

Final Status

Case Management terminology describes the outcomes of reviews or investigations, with categories such as inactivated, closed, cleared, and suspended.

Inactivated

Incidents pending grand jury decisions, lab analysis, active warrants, or those where all leads are exhausted without an arrest or official NIBRS clearance

12%

13%

Closed

Incidents referred to other agencies, non-criminal incidents closed after review, and those closed by exceptional means per divisional SOPs.

—

Cleared

Incidents that were investigated and resulted in an official NIBRS clearance, such as an arrest, DA refusal, or lack of prosecution.

7%

Suspended

Incidents where patrol made an arrest or issued an emergency detention order and those with no workable leads for investigation.
