretary) is hereby authorized to attest to all such signatures and to affix the seal of the City to all such instruments. The City Attorney is hereby authorized to take all action necessary to enforce legal obligations under said related contracts, agreements or other undertakings, without further authorization from City Council.

**Section 4.** That public notice of the Amended 2021 Plan was published in the Houston Chronicle from November 4, 2021 through November 19, 2021. HCDD has considered comments and views of citizens received in writing, or orally at the public hearings, in response to the Amended 2021 Plan and will make appropriate changes to the Amended 2021 Plan prior to submission of same to HUD, as necessary.

**Section 5.** That the City Council takes cognizance of the fact that in order to facilitate operations of the various City housing and community development programs, projects and activities, and to make adjustments occasioned by events transpiring during the year, some transfers may be necessary to and from some of the accounts contained within the Application as originally adopted. Accordingly, if the Mayor, through the Interim Director of HCDD, its designee, or successor, from time to time shall upon the review of each grant separately and individually determine, consistent with the mandates of ARP:

- (1) that there are unexpended funds in a grant budget for one or more of the programs, projects or activities, which could be transferred to another program year budget without creating deficits in the requirements for any housing and community development program, project or activity;
- (2) that all proposed transfers comply in all respects with all applicable federal laws and regulations;
- (3) that when a formal amendment is required, this document and its attachment will serve as a transmittal to HUD in compliance with 24 CFR § 91.505(c), when applicable;
- (4) that a formal amendment may not be required by HUD nor the City Council of the City for such administrative and other minor changes to the budget; and

then, for all such administrative transfers, the Interim Director of the Department of HCDD, his/her designee, or successor, may issue a request for the proposed transfer to the Director of the Finance Department. Upon receipt of such request, the Director of the Finance Department is hereby authorized to make transfers to and from said budget account or accounts in accordance with the

request and to certify to the City Controller the amount transferred and the accounts affected. Upon receipt of such certification, the City Controller shall treat such funds as if they had been so budgeted in the first instance.

**Section 6.** That the City Council authorizes the Interim Director of HCDD or his or her designee or successor to make final adjustments to the Amended 2021 Plan prior to its full execution, as may be required by HUD, without the necessity of returning to City Council for final approval.

**Section 7.** That there exists a public emergency requiring that this Ordinance be passed finally on the date of its introduction as requested in writing by the Mayor; therefore, this Ordinance shall be passed finally on such date and shall take effect immediately upon its passage and approval by the Mayor; however, in the event that the Mayor fails to sign this Ordinance within five days after its passage and adoption, it shall take effect in accordance with Article VI, Section 6, Houston City Charter.

PASSED AND ADOPTED this 8<sup>th</sup> day of December, 2021.

APPROVED this \_\_\_\_\_ day of \_\_\_\_\_, 2021.

**ASSURANCES - NON-CONSTRUCTION PROGRAMS**

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. ## HOME-ARP CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the participating jurisdiction certifies that:

**Affirmatively Further Fair Housing** --The jurisdiction will affirmatively further fair housing pursuant to 24 CFR 5.151 and 5.152.

**Uniform Relocation Act and Anti-displacement and Relocation Plan** --It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It will comply with the acquisition and relocation requirements contained in the HOME-ARP Notice, including the revised one-for-one replacement requirements. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42, which incorporates the requirements of the HOME-ARP Notice. It will follow its residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the HOME-ARP program.

**Anti-Lobbying** --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and program requirements.

**Section 3** --It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

**HOME-ARP Certification** --It will use HOME-ARP funds consistent with Section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) and the CPD Notice: *Requirements for the Use of Funds in the HOME-American Rescue Plan Program*, as may be amended by HUD, for eligible activities and costs, including the HOME-ARP Notice requirements that activities are consistent with its accepted HOME-ARP allocation plan and that HOME-ARP funds will not be used for prohibited activities or costs, as described in the HOME-ARP Notice.
